

The medieval expansion of Europe, 1000 – 1250 CE

Medieval Expansion Of Europe

Florian Kläger, Gerd Bayer

Medieval Expansion Of Europe:

The Medieval Expansion of Europe J. R. S. Phillips, 1988-10-21 This detailed study shows how the medieval tradition of exploration was rooted in Classical ideas of the world and how the age of the Vikings Marco Polo and the crusaders paved the way for the famous voyages of the Renaissance In the world which saw the great journeys of Marco Polo and Eric the Red it was still believed that the equator was too hot to cross that distant lands were populated by a breed of men who shaded themselves with one large foot and that in Asia there lived a Christian king who would help Europe defeat its enemies Yet this was also an age of expansion for the medieval world with trade and travel between Europe and other continents flourishing as never before These were the centuries in which the Vikings reached North America the crusaders established states in Palestine and Syria merchants and missionaries travelled to the Asian dominions of the Mongol Great Khans and adventurers were lured by dreams of African gold and the quest for Prester John In this detailed survey Dr J R S Phillips draws on a large often controversial body of evidence to show how the medieval European tradition of exploration was rooted in Classical ideas of the world and how it in turn paved the way for the great exploratory journeys of the Renaissance The book includes maps showing the extent of medieval Europe [The Medieval Frontiers of Latin Christendom](#) Felipe

Fernandez-Armesto, 2017-05-15 The aim of this first volume in the series The Expansion of Latin Europe is to sketch the outlines of medieval expansion illustrating some of the major topics that historians have examined in the course of demonstrating the links between medieval and modern experiences The articles reprinted here show that European expansion began not in 1492 following Columbus's voyages but earlier as European Christian society re arose from the ruins of the Carolingian Empire The two phases of expansion were linked but the second period did not simply replicate the medieval experience Medieval expansion occurred as farmers merchants and missionaries reduced forests to farmland and pasture created new towns and converted the peoples encountered along the frontiers to Christianity Later colonizers subsequently adapted the medieval experience to suit their new frontiers in the New World **Spain, Portugal and the**

Atlantic Frontier of Medieval Europe Jose-Juan Lopez-Portillo, 2016-12-05 As seen from the perspective of 1492 the medieval expansion of Latin Europe was nowhere as dramatic or enduring as in the Iberian Peninsula and the Atlantic Its Christian kingdoms continued their advance against Al Andalus up to 1492 whereas territorial expansion elsewhere against the Muslim world had either ceased or subsided by the late 13th century Castile and Portugal also transformed the Atlantic Ocean from the inaccessible dead end of Eurasia into the most promising avenue for European expansion for the first time in history The articles collected in this volume explore the causes and the nature of this expansion from a variety of historical traditions They investigate the extent to which the transference of Mediterranean traditions aided this process the characteristics of Iberian conflict that eventually led to the success of its Christian kingdoms and the motives for launching and techniques for running the first European overseas empires in the unfolding Atlantic frontier In the process they

illuminate the new identities and cultural interactions that this expansion produced in its wake while the new introduction sets them in the broader context **Introduction to Medieval Europe 300-1500** Wim Blockmans, Peter

Hoppenbrouwers, 2014-02-03 Introduction to Medieval Europe 300 1500 provides a comprehensive survey of this complex and varied formative period of European history Covering themes as diverse as barbarian migrations the impact of Christianization the formation of nations and states the emergence of an expansionist commercial economy the growth of cities the Crusades the effects of plague and the intellectual and cultural life of the Middle Ages the book explores the driving forces behind the formation of medieval society and the directions in which it developed and changed In doing this the authors cover a wide geographic expanse including Western interactions with the Byzantine Empire and the Islamic World Now in full colour this second edition contains a wealth of new features that help to bring this fascinating era to life including A detailed timeline of the period putting key events into context Primary source case boxes Full colour illustrations throughout New improved maps A glossary of terms Annotated suggestions for further reading The book is supported by a free companion website with resources including for instructors assignable discussion questions and all of the images and maps in the book available to download and for students a comparative interactive timeline of the period and links to useful websites The website can be found at www.routledge.com/cw/blockmans Clear and stimulating the second edition of Introduction to Medieval Europe is the ideal companion to studying Europe in the Middle Ages at undergraduate level

