Armstrong, 2025-03-01 Most Bible readers know God is love 1 John 4 8 16 And most have heard the words of John 3 16 God so loved the world perhaps the best known verse in the entire Bible But few readers realize that these are perhaps the most daring verses in all the Scripture Why They tell us who God is and why we can trust him Yet very few Christians realize how much of what they believe about the nature of God is rooted in ideas foreign to divine love How did this happen What

can be done to change how we can relate to the God who is perfect and inexhaustible love John Armstrong shares a deeply personal story of his long slow journey to know and experience God as a compassionate and loving Father As a pastor trained in evangelical theology he came to know and experience the teaching of the whole church about God thus the story he tells will inform how you can know the God who is amazing love This readable primer will help you develop a doctrine that can free you from guilt fear and many misconceptions we have about God You will see that what you believe about God will truly affect everything else you believe **Fire of Love** Jean-Marie de la Trinite,2001-06 Fire Of Love is the song of songs of the soul s ascent to God and mystical transformation into God It is the universal story of human emergence into Divine

Metaphors of Anger, Pride and Love Zoltán Kövecses, 1986-01-01 This study is an attempt to uncover the structure of three emotion concepts anger pride and love The results indicate that the conceptual structure associated with these emotions consists of four parts 1 a system of metaphors 2 a system of metonymies 3 a system of related concepts and 4 a category of cognitive models with a prototypical model in the center This goes against an influential view of the structure of concepts in linguistics psychology anthropology according to which the structure of a concept can be represented by a small number of sense components

The Crucible of Love Pasquale De Marco, 2025-05-22 In this captivating exploration of love's many facets we embark on a journey to understand the complexities of this powerful emotion Through the stories of real people who have experienced love in all its forms we gain a deeper appreciation for the joys and challenges that love brings Love is not always easy It can be messy complicated and even painful at times Yet it is also one of the most rewarding experiences life has to offer When we open our hearts to love we open ourselves up to a world of possibilities We become more compassionate more understanding and more connected to others We find joy in the simplest things and we experience a sense of fulfillment that is unmatched by anything else Love is the driving force behind our greatest achievements It inspires us to reach for the stars and to make a difference in the world It gives us the strength to overcome obstacles and to persevere in the face of adversity Love is the glue that holds families and communities together It is the foundation of lasting friendships and the bedrock of strong marriages But what is love truly How can we define this elusive emotion Is it a feeling a choice or a combination of both Is it something that we are born with or something that we learn These are just some of the questions that this book explores Love is a universal experience yet it is also deeply personal In this book you will find stories of love that will resonate with your own experiences as well as stories that will challenge your assumptions about love You will read about couples who have overcome incredible odds to be together about people who have found love in unexpected places and about individuals who have learned to love themselves after years of self doubt Whether you are single in a relationship or somewhere in between this book has something to offer you It is an invitation to reflect on your own experiences with love and to deepen your understanding of this powerful emotion It is a reminder that love is always worth fighting for even when it is difficult If you like this book write a review on google books

Apocalypse Revealed Emanuel Swedenborg, 1875

Arcana Coelestia Emanuel

Swedenborg,1870 *Reading the Song of Songs with St. Thomas Aquinas* Serge-Thomas Bonino,2022-08-24 St Thomas Aquinas never commented on the Song of Songs The purpose of this book is to demonstrate however that he meditated on it and absorbed it so that the words of the Song are for him a familiar repertoire and a theological source His work contains numerous citations of the Song not counting his borrowings of vocabulary and images from it In total there are 312 citations of the Song in Aquinas s corpus along with citations of the Song that are found in citations that Aquinas makes of other authors as for example in the Catena aurea Understanding the purpose and placement of these citations significantly enriches our understanding of Aquinas as a theologian biblical exegete and spiritual master The book contains an Appendix listing and contextualizing each citation The study of the citations of the Song especially illuminates Aquinas s spiritual doctrine By citing the Song Aquinas emphasizes the spiritual life s path of dynamic ascent through an ever increasing participation in the mystery of the nuptial union of Christ and the Church through love The Song also highlights the eschatological tension or yearning present in the spiritual life which is ordered to the fullness of beatific vision Although Aquinas s theology is highly intellectual by citing the Song he brings out the affective character of the spiritual life and conveys the centrality of love in the soul s journey toward Christ He also draws together contemplation and preaching through his use of the Song
