Reckoning with Restorative Justice Leanne Trapedo Sims,2023-09-18 In Reckoning with Restorative Justice Leanne

Trapedo Sims explores the experiences of women who are incarcerated at the Women's Community Correctional Center the only women's prison in the state of Hawai'i. Adopting a decolonial and pro-abolitionist lens she focuses particularly on women's participation in the Kailua Prison Writing Project and its accompanying Prison Monologues program. Trapedo Sims argues that while the writing project served as a vital resource for the inside women it also remained deeply embedded within carceral logics at the institutional state and federal levels. She foregrounds different aspects of these programs such as the classroom spaces and the dynamics that emerged between performers and audiences in the Prison Monologues. Blending ethnography, literary studies, psychological analysis, and criminal justice critique, Trapedo Sims centers the often overlooked stories of incarcerated Native Hawaiian and Pacific Islander women in Hawai'i in ways that resound with the broader American narrative of the disproportionate incarceration of people of color in the prison industrial complex.

Come Matter Here Hannah Brencher, 2018-05-29. Come Matter Here is a call to stop putting your life on hold until someday and start digging your heels into the here and now to build the life God has designed for you. Life is scary. Adulting is hard. When faced with the challenges of building a life of your own, it's all too easy to stake your hope and happiness in someday. But what if the dotted lines on the map at your feet today mattered just as much as the destination you dream of? Hannah Brencher, TED Talk speaker and founder of The World Needs More Love Letters, thought Atlanta was her destination. Yet even after she arrived, she found herself in the same old chase for the next best thing somewhere else. And it left her in a state of anxiety and deep depression. Our hyper-connected era has led us to believe life should be a highlight reel where what matters most is perfect beauty, instant success, and ready applause. Yet as Hannah learned, nothing about faith, relationships, or character is instant. So she took up a new mantra: be where your feet are. Give yourself a permission slip to stop chasing the next big thing and come matter here. Engage the process as much as you trust the God who lovingly leads you. If you are tired of running away from your life or tired of running ragged toward the next thing you think will make you feel complete, Come Matter Here will help you do whatever it takes to show up for the life God has for you. Whether you need to make a brave U-turn, take a bold step forward, or finish the next lap with fresh courage, find fuel and inspiration for the journey right here.

Queer Opera Andrew Sutherland, 2023-03-27. In Queer Opera, Andrew Sutherland argues that operas often reflect characteristics of the society and episteme in which they are written, but that they also do much more than that: operas have agency. LGBTQ social, cultural, and political issues have become an increasingly defining feature of twenty-first century life, and as agency for change, composers have turned to opera to underscore the lived queer experience. Sutherland posits that operas written before the sexual revolution of the mid-twentieth century utilized a codified language both in the libretto and score, communicating with those observers open to a queer reading. He explores the growing trend of local, small-scale independent opera companies seen around the world towards the end of the first decade of the twenty-first century and argues that this has emboldened queer artists to reclaim opera as a queer space. He further argues that for several centuries, opera houses have been safe havens for

queer composers librettists performers and designers and yet it is only relatively recently that any serious attempt at queer representation in operatic works has begun to be realized In this book he examines narratives and music of selected operas to walk through queer history in Western societies and shines a light on how many of opera's well known characters based on historical figures who represent pivotal moments in the queer story are responsible in a variety of ways for the continued struggle for queer acceptance
