David Bowie , *Song and Circumstance* Sytze Steenstra,2010-03-30 For over three decades now David Byrne has been a leading light in American culture in popular music experimental theatre film television fine art and writing Based on the cultural capital he gained with his groundbreaking band Talking Heads Byrne is able to enter into collaborations with many artists some of popular fame Brian Eno and Jonathan Demme for example and others known best in more specialized circles such as Joseph Kosuth Twyla Tharp and Caetano Veloso The map of Byrne s collaborations including the casual and incidental ones reveals an ongoing effort to combine avant gardism with popular appeal This highly original and illustrated account of David Byrne s career is structured by choosing a specific abstract approach or a combination of two approaches for each chapter discussing the parallels and contradictions between such approaches to benefit the interpretation of Byrne s art As a result the fertile conceptual brew that characterizes Byrne s way of making art is present from the beginning while each chapter adds to thorough insight and developing perspective *Encyclopedia of Pop Music Aliases, 1950-2000* Bob Leszczak,2014-12-11 Recording Artists don t always enjoy success with their first release A hit record relies on any number of factors the right song a memorable performance a healthy promotional budget great management a spot of luck and even some intangibles Take choice of a name For a single artist duo vocal group or band the name can carry a lot of weight Some recording artists changed their name to appeal to an entirely different demographic like when country superstar Garth Brooks recorded as Chris Gaines to score on the pop charts The Beefeaters became the Byrds and they spelled the band name with a y in the wake of the meteoric success of the Beatles whose letter A turned the image of a nasty bug into something intriguing Paul Simon and Art Garfunkel amassed a litany of aliases Simon went by True Taylor Jerry Landis and

Paul Kane Art Garfunkel as Artie Garr together they were Tom Jerry before finally using their very ethnic sounding given names Bob Leszczak has amassed several hundred examples of musical pseudonyms in The Encyclopedia of Pop Music Aliases 1950 2000 describing the history of these artists from their obscure origins under another name to their rise to prominence as a major musical act Music trivia buffs rock historians and popular music fans will uncover nugget after nugget of eye opening information about their favorite acts and perhaps learn a thing or two about a number of other acts Leszczak goes the extra yard of gathering critical data directly from many of these famous recording artists through in person interviews and archival research Whether skipping around randomly or reading from cover to cover readers will find The Encyclopedia of Pop Music Aliases 1950 2000 a must have for that music library
