On Strategy Harry G. Summers, 1961 *On Strategy*, 1995 Kritisk analyse af USAs krigsfrelse i Vietnam **On Strategy** Harry G. Summers, 2002-12-01 This important

book is one man's critical analysis of American strategy in the Vietnam war That man Harry Summers is an active Army officer who began professional life as an enlisted soldier knows personally the bayonet point reality of war and has thought widely about strategic issues His commitment to the nation and Army he serves is unstinting Colonel Summers has focused his attention at that point in the strategic continuum where military strategy and national policy come together His main thesis is that a lack of understanding of the relationship between military strategy and national policy caused us to exhaust our will and endurance against a secondary enemy the guerrilla movement in South Vietnam instead of focusing our military efforts to check North Vietnamese expansion in support of our national policy of containment DeWitt C Smith Jr Lieutenant General United States Army Retired American Strategy in Vietnam Harry G Summers,2007-02-02 A politico military assessment of the Vietnam War analyzing the U S Army's strategic and tactical ideologies Particularly relevant today it stresses the futility of any military action without the full support of the people *Professional Journal of the United States Army* ,1987 **Review of Current Military Literature** ,1987 *The Long War* Andrew J. Bacevich,2009-06-22 Essays by a diverse and distinguished group of historians political scientists and sociologists examine the alarms emergencies controversies and confusions that have characterized America's Cold War the post Cold War interval of the 1990s and today's Global War on Terror The developments of this Long War have left their imprint on virtually every aspect of American life and by considering the period as a whole this volume is the first to take a truly comprehensive look at America's response to the national security crisis touched off by the events of World War II Contributors consider topics ranging from grand strategy and strategic bombing to ideology and economics and assess the changing American way of war as the twentieth century progressed They evaluate the evolution of the national security apparatus and the role of dissenters who viewed the activities of that apparatus with dismay and they take a fresh look at the Long War's civic implications and its impact on civil military relations More than a military history The Long War examines the ideas policies and institutions that have taken shape since the United States claimed the role of global superpower In breaking down the old and artificial boundaries that have traditionally divided the postwar period into neat historical units this volume offers fresh perspectives on the current state of American national security **America in the World** Frank Costigliola,Michael J. Hogan,2013-12-23 This volume includes historiographical surveys of American foreign relations since 1941 by some of the country's leading historians Some of the essays offer sweeping overviews of the major trends in the field of foreign international relations history Others survey the literature on US relations with particular regions of the world or on the foreign policies of presidential administrations The result is a comprehensive assessment of the historical literature on US foreign policy that highlights recent developments in the field *Special Warfare* ,1992 Understanding Military Doctrine Harald Hoiback,2013-07-18 This book puts military doctrine into a wider perspective drawing on military history philosophy and political science Military doctrines are institutional beliefs about what works in war given the trauma of 9 11 and the ensuing War on Terror serious

divergences over what the message of the new military doctrine ought to be were expected around the world. However, such questions are often drowned in ferocious meta doctrinal disagreements. What is a doctrine after all? This book provides a theoretical understanding of such questions. Divided into three parts, the author investigates the historical roots of military doctrine and explores its growth and expansion until the present day and goes on to analyse the main characteristics of a military doctrine. Using a multidisciplinary approach, the book concludes that doctrine can be utilized in three key ways: as a tool of command, as a tool of change, and as a tool of education. This book will be of much interest to students of military studies, civil military relations, strategic studies, and war studies, as well as to students in professional military education.

The Evolution of Strategy Beatrice Heuser, 2010-10-14. Is there a Western way of war which pursues battles of annihilation and single minded military victory? Is warfare on a path to ever greater destructive force? This magisterial account answers these questions by tracing the history of Western thinking about strategy, the employment of military force as a political instrument from antiquity to the present day. Assessing sources from Vegetius to contemporary America and with a particular focus on strategy since the Napoleonic Wars, Beatrice Heuser explores the evolution of strategic thought, the social institutions, norms, and patterns of behaviour within which it operates, the policies that guide it, and the cultures that influence it. Ranging across technology and warfare, total warfare and small wars, as well as land, sea, air, and nuclear warfare, she demonstrates that warfare and strategic thinking have fluctuated wildly in their aims, intensity, limitations, and excesses over the past two millennia.

