Spanish Women Writers and Spain's Civil War Maryellen Bieder,Roberta Johnson,2016-12-01 The Spanish Civil War 1936 1939 pitted conservative forces including the army the Church the Falange fascist party landowners and industrial capitalists against the Republic installed in 1931 and supported by intellectuals the petite bourgeoisie many campesinos farm laborers and the urban proletariat Provoking heated passions on both sides the Civil War soon became an international phenomenon that inspired a number of literary works reflecting the impact of the war on foreign and national writers While the literature of the period has been the subject of scholarship women s literary production has not been studied as a body of work in the same way that literature by men has been and its unique features have not been examined Addressing this lacuna in literary studies this volume provides fresh perspectives on well known women writers as well as less studied ones whose works take the Spanish Civil War as a theme The authors represented in this collection reflect a wide range of political positions Writers such as Maria Zambrano Merc Rodoreda and Josefina Aldecoa were clearly aligned with the Republic

whereas others including Mercedes Salisachs and Liberata Masoliver sympathized with the Nationalists Most however are situated in a more ambiguous political space although the ethics and character portraits that emerge in their works might suggest Republican sympathies Taken together the essays are an important contribution to scholarship on literature inspired by this pivotal point in Spanish history Mapping the Fiction of Cristina Fernández Cubas Kathleen Mary Glenn, Janet Pérez, 2005 Cristina Fernandez Cubas is without question one of the most important of the Spanish writers who have begun to publish since the end of the Franco dictatorship Credited with playing a major role in the renaissance of the short story in Spain she has won national and international acclaim for her fiction Works by her have been translated into eight languages and have become a staple of university courses on contemporary Peninsular literature Fernandez Cubas has created a remarkably coherent narrative world nourished by a core of fundamental concerns The eleven essays of Mapping the Fiction of Cristina Fernandez Cubas examine the intellectual preoccupations narrative strategies and rhetorical devices that distinguish the four volumes of short stories two novels the play and the book of memoirs that she has published to date

Contemporary Spanish Women's Narrative and the Publishing Industry Christine Henseler, 2003 As in other countries the effects of commercialization in Spain are changing the direction of publishing Arguing that women face a particularly complex situation because the inclusion of their work is still considered a novelty in a male dominated field Christine Henseler examines the strategies of Spanish women authors in the face of market forces In a consumer economy that places books in supermarkets and mega bookstores and in which novels are promoted and read more for entertainment than for their literary merit women s books tend to be more highly regarded when they cater to feminist erotic or commercial niche markets Henseler examines the visual creation of the seductive female body inside and outside the texts and the verbal application of this female figure on a narrative level in the works of authors including Paloma Díaz Mas Lourdes Ortiz Cristina Peri Rossi Esther Tusquets Almudena Grandes and Lucía Etxebarria She looks at novels of seduction award winning novels and novels sold on the basis of an author s prior reputation as well as advertisements literary prizes and reviews She also draws on interviews with authors to provide insider views of contemporary Spanish publishing Contemporary Spanish Women s Narrative and the Publishing Industry reveals the ways women writers are reacting both textually and promotionally to the changing demands of the publishing industry and the construction of a literary canon Moveable Margins Kathleen Mary Glenn, Mirella D'Ambrosio Servodidio, Mary Seale Vásquez, 1999 The second section contains ten critical essays that apply widely varying critical approaches that range from feminist psycho analytical formalist poststructuralist new historical and intertextual to postmodern and postcolonial The volume also features Riera s hitherto unpublished play in the Catalan original and in English translation This book will appeal to those interested in twentieth century Peninsular literature comparative literature feminist criticism gender studies and cultural studies *Contemporary World Fiction* Juris Dilevko, Keren Dali, Glenda Garbutt, 2011-03-17 This much needed guide to translated literature offers

readers the opportunity to hear from learn about and perhaps better understand our shrinking world from the perspective of insiders from many cultures and traditions In a globalized world knowledge about non North American societies and cultures is a must Contemporary World Fiction A Guide to Literature in Translation provides an overview of the tremendous range and scope of translated world fiction available in English In so doing it will help readers get a sense of the vast world beyond North America that is conveyed by fiction titles from dozens of countries and language traditions Within the guide approximately 1 000 contemporary non English language fiction titles are fully annotated and thousands of others are listed Organization is primarily by language as language often reflects cultural cohesion better than national borders or geographies but also by country and culture In addition to contemporary titles each chapter features a brief overview of earlier translated fiction from the group The guide also provides in depth bibliographic essays for each chapter that will enable librarians and library users to further explore the literature of numerous languages and cultural traditions

Espectros Alberto Ribas-Casasayas, Amanda L. Petersen, 2015-12-24 *Espectros* is a compilation of original scholarly studies that presents the first volume length exploration of the spectral in literature film and photography of Latin America Spain and the Latino diaspora In recent decades scholarship in deconstructionist hauntology trauma studies affect in image theory and a renewed interest in the Gothic genre has given rise to a Spectral Studies approach to the study of narrative Haunting the spectral and the effects of the unseen carry a special weight in contemporary Latin American and Spanish cultures referred to in the book as Transhispanic cultures due to the ominous legacy of authoritarian governments and civil wars as well as the imposition of the unseen yet tangible effects of global economics and neoliberal policies Ribas and Petersen s detailed introductory analysis grounds haunting as a theoretical tool for literary and cultural criticism in the Transhispanic world with an emphasis on the contemporary period from the end of the Cold War to the present The chapters in this volume explore haunting from a diversity of perspectives in particular engaging haunting as a manifestation of trauma absence and mourning The editors carefully distinguish the collective cultural dimension of historical trauma from the individual psychological experience of the aftermath of a violent history always taking into account unresolved social justice issues The volume also addresses the association of the spectral photographic image with the concept of haunting because of the photograph s ability to reveal a presence that is traditionally absent or has been excluded from hegemonic representations of society The volume concludes with a series of studies that address the unseen effects and progressive deterioration of the social fabric as a result of a globalized economy and neoliberal policies from the modernization of the nation state to present

Queer Transitions in Contemporary Spanish Culture Gema Pérez-Sánchez, 2012-02-01 Gema Pérez Sánchez argues that the process of political and cultural transition from dictatorship to democracy in Spain can be read allegorically as a shift from a dictatorship that followed a self loathing homosexual model to a democracy that identified as a pluralized queer body Focusing on the urban cultural phenomenon of la movida she offers a sustained analysis of high queer culture as represented by novels along with an examination of low queer culture as represented by comic books and films Pérez Sánchez shows that urban queer culture played a defining role in the cultural and political processes that helped to move Spain from a premodern fascist military dictatorship to a late capitalist parliamentary democracy The book highlights the contributions of women writers Ana María Moix and Cristina Peri Rossi as well as comic book artists Ana Juan Victoria Martos Ana Miralles and Asun Balzola Its attention to women s cultural production functions as a counterpoint to its analysis of the works of such male writers as Juan Goytisolo and Eduardo Mendicutti comic book artists Nazario Rubén and Luis Pérez Ortiz and filmmaker Pedro Almodóvar
