Arabic and Hebrew Love Poems in Al-Andalus Shari Lowin, 2013-11-20 Arabic and Hebrew Love Poems in al Andalus investigates a largely overlooked subset of Muslim and Jewish love poetry in medieval Spain hetero and homo erotic love poems written by Muslim and Jewish religious scholars in which the lover and his sensual experience of the beloved are compared to scriptural characters and storylines This book examines the ways in which the scriptural referents fit in with or differ from the traditional Andalusian poetic conventions The study then proceeds to compare the scriptural stories and characters as presented in the poems with their scriptural and exegetical sources This new intertextual analysis reveals that the Jewish and Muslim scholar poets utilized their sacred literature in their poems of desire as more than poetic ornamentation in employing Qur'anic heroes in their secular verses the Muslim poets presented a justification of profane love and sanctification of erotic human passions In the Hebrew lust poems which utilize biblical heroes we can detect subtle subversive and surprisingly placed interpretations of biblical accounts Moving beyond the concern with literary history to challenge the traditional boundaries between secular and religious poetry this book provides a new multidisciplinary approach to existing materials and will be of interest to students scholars and researchers of Islamic and Jewish Studies as well as to those with an interest in Hebrew and Arabic poetry of Islamic Spain *On the Way to Here* Phil Small, 2017-10-23

This book covers a great deal of ground spiritually philosophically and emotionally The subject matter is often weighty yet it doesn't feel like that at all no small feat when discussing the origins and cycles of life birth and death and everything in between Moving from the particular to the universal to that place where we are all one the author uses moments from his life experience to help us better understand and appreciate our own journey Often in an understated manner he points out that just below the surface of the ordinary lies this other world where the truly meaningful and abiding realities of our lives frequently go unnoticed He gently turns over the stones on our paths looking for the meaning hidden underneath often finding real gems You will meet yourself more than once in these pages

Property and Virginit

Agnes Siggerour Arnorsdottir,2010-05-31 Christianity changed the culture and society of Iceland as it also did in other parts of Northern Europe during the twelfth and thirteenth centuries One of the important areas of change involved the introduction of new rules on the legal requirements for marriage Property and Virginit examines Icelandic law codes marriage contracts and other documents related to court proceedings Based on extensive source material never researched before this pioneer study explores the very gradual Christianization of marriage in Iceland It shows that this process which lasted for hundreds of years had consequences for family and kinship politics for inheritance and property transfer and for gender relations As canon law began to change the old ritual of betrothal the virginal state of the woman entering marriage gained greater importance At the same time marriage in the Late Middle Ages continued to include many elements of its older understanding as a contract concerning property transfer between families A new perception of gender relations also arose whereby women became partners in the actual contract making The handshake was now between the husband and wife instead of between the father of the bride and her future husband The rituals connected to the different bonds gained new meaning marriage was no longer a financial matter alone but also involved religious beliefs and a closer union of the spouses
