Love And Eroticism:

The Double Flame Octavio Paz,1996 A collection of essays examines the themes of love and sex in literature from Plato to modern fiction The Double Flame Octavio Paz,2011-06-08 A discourse on the connection between sex eroticism and love in literature by the Nobel Prize winning poet and essayist Love and Eroticism Mike Featherstone,1999 Exploring the contested nature of love and eroticism this collection examines the ways in which erotic bodily pleasures have become central to contemporary consumer culture The Double Flame Octavio Paz,1996-06-01 *The Transformation of Intimacy* Anthony Giddens,1992 The sexual revolution an evocative term but what meaning can be given to it today How does sexuality come into being and what connections does it have with the changes that have affected personal life more generally In answering these questions the author disputes many of the dominant interpretations of the role of sexuality in modern culture The author suggests that the revolutionary changes in which sexuality has become caught up are more long term than generally conceded He sees them as intrinsic to the development of modern societies as a whole and to the broad characteristics of that development Sexuality as we know it today is a creation of modernity a terrain upon which the contradictory tendencies of modern social life play themselves out in full Emancipation and oppression opportunity and risk these have become a part of a heady mix that irresistably ties our individual lives to global outcomes and the transformation of intimacy We live today in a social order in which for the first time in history women are becoming equal to men or at least have lodged a claim to such equality as their right The author does not attempt to analyze the gender inequalities that persist in the economic or political domains but instead concentrates on a more hidden personal area in which women ordinary women in the course of their day to day lives quite apart from any political agenda have pioneered changes of great and generalizable importance These changes essentially concern an exploration of the potentialities of the pure relationship a relationship that presumes sexual and emotional equality and is explosive in its connotations for pre existing relations of power The author analyzes the emergence of what he calls plastic sexuality sexuality freed from its intrinsic relation to reproduction in terms of the emotional emancipation implicit in the pure relationship as well as women's claim to sexual pleasure Plastic sexuality is decentered sexuality freed from both reproduction and subservience to a fixed object It can be molded as a trait of personality and thus become bound up with the reflexivity of the self Premised on plastic sexuality the pure relationship is not exclusively heterosexual it is neutral in terms of sexual orientation The author speculates that the transformation of intimacy might be a subversive influence on modern institutions as a whole for a social world in which the dominant ideal was to achieve intrinsic rewards from the company of others might be vastly different from that which we know at the present The Philosophy of (erotic) Love Robert C. Solomon,Kathleen Marie Higgins,1991 Solomon and Higgins have chosen excerpts from the great philosophical texts and combined them with the most exciting new work of philosophers writing today It examines the mysteries of erotic love from a variety of philosophical perspectives and provides

an impressive display of wisdom that the world's best thinkers have brought and continue to bring to the study of love

