**How Our Love of Dogs Creates Social Conflict** James K. Beggan, 2022-09-07 For the last twenty thousand years, dogs and people have shared a unique bond in the animal kingdom. In *How Our Love of Dogs Creates Social Conflict*, James K. Beggan uses symbolic interaction to examine the meaning that dogs have for people as friends and family members. Although many animal rights advocates express dismay over the subordinate status ownership implies, the author argues that ownership creates a powerful psychological connection that makes it easier for people to imbue dogs with humanlike characteristics. Beggan outlines how dogs' sensitivity to inequity, in combination with a high degree of cognitive capacity, makes it possible for dogs to be active agents in creating conflict between people. The author's analysis of social conflict between people over their dogs connects to profound philosophical concepts about the nature of mind, the relationship between humans and animals, and the moral responsibility human beings have to dogs and other animals.

For the Love of Dogs June Whyte, 2024-02-14 When Molly Gibson, sensual romance writer but shyest and most insecure member of the Gumshoe Chicks, finds more than she bargained for in the Driscoll's dog trailer, the Chicks, Molly, Abi, and Dana swap show ring etiquette and grooming mitts for some deadly serious sleuthing. Their only clues are the blood-splattered dog grooming scissors found buried in a fellow competitor's chest, a husband blackmailing his wife, and a death threat written on a Betty Boop writing pad. As the Chicks investigate, they discover several suspects at the dog show have something to hide. Was the dead man really a serial Don Juan intent on taking every female show competitor over 30 to bed? Did the ostentatious poodle exhibitor lose his temper, decide to teach the victim a lesson, and go too far? Or was the female judge with the Gucci boots angry when the victim threatened to expose her infidelity? And who is that bad boy biker with the sea blue eyes and kissable lips, Molly, who has enough trouble resolving conflict in her fictional stories, is freaked out at the prospect of confronting a real-life antihero, a villain who's killed not once but twice, and if she doesn't apply her creative flair to unearthing the culprit, could easily kill again? Just when the Chicks think they know who the murderer is, Molly stumbles over another clue, proving them all wrong. With only a geriatric chihuahua and a hairless broom to work with, will she live to pass this message on to the others?
