Our Country/Whose Country? Richard Abel, 2023 The concept of settler colonialism offers an invaluable lens to reframe early westerns and travel pictures as re-enactments of the United States repressed past Westerns in particular propose a remarkable vision of white settlers westward expansion that reveals a transformation in what American Progress came to mean Initially these films tracked settlers moving westward across the Appalachians Great Plains and Rockies Their seizure of empty land provoked continual resistance from Indigenous peoples and Mexicans pioneers suffered extreme hardships but heroic male figures usually scattered or wiped out those aliens Some films indulged in nostalgic empathy for the Indian as a Vanishing American In the early 1910s westerns became increasingly popular In Indian pictures Native Americans ranged from devious savages victims of white violence and Noble Savages to in-between figures caught between cultures and mixed descent peoples partnered for security or advantage Mexicans took positions across a similar spectrum In cowboy and cowgirl films ordinary whites became heroes and heroines fighting outlaws and bandits like Broncho Billy underwent transformation into good badmen The mid to late 1910s saw a shift as Indian pictures and cowgirl films faded and male figures embodied by movie stars dominated popular series In different ways William S Hart and Harry Carey reinvented the good badman as a stoic if troubled figure of white masculinity In cowboy films of comic romance Tom Mix engaged in dangerous stunts and donned costumes that made him a fashionable icon In parodies Douglas Fairbanks subverted the myth of American Progress sporting a nonchalant grin of effortless self-confidence Nearly all of their films assumed firmly settled white communities rarely threatened by Indians or Mexicans Masked as Manifest Destiny the expropriation of the West seemed settled once and for all Our Country Whose Country offers a rich and expansive examination of the significance of early westerns and travel pictures in the ideological foundations of our country