The Double Flame Octavio Paz, 1996 **Love & Eroticism** Mike Featherstone, 1999-09-20 Exploring the contested nature of love and eroticism this collection examines the ways in which erotic bodily pleasures have become central to contemporary consumer culture *The Blue Flame and the Red Flame* Nisrine Jaafar, 2001 This study is an explorative journey into the realm of eroticism A primary emphasis is placed on the necessity to differentiate erotic experience from the pornographic one The claim here is that eroticism cannot unfold where the notion of an indispensable other and hence the element of love do not come into play Eroticism as this study will attempt to demonstrate is not a game to be played solo In the fire of desire eroticism or the red flame embraces recognition alterity mutuality empathy and unity all of which constitute the blue flame love Once both flames collide and dance together in celebration of sexual desire a new kind of reality unleashes In order to delve into erotic reality partners are supposed to transgresses everyday life and its binding confines How successful the endeavor turns will be depends on a couple's ability to slide in and out of both realities with subtlety and equilibrium Developing a theoretical framework based on the works of Bakhtin Paz Bataille Giddens and Gonzalez Crussi I review five Films Eyes Wide Shut Lolita Exotica The Lover and Kama Sutra A Tale of Love These films debate the issues of eroticism love taboo and obsession in different but illuminating ways expand our understanding of heterosexuality and explore the relationship between the blue flame of love and the red flame of eroticism **Erotic Love in Sociology, Philosophy and Literature** Finn Bowring, 2019-08-22 Why is love taken for granted as a part of human experience And why is sexual or romantic love in particular so important to us This book aims to find out tracing the intellectual history of sexual love from the ancient Greeks to the modern day Erotic Love in Sociology Philosophy and Literature shows how discourses of love have intersected with social and cultural trends as well as with personal events and experiences Beginning with the queering of love in Greek antiquity it looks at how sexual love has been sung about fictionalized and theorized as a cornerstone of the formation of Western culture From the courtly love of twelfth century troubadours and the rise of affective individualism in the eighteenth century to the way the novel helped catalyze and crystallize the hopes and contradictions of love and marriage these are decisive episodes in the history of romantic love Lastly the book deals with how sociologists and feminist theorists have made sense of the liberalization of sexuality over the last fifty years especially given the post romantic pragmatism of commercialized dating practices Arguing against the over rationalism of intimate life Erotic Love in Sociology Philosophy and Literature recognizes the need to liberate love from patriarchal racist and homophobic prejudices and highlights the value of literary and sociological traditions to emphasize how they dignify the rhapsodies and the sufferings of love **The Erotic rEvolution** Pulpan Loredana, 2025-02-20 Eroticism is undoubtedly a fascinating topic that has left a deep imprint on our lives since childhood and continues to influence both our present and future Our relationship with eroticism is shaped by the beliefs formed in adolescence youth and early adulthood as well as by the more or less happy

experiences we have had along the way Perhaps we've never truly given ourselves the chance to reflect or to seek the truth within What does eroticism mean to me Why do I feel the need to make love The Erotic rEvolution invites you to venture deeper into your own essence and discover the answers to these fundamental questions The Erotic rEvolution is a journey into the vast and often unknown world of eroticism an essential yet underexplored theme This book dismantles the myths and taboos that limit spiritual growth through eroticism and encourages you to rethink your values and your perspective on your own sexuality In the pages of The Erotic rEvolution you will uncover the mysteries of intimacy and relationships as well as valuable tools to learn the art of making love You will understand what erotic maturation means the therapeutic role of eroticism and how you can transform and improve your love life The Erotic rEvolution is a rich profound and deeply evocative book It beautifully weaves together spirituality sensuality and emotional intelligence creating a tapestry that speaks to the complexity and depth of human relationships and eroticism The language is poetic and vivid drawing the reader into a reflective space while the content challenges societal norms and invites a deeper understanding of love intimacy and connection It feels both personal and universal offering a blend of wisdom from ancient traditions like Tantra and Taoism while remaining relatable to modern audiences The structure allows for practical insights philosophical musings and a call to explore one's inner and relational worlds more authentically It's thought provoking and transformative perfect for those seeking not just information but a journey into the heart of love and erotic fulfillment In The Erotic rEvolution you will explore my dear reader profound concepts of sexual energy spiritual transcendence and how to deepen the bond with your beloved through conscious touch sacred eros and intimate communication The Erotic rEvolution offers a unique perspective on love and desire drawing on ancient wisdom and modern insights Discover how to Reawaken the spark of erotic passion through conscious caressing and emotional connection Harmonize energy between beloveds creating an intimate space for both physical and spiritual growth Understand the importance of touch foreplay and erotic longing as tools for cultivating a deeply fulfilling love life Break free from societal conditioning around sexuality and embrace the full expression of your eroticism as a force of life Whether you're a seasoned practitioner of intimacy or new to the world of conscious love The Erotic rEvolution provides practical insights and exercises to enhance your relationship creating a deeper more passionate connection that transcends the physical Perfect for couples looking to reignite their love life or individuals eager to explore their own erotic potential this book invites you to embark on a journey of rediscovery intimacy and sacred union Experience the power of love in its purest most sacred form

