Love Locked Out James Cleugh,1964 **The Construction of Homosexuality** David F. Greenberg,2008-10-29 At various times homosexuality has been considered the noblest of loves a horrible sin a psychological condition or grounds for torture and execution David F Greenberg s careful encyclopedic and important new book argues that homosexuality is only deviant because society has constructed or defined it as deviant The book takes us over vast terrains of example and detail in the history of homosexuality Nicholas B Dirks New York Times Book Review **Love for Sale** Nils Johan Ringdal,2007-12-01 An enlightening and entertaining survey of the world s oldest profession from the Whore of Babylon to the modern sex worker movement Kirkus Reviews From Eve and Lilith to Julia Roberts in Pretty Woman the prostitute has been both a target of scorn and a catalyst for social change In Love for Sale cultural historian Nils Johan Ringdal delivers an authoritative and engaging history of this most maligned yet globally ubiquitous form of human commerce Beginning with the epic of Gilgamesh the Old Testament and ancient cultures from Asia to the Mediterranean Ringdal considers the varying way societies have dealt with and thought about prostitutes through history He discusses how they were included in the priestess class in ancient Greece and Rome how the rise of the courtesan in nineteenth century Europe shaped literature fashion the arts and modern sensibilities He uncovers the first manuals on the art of sex and seduction the British Empire s campaigns against prostitution in India and stories of the Japanese comfort women who served the armies in the Pacific theater of World War II Ringdal closes with the rise of the sex workers rights movement and sex positive feminism and a realistic look at the true risks and rewards of prostitution in the present day Recalling Camille Paglia s Sexual Personae with its broad sweep across centuries and continents Love for Sale uses its subject as a springboard for exploring the ever changing notions of love sexual identity morality and gender among various cultures Nan Goldberg Newark Sunday Star Ledger **The Meanings of Nudity in Medieval Art** Sherry C. M. Lindquist,2012 Addressing a strangely neglected key issue in the history of art this volume engages the variety and complexity of medieval representations of the unclothed human body The Meanings of Nudity in Medieval Art breaks ground by offering a variety of approaches to explore the meanings of both male and female nudity in European painting manuscripts and sculpture ranging from the late antique era to the fifteenth century Sex and Sex Education: a Bibliography Flora C. Seruya,Susan Loshier,Albert Ellis,1972 Over 2000 English language references some annotated Classified arrangement Basically covers last 25 years with some older works included for historical perspective Author title and analytical subject indexes **Images of Organization** Gareth Morgan,2006-04-15 What a kick I get out of teaching from Images of Organizations What a head snapping view of organizations it offers to my MBA students as well as to the odd client executive who is disposed to creep out of the practicality of business as usual and take in a vibrant thrilling view of organizations Ariane David Ph D Senior Advisor President The Veritas Group Since its first publication over twenty years ago Images of Organization has become a classic in

the canon of management literature The book is based on a very simple premise that all theories of organization and management are based on implicit images or metaphors that stretch our imagination in a way that can create powerful insights but at the risk of distortion Gareth Morgan provides a rich and comprehensive resource for exploring the complexity of modern organizations internationally translating leading edge theory into leading edge practice This new Updated Edition preserves Morgan s renowned creative images and metaphors while refreshing the references and tables The addition of a preface situates this classic theory in today s business environment while the instructor s resources now available on CD aid classroom teaching Please contact SAGE customer service to order your copy Images of Organization challenges and reshapes how we think about organization and management in the most fundamental way The new Updated Edition makes this monumental work available to a new generation of students and business leaders worldwide **American Book**

Literature of Medieval History, 1930-1975 Gray Cowan Boyce, 1981 Examinations Tom Kessenich, 2002 My purpose in writing this book is to take you through the concluding stages of an amazing television show The X-Files Consider this book to be a guide through the final four seasons of The X-Files Along the way you will hear from some of the people who made the key story decisions on the series as well as thoughts and comments from many of the show's fans whose passion for The X-Files made it such a resounding success You will see how the show affected them positively and negatively You will get an in-depth look at how the series its two main characters and their fascinating relationship evolved after moving from Vancouver to Los Angeles The good the bad and the ugly This book will bring it all to you and much much more At the book's core will be my episode reviews and essays They are just the thoughts of one fan but it is my hope they will strike a chord with each of you and serve as a written testimony of the powerful emotional resonance this wonderful series had on all those it touched For nine seasons The X-Files provided thrills and drama unlike anything I had ever seen on television before I doubt another show will come along that will be its equal and it will be the rare series which

will inspire the type of devotion from its viewers this show enjoyed It was an amazing ride ones which began with such promise and ended with so much uncertainty I hope you enjoy the ride as much as I did
