MacArthur, 2008-07-06 God is love It s the most basic definition of God in Scriptures but so profound that it s often misunderstood In this probing book a brilliant Bible expositor brings us into the very heart of God by answering such questions as If God is love how could He send anyone to hell What s the difference between the loving God of the New Testament and the angry God of the Old Testament If God is love why did He require His Son to die such a cruel death on the Cross How can God be both loving and jealous The author argues against the two polar views of God as a sentimental grandfather whose doting love could not bring him to punishment of the disobedient and God as an angry tyrant who would rule by threats Both extremes paint a distorted picture of God and further confuse the issue of understanding God s love Dr MacArthur writes He insists that what God loves is actually defined by what He hates and that neither His love nor His wrath can be understood in isolation from the other Although the author is clearly aware of the way great men have grappled with these issues in the history of the Church his doctrinal presentations arise more from the biblical text than from dogmatic theology He examines in detail the way John the apostle of love treats love in his First Epistle then fleshes out the doctrine of God s love in vivid representations of real people interacting with divine love *Deep Love 2* Santosh Chauhan, 2025-02-12 Yash had no problem in having vaginal sex with his mother but his thoughts about womb sex were different He did not want to have sex in the womb of his biological mother like Rakesh Disha s father also did not want Yash to commit the sin of womb marriage but no one can know about future events One day Yash realized his mother s deep love and decided to have Womb Marriage **Plato on Love** Plato, 2006-06-15 This collection features Plato s writings on sex and love in the preeminent translations of Stanley Lombardo Paul Woodruff and Alexander Nehamas D S Hutchinson and C D C Reeve Reeve s Introduction provides a wealth of historical information about Plato and Socrates and the sexual norms of classical Athens His introductory essay looks closely at the dialogues themselves and includes the following sections Socrates and the Art of Love Socrates and Athenian Pederastia Loving Socrates Love and the Ascent to the Beautiful The Art and Psychology of Love

of Thomas Aquinas Daniel Joseph Gordon, 2023-05-19 This book is an introduction to three questions on love according to
 St Thomas Aquinas Summa Theologiae I II qq 26 28 These three questions reflect on the nature of love q 26 the causes of
 love q 27 and the effects of love q 28 It is thus an introduction to the entire phenomenon of love both as a bodily passion and
 an act of the will The purpose is to present the Thomistic and broadly scholastic account of human and divine love from a

philosophical and theological perspective It aims to be a theological and philosophical study of the topic useful both for a graduate professional audience as part of an undergraduate or graduate course and perhaps for the educated reader The thesis of the book is that contrary to contemporary conceptions not all loves are created equal Some loves perfect us and some loves corrupt us The worth of a love depends on its object and end St Thomas thus presents an objective and teleological account of human and divine love that is of philosophical and theological interest The method is broadly exegetical presenting a careful reading of the text and supplying the philosophical and theological background which the text of Aquinas assumes The scope of the work is limited to three questions ST I II qq 26 28 References to interpretative disputes of Aquinas and references to further resources in the secondary literature will be mostly limited to the footnotes making the body of the text accessible to more readers **CSB Disciple's Study Bible** Robby Gallaty,CSB Bibles by

Sleep was viewed as a boon by the ancient Greeks sweet soft honeyed balmy care loosening as the Iliad has it But neither
was sleep straightforward nor safe It could be interrupted often by a dream It could be the site of dramatic intervention by a
god or goddess It might mark the transition in a narrative relationship as when Penelope for the first time in weeks slumbers
happily through Odysseus vengeful slaughter of her suitors Silvia Montiglio s imaginative and comprehensive study of the
topic illuminates the various ways in which writers in antiquity used sleep to deal with major aspects of plot and character
development The author shows that sleeplessness too carries great weight in classical literature Doom hangs by a thread as
Agamemnon in Iphigenia in Aulis paces restless and sleepless while around him everyone else dozes on Exploring recurring
tropes of somnolence and wakefulness in the Iliad the Odyssey Athenian drama the Argonautica and ancient novels by