The Expansion of Central Europe in the Middle Ages Nora Berend, 2017-05-15 This volume brings together a set of key studies on the history of medieval Central Europe Bohemia Hungary Poland along with others specially commissioned for the book or translated and a new introduction This region was both an area of immigration and one of politics in expansion Such expansion included the settlement and exploitation of previously empty lands as well as rulers attempts to incorporate new territories under their rule although these attempts did not always succeed Often German immigration has been prioritized in scholarship and the medieval expansion of Central Europe has been equated with the expansion of Germans Debates then focused on the positive or negative contribution of Germans to local life and the consequences of their settlement This perspective however distorts our understanding of medieval processes On the one hand Central Europe was not a passive recipient of immigrants Local rulers and eventually nobles benefited from and encouraged immigration they played an active role On the other hand German immigration was not a unified movement and cannot be equated with a *drang nach Osten* Finally not just Germans but also various Romance speaking and other immigrant groups settled in Central Europe This volume therefore seeks to present a more complex picture of medieval expansion in Central Europe **The Expansion of Europe, 1250-1500** Michael North, 2012-07-15 Later medieval Europe saw a great deal of change and expansion of different kinds This geographically broad textbook explores these events in a series of core chapters on the different countries covering the Holy Roman Empire East Central Europe Scandinavia and Russia It looks not only at political history but also at

economy society and culture including art architecture literature and music North demonstrates that Europe did not consist of a core and periphery but of different regions that had divergent developments and makes sense of these various patterns of historical change A review of current research debates also introduces readers to the most up to date discussions in the field This volume provides an excellent clear and comprehensive survey for students while also throwing light on these societies from unexpected angles It offers fresh perspectives on western Europe comparing English with Scottish and Irish development looking at the French monarchy in a social context and incorporating Portugal into the discussion of the Iberian Peninsula

Early Modern Constructions of Europe Florian Kläger, Gerd Bayer, 2016-02-12 Between the medieval conception of Christendom and the political visions of modernity ideas of Europe underwent a transformative and catalytic period that saw a cultural process of renewed self definition or self Europeanization The contributors to this volume address this process analyzing how Europe was imagined between 1450 and 1750 By whom in which contexts and for what purposes was Europe made into a subject of discourse Which forms did early modern Europes take and what functions did they serve Essays examine the role of factors such as religion history space and geography ethnicity and alterity patronage and dynasty migration and education language translation and narration for the ways in which Europe turned into an imagined community The thematic range of the volume comprises early modern texts in Arabic English French German Greek Italian Latin and Spanish including plays poems and narrative fiction as well as cartography historiography iconography travelogues periodicals and political polemics Literary negotiations in particular foreground the creative potential versatility and agency that inhere in the process of Europeanization as well as a specifically early modern attitude towards the past and tradition emblemized in the poetics of the period There is a clear continuity between the collection s approach to European identities and the focus of cultural and postcolonial studies on the constructed nature of collective identities at large the chapters build on the insights produced by these fields over the past decades and apply them from various angles to a subject that has so far largely eluded critical attention This volume examines what existing and well established work on identity and alterity hybridity and margins has to contribute to an understanding of the largely un examined and under theorized pre formative period of European identity

Early Modern Europe, 1450-1789 Merry E. Wiesner-Hanks, Merry E. Wiesner, 2013-02-21 Thoroughly updated best selling textbook with new learning features This acclaimed textbook has unmatched breadth of coverage and a global perspective

European Legal History Randall Lesaffer, 2009-06-25 This historical introduction to the civil law tradition considers the political and cultural context of Europe s legal history from its Roman roots Political diplomatic and constitutional developments are discussed and the impacts of major cultural movements such as scholasticism humanism the Enlightenment and Romanticism on law and jurisprudence are highlighted

