Looking For Friend:

"Ground Arms!" Bertha von Suttner,1892 **Quakerism; Or, The Story of My Life** Mrs. J. R. Greer,1852

McClure's Magazine ,1912 *The American Friend* ,1900 **My Mother/My Self** Nancy Friday,1997-09-08 When Nancy Friday began her research for *My Mother My Self* in the early 1970 s no work existed that explored the unique interaction between mother and daughter Today psychotherapists throughout the world acknowledge that if women are to be able to love without possessing to find work that fulfills them and to discover their full sexuality they must first acknowledge their identity as separate from their mother s Nancy Friday s book played a major role in that acceptance The greatest gift a good mother can give remains unquestioning love planted deep in the first year of life so deep and anassailable that the tiny child grown to womanhood is never held back by the fear of losing that love no matter what her own choice in love sexuality or work may be Through candid self disclosure and hundreds of interviews Friday investigates a generational legacy and reveals the conflicting feelings of anger hate and love the daughter s hold for their mothers and why they so often become that mother themselves **The Creeps** John Connolly,2013-10-22 In this delightfully imaginative novel once again hell threatens to break loose as Samuel Johnson and his ragtag group of friends must defend their town from shadowy forces more threatening than ever before In this clever and quirky follow up to *The Gates* and *The Infernals* Samuel Johnson s life seems to have finally settled down after all he s still got the company of his faithful dachshund Boswell and his bumbling demon friend Nurd he has foiled the dreaded forces of darkness not once but twice and he s dating the lovely Lucy Highmore to boot But things in the little English town of Biddlecombe rarely run smoothly for long Shadows are gathering in the skies a black heart of pure evil is bubbling with revenge and it rather looks as if the Multiverse is about to come to an end starting with Biddlecombe When a new toy shop s opening goes terrifyingly awry Samuel must gather a ragtag band of dwarfs policemen and very polite monsters to face down the greatest threat the Multiverse has ever known not to mention assorted vampires a girl with an unnatural fondness for spiders and highly flammable unfriendly elves The latest installment of John Connolly s wholly original and creepily imaginative *Samuel Johnson Tales* *The Creeps* is humorous horror for anyone who enjoys fiction at its best *If This World Were Mine* E. Lynn Harris,1998-06-15 Four friends all graduates of Hampton Institute keep a collective journal they call *If This World Were Mine* and share their personal diaries each month at a gathering filled with humor gossip and affirmation The four group members are as different as the seasons yet they all share a love of one another Yolanda a media consultant keeps it going on with a no nonsense attitude and independence that are balanced by the theatrics of Riley a former marketing executive whose marriage has reduced her to a kept woman with kids Computer engineer Dwight s anger at the world is offset by the compassion of Leland a gay psychiatrist whose clients make him question why God ever invented sex But after five years the once strong bonds of friendship are weakening and the group must handle challenges of work lost love and a stranger in their midst As the group members confront their true

feelings toward each other resentments and long held secrets surface and the stability of the group begins to disintegrate Is their past friendship strong enough to survive the future

How to Write a Novel in 90 Days Conrad Jones,2013-10-21 This concise guide tells you how to write a novel by using a systematic approach to writing This guide is written by an author not a guru A simple step by step breakdown of how to plan each day No fillers and no theory just the hard facts in a concise guide There are many guides about writing novels on the market but how many of them are written by prolific published authors The answer is not many How can anyone write a guide unless they have been through the writing process many times before The simple answer to this question is they can't because they cannot feed on their own actual experiences to help another writer to avoid the mistakes and pitfalls Most guides regurgitate information which they have picked up from creative writing books or sites How can they give you advice when they have never sat down and focused on creating a novel which will sell many times over Writing a novel is the same as any other task we undertake as individuals We have to learn how to do it in order to do it well When you first learn to drive you need lessons No one walks into the kitchen and creates a gourmet dish on their first attempt If you want a system to apply to writing a book then you need to take advice from an author who has taken years to develop the process via experience