Love and Sexuality in Social Theory Emiliano Bevilacqua, Mariano Longo, Michael Hviid Jacobsen, 2024-11-27 Love and Sexuality in Social Theory considers the role that love and sexuality play in private and public life Drawing on both classical and contemporary social theory this book presents both theoretical and empirical studies of love and sexuality as social factors from the earliest reconstructions of modern emotional life to the most recent analyses of liquid love With attention to the consequences that passions and desires have both on morals and

behaviour it departs from the analysis of society in terms of the division of labour and utilitarian mechanisms to consider how a society based on performances values human energy and emotional behaviour in a contradictory way This book therefore presents and discusses classic authors from Georg Simmel and Pitirim Sorokin to Marianne Weber and Simone De Beauvoir through the work of Erving Goffman and ending with contemporary authors such as Michel Foucault Anthony Giddens Zygmunt Bauman Ulrich Beck and Eva Illouz By presenting love as the social foundation of altruism an essential element in modern conceptions of subjectivity and a force shaping intimacy and contemporary social life this book will appeal to scholars of sociology particularly those interested in social theory and the sociology of emotions **Love and Lust** Pavan K. Century to their core They had strikingly different inspirations and yet the two waves of thought became merged as both movements flourished The present collection of research devoted to these movements and their unfolding interaction is now especially revealing The studies in this first volume to be followed by two succeeding ones range from the predecessors of existentialism Kierkegaard Jean Wahl Nietzsche to the work of its adherents Shestov Berdyaev Unamuno Blondel Blumenberg Heidegger and Mamardashvili Dufrenne and Merleau Ponty to existentialism's congruence with Christianity or with atheism Among the leading Husserlian insights are treated essence and experience the place of questioning ethics and intentionality temporality and passivity and the life world The following book will uncover the perennial concerns guiding the wondrous interplay of these two inspirational sources Love Or Greatness (Routledge Revivals) Roslyn Wallach Bologh,2009-12-15 This work first published in 1990 reissues the first thorough examination of the essentially masculine nature of Max Weber's social and political thinking Through a detailed examination of his central texts the author demonstrates Weber's masculine reading of social life and shows how his work advocates a masculine form of life that poses a challenge to contemporary women and to feminism In particular she addresses the patriarchal implications of Weber's belief in the need to relegate the ethic of brotherly love to a private sphere in order to make possible rational action and the achievement of greatness in the public sphere **Love & Language** Ilan Stavans,Lewis-Sebring Professor in Latin American and Latino Culture Ilan Stavans, PhD,Verónica Albin,2007-01-01 Surprising readers again and again cultural critic Ilan Stavans creates a dialogue with Vernica Albin to explore love in its many variations *Therapeutic Love and Heartfulness* Gerry McNeilly,2025-03-14 This book introduces the concepts of therapeutic love and heartfulness combining models of group analysis art therapy and individual psychotherapy to present a new psychotherapeutic framework where non erotic love is engendered and evoked within therapeutic encounters The heart has often been conceptualised as symbolic of sexuality and eroticism with little meaning beyond the romantic and therefore often removed from psychotherapeutic perspectives Responding to this the author calls for placing the heart as the central point of reference in therapeutic work emphasising how it is touched during a therapeutic session This in turn gives way for the therapist's own emotions and thoughts such as empathy identification concern protectiveness and laughter to be released Building upon the author's 40 years of experience in practice and new developments in these models this book meanders through evolving theories and integrates them for both patients and trainees across backgrounds and cultures Enriched with the author's personal clinical vignettes and unique influences of music art golf and even Ireland this book aims to give a greater voice to the patient and their heart within the therapeutic space This book is essential reading for any counsellor therapist or analyst and offers a new way of looking at therapeutic endeavours across methodologies in all their simplicities and complexities **The Erotic Motive in Literature** Albert Mordell,1919 **Love, Lust, Desire** Michelle Olley,2001 Love Lust Desire is the ultimate book of erotic photography featuring the best work of the leading erotic photographers These photographs celebrate the