Spain, Europe and the Wider World, 1500-1800 John Huxtable Elliott, 2009-06-29 When J H Elliott published *Spain and Its World 1500 1700* some twenty years ago one of many enthusiasts declared For anyone interested in the history of empire of Europe and of Spain here is a

book to keep within reach to read to study and to enjoy Times Literary Supplement Since then Elliott has continued to explore the history of Spain and the Hispanic world with originality and insight producing some of the most influential work in the field In this new volume he gathers writings that reflect his recent research and thinking on politics art culture and ideas in Europe and the colonial worlds between 1500 and 1800 The volume includes fourteen essays lectures and articles of remarkable breadth and freshness written with Elliott's characteristic brio It includes an unpublished lecture in honor of the late Hugh Trevor Roper Organized around three themes early modern Europe European overseas expansion and the works and historical context of El Greco Velázquez Rubens and Van Dyck the book offers a rich survey of the themes at the heart of Elliott's interests throughout a career distinguished by excellence and innovation *The European Opportunity* Felipe Fernández-Armesto, 2019-10-28 These 15 articles follow on from those in *The Global Opportunity* in that they examine how and why the Europeans expanded worldwide Part one explores the means in terms of science technology and material resources part two examines the motives primarily as a result of restricted resources in Europe while part three concludes with the reasons that the expansion continued and grew the momentum **Norse in the North Atlantic** Ryan Sines, 2019-10-10 Horned helmets Pirates Murderers The Vikings are often depicted as fierce invaders who straddle the line between barbarians and civilized people However the Norse spread throughout Europe and Asia during the Middle Ages taking with them new ideas They discovered and settled the islands of Iceland and Greenland and tried to build their own idealized societies free of the kings they left behind in Norway and Denmark In Iceland the experiment worked and thrived while the settlement in Greenland failed Using information gathered from archaeology and historical sources Ryan Sines answers the question What allowed Iceland to succeed while the last Greenlander died waiting for a supply ship that never came **The Oxford Handbook of Tourism History** Eric G. E. Zuelow, Kevin J. James, 2025-02-24 The Oxford Handbook of Tourism History offers a critical survey of the development of the field that unites historical scholarship along thematic lines and uses examples from diverse places to examine a wide set of tourism policies practices and niches in a global transnational context All the King's Women: Polygyny and Politics in Europe, 900–1250 Jan Rüdiger, 2020-09-25 Polygyny in Europe The grand narrative of Western history is the development of monogamous marriage culminating in the central Middle Ages Other kinds of relationships have often perhaps too lightly been dismissed as just lust In this book Jan Rüdiger investigates the plurality of man woman relationships in medieval Scandinavia and analyses the social and political uses of elite polygyny By way of comparison the findings from the North are then applied to England France and the Iberian Peninsula in order to propose a new overall image of elite polygyny including marriage in the medieval West See inside the book The Routledge Companion to Cultural History in the Western World Alessandro Arcangeli, Jörg Rogge, Hannu Salmi, 2020-09-01 The Routledge Companion to Cultural History in the Western World is a comprehensive examination of recent discussions and findings in the exciting field of cultural history A synthesis of how the new cultural history has

transformed the study of history the volume is divided into three parts medieval early modern and modern that emphasize the way people made sense of the world around them Contributions cover such themes as material cultures of living mobility and transport cultural exchange and transfer power and conflict emotion and communication and the history of the senses The focus is on the Western world but the notion of the West is a flexible one In bringing together 36 authors from 15 countries the book takes a wide geographical coverage devoting continuous attention to global connections and the emerging trend of globalization It builds a panorama of the transformation of Western identities and the critical ramifications of that evolution from the Middle Ages to the twenty first century that offers the reader a wide ranging illustration of the potentials of cultural history as a way of studying the past in a variety of times spaces and aspects of human experience Engaging with historiographical debate and covering a vast range of themes periods and places The Routledge Companion to Cultural History in the Western World is the ideal resource for cultural history students and scholars to understand and advance this dynamic field

