Cybercrime Susan W. Brenner, 2010-02-26 This fascinating and timely book traces the emergence and evolution of cybercrime as an increasingly intransigent threat to society Cybercrime Criminal Threats from Cyberspace is intended to explain two things what cybercrime is and why the average citizen should care about it To accomplish that task the book offers an overview of cybercrime and an in depth discussion of the legal and policy issues surrounding it Enhancing her narrative with real life stories author Susan W Brenner traces the rise of cybercrime from mainframe computer hacking in the 1950s to the organized professional and often transnational cybercrime that has become the norm in the 21st century She explains the many different types of computer facilitated crime including identity theft stalking extortion and the use of viruses and worms to damage computers and outlines and analyzes the challenges cybercrime poses for law enforcement officers at the national and international levels Finally she considers the inherent tension between improving law enforcement s ability to pursue cybercriminals and protecting the privacy of U S citizens *Love Bug* Make Believe Ideas Ltd, 2020-02-04 Love themed board book with squishy heart cut through to cover *Coping with Your Emotions* Kate Tym, Penny Worms, 2005 A guide to show teenagers how to control and use their emotions for the better including expert advice on what to do if you are painfully shy feeling blue being afraid jealousy anger and love **James Dean Transfigured** Claudia Springer, 2013-05-17 After the death of James Dean in 1955 the figure of the teen rebel permeated the globe and its presence is still felt in the twenty first century Rebel iconography which does not have to resemble James Dean himself but merely incorporates his disaffected attitude has become an advertising mainstay used to sell an array of merchandise and messages Despite being overused in advertisements it still has the power to surprise when used by authors and filmmakers in innovative and provocative ways The rebel figure has mass appeal precisely because of its ambiguities it can mean anything to anyone The global appropriation of rebel iconography has invested it with fresh meanings Author Claudia Springer succeeds here in analyzing both ends of the spectrum the rebel icon as a tool in upholding capitalism s cycle of consumption and as a challenge to that cycle and its accompanying beliefs In this groundbreaking study of rebel iconography in international popular culture Springer studies a variety of texts from the United States and abroad that use this imagery in contrasting and thought provoking ways Using a cultural studies approach she analyzes films fiction poems Web sites and advertisements to determine the extent to which the icon s adaptations have been effective as a response to the actual social problems affecting contemporary adolescents around the world *The Raptures* Lebusa Monyooe, 2012-08 It s a collection of an English poetry covering a plethora of social issues It can be summarized as an expressive genre that engages on personal and social tribulations The name is symbolic in that it both underscores the power of expressive engagement and self gratification that ensues once one has come to terms with social challenges and the will to overcome It above all underscores the enormous power of language in giving mankind the avenue to deploy poetic repertoire to engage on social

 Voices in the Garden I know you had a dozen words to described my soft image of my personality But did you know I can see right
 through you My reflection can wonder in creating such manipulation The purpose of my life is to live each day and not worry
 what I didnt do yesterday but what I done today I created such achieving memories that no one knows my other potential in
 life that I fulfill And your only concerns what I didnt do I often learn to touch the love in my heart but I felt the values your
 previous concepts to establish to fulfill my dreams Writing *Voices in the Garden* is the second potential I had in my poetry
 But deep down I gave you my best days and my best life I am aware of my vulnerability conflicts and had developed new level
 of self growth in creating my new sound of poetry And you will not see any regrets Regardless of what you say but what you
 choose to tell that keeps me growing *Astro Horizon* Justin Tully, 2010-02-26 *Astro Horizon* is the seventh poetry book
 written by the author Justin Tully This poetry book covers thoughts and feelings from August 2008 right up until January

 Johns *The Weakness In Me* presents the lyrics of Armatrading for the first time in one unique volume It also contains an
 introduction by Armatrading alongside annotations to a number of songs giving a rare personal glimpse into the creative
 process of a true pioneer *Church of the Red Arrow* Michael Houlihan, 2011-02-14 *The Church of the Red Arrow* is a book
 about everything at once It is perfect for people with ADD or people who just get bored easily You can flip around in it all day
 like the yellow pages and always wind up home In this respect it is like the old saying that all roads lead to Mecca It is poetry
 fiction and nonfiction with a section listing hundreds of unanswerable questions that are thought provoking and good topics
 of conversation There are also several short stories which start out linear and end up Joycian The book covers politics poetry
 and all sorts of paradoxes It is philosophical and sometimes just plain dumb I think you will find it an honest read sometimes
 whimsical sometimes seriously difficult sometimes fusing an antithesis or two often just by accident hence the conclusion
 that Lady Luck has smiled on this book Your author has written three other volumes which could or could not hook up quite
 nicely with this one if everything in the world were a train Mr Houlihan is also a member of the Lefty Jones Band but it is not