Historical Dictionary of the Crusades Corliss K. Slack, 2013-05-09 The crusades were among the longest and most bitter wars in human history and consisted of no less than seven major expeditions from Western Europe from the late 11th to the early 14th centuries for the purpose of wresting Jerusalem and the Holy Land from the control of the Muslims In the end it was the Muslims who won and the Christians who suffered a major setback and the Middle East remained firmly in Muslim hands This was one of the worst clashes between different religions and civilizations and for long it was largely forgotten or brushed over That is no longer the case with many Muslims regarding Western interference in the region as a repeat of the crusades while launching their own jihads So while an old conflict it is still with us today Even at the time it was very hard to understand the causes and outcome of the crusades and that remains a problem today This Historical Dictionary of the Crusades cannot claim to have resolved it but it most definitely does make the situation easier to understand The introduction provides an overview tracing the crusades from one expedition to the next and assessing their impact The actual flow of events is far easier to follow thanks to the chronology And maps help to trace the events geographically The entries and there are more than 300 of them in this second edition look more closely at notable figures including Pope Gregory VII Richard the lionhearted and Saladin as well as important places Jerusalem Constantinople and others events battles and sieges as well as the use of weapons and armor The bibliography points to further reading

The Crusades Nikolas Jaspert, 2006-09-27 This German to English translation of a highly successful book is a clear approachable student friendly introduction to the history of the Crusades With a long chronological span from the eleventh to the late fifteenth century and with a wide geographical coverage of the whole of Europe and some of the Middle East The Crusades is clear concise and more wide ranging than most single volume works Taking recent scholarship into account and using boxes case studies marginal directions and chronologies the book is well laid out and easy to follow providing a comprehensive overview of the crusade movement for students at all university levels

European Warfare, 1350-1750 Frank Tallett, D. J. B.

Trim,2010-01-28 Leading military historians illuminate the major developments in European warfare during a period of momentous technological political and military change The chapters provide a comprehensive overview of warfare across Europe presenting new findings and ideas that shed light on the art of war military revolutions state development and European expansion *Between the Middle Ages and Modernity* Charles H. Parker, Jerry H. Bentley,2007 This groundbreaking book examines the complex relationships between individuals and communities in the profound transitions of the early modern period Taking a global and comparative approach to historical issues the distinguished contributors show that individual and commun **Information and Power in History** Ida Nijenhuis, Marijke van Faassen, Ronald Sluiter, Joris Gijzenbergh, Wim de Jong,2020-01-29 The relationship between information and power is a relevant subject for all times Today s perceived information revolution has caused information to become a separate object of study during the last two decades for several disciplines As the contemporary perspective is dominant information history as a discipline of its own has not yet crystallized In bringing together studies around a new research agenda on the relationship between information and power across time and space presenting various governance regimes media materials and modes of communication this book forces us to rethink the prospects and challenges for such a new discipline

Decoding **Medieval Expansion Of Europe**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its ability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Medieval Expansion Of Europe Introduction

Medieval Expansion Of Europe Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Medieval Expansion Of Europe Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Medieval Expansion Of Europe : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Medieval Expansion Of Europe : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Medieval Expansion Of Europe Offers a diverse range of free eBooks across various genres. Medieval Expansion Of Europe Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Medieval Expansion Of Europe Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Medieval Expansion Of Europe, especially related to Medieval Expansion Of Europe, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Medieval Expansion Of Europe, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Medieval Expansion Of Europe books or magazines might include. Look for these in online stores or libraries. Remember that while Medieval Expansion Of Europe, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Medieval Expansion Of Europe eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Medieval Expansion Of Europe full book , it can give you a taste of the authors writing style. Subscription Services

Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Medieval Expansion Of Europe eBooks, including some popular titles.

FAQs About Medieval Expansion Of Europe Books

What is a Medieval Expansion Of Europe PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Medieval Expansion Of Europe PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Medieval Expansion Of Europe PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Medieval Expansion Of Europe PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Medieval Expansion Of Europe PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