Makers of Modern Strategy from Machiavelli to the Nuclear Age Peter Paret, Gordon A. Craig, Felix Gilbert, 2010-10-01. Authoritative and convincing. New York Times Book Review. The classic reference on the theory and practice of war. The essays in this volume analyze war, its strategic characteristics, and its political and social functions over the past five centuries. The diversity of its themes and the broad perspectives applied to them make the book a work of general history as much as a history of the theory and practice of war from the Renaissance to the present. *Makers of Modern Strategy from Machiavelli to the Nuclear Age* takes the first part of its title from an earlier collection of essays that became a classic of historical scholarship. Three essays are reprinted from the earlier book, while four others have been extensively revised. The rest, twenty-two essays, are new. The subjects addressed range from major theorists and political and military leaders to impersonal forces. Machiavelli, Clausewitz, and Marx and Engels are discussed, as are Napoleon, Churchill, and Mao. Other essays trace the interaction of theory and experience over generations, the evolution of American strategy, for instance, or the emergence of revolutionary war in the modern world. Still others analyze the strategy of particular conflicts, the First and Second World Wars, or the relationship between technology, policy, and war in the nuclear age. Whatever its theme, each essay places the specifics of military thought and action in their political, social, and economic environment. Together, the contributors have produced a book that reinterprets and illuminates war, one of the most powerful forces in history, and one that cannot be controlled in the future without an understanding of its past.

Strategy and History Colin

S. Gray, 2007-01-24 This book comprises some of the most important contributions to the strategic debate over the past thirty years by a leading theorist and practitioner *The Moral Dimension of Asymmetrical Warfare* Th. A. Van Baarda, D. E. M. Verweij, 2009 PART I The superpower and asymmetry PART II Jus ad bellum jus in bello jus post bellum PART III Leadership and accountability PART IV Soldiers perspectives PART V Ethical Education and Decision making for the Military PART VI Stress and trauma PART VII The media PART VIII Democracy under Scrutiny PART IX In Hindsight **World Politics and the Evolution of War** John J. Weltman, 1995 In this comprehensive study international relations scholar John Weltman explores the many roles of war in world politics With topics ranging from the development of strategic thought to the effects on war of political and technological change from the uses of force and threats of force to the uses of arms control from the prominence of war in history to its likely fate in the post Cold War world Weltman's analysis offers a detailed thoroughgoing and rigorous overview of the subject Throughout Weltman questions a number of widely held assumptions To the conventional argument that the number of players in the international system determines the incidence and character of war he responds with evidence that suggesting that the social material and intellectual context within which conflicts occur is far more influential Weltman also questions the prevailing wisdom that democracies are inherently peaceful and autocracies inherently warlike arguing instead that the propensity to wage war and the effects of war are largely the products of prevailing expectations whether or not war offers a means for the cheap easy and decisive accomplishment of a government's objectives And he criticizes the dominant view that conflict even violent conflict is psychologically abnormal Drawing upon the traditional distinction between wars of attrition and wars of annihilation Weltman sees the trend toward the former despite the anomalous Persian Gulf conflict as likely to continue While this trend does not suggest the end of warfare much less the end of history it does imply the localization of conflict and the minimization of the danger of global conflagration The new world order Weltman concludes will be far from peaceful but the conflicts that do arise will be slow burning and difficult to spread Outside intervention in these conflicts will be costly *The Making of Strategy* Williamson Murray, 1996-05-31 Most writing about strategy has focused on individual strategic theorists or great military leaders This book focuses instead on the messy processes by which rulers and states have framed strategy in the past a subject of vital practical importance to strategists and of great interest to students of strategy and statecraft It consists of 17 case studies that range from fifth century Athens and Ming China to Hitler's Germany Israel and the post 1945 United States The studies analyse within a common interpretive framework precisely how rulers and states have made strategy The introduction emphasises the constants in the rapidly shifting world of the strategist the concluding essay tries to understand the forces that have driven the transformation of strategy since 400 BC and seem likely to continue to transform it in the future **ADA. , Air Defense Artillery**, 1992

On Strategy A Critical Analysis Of The Vietnam War Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading On Strategy A Critical Analysis Of The Vietnam War free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading On Strategy A Critical Analysis Of The Vietnam War free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for

offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading On Strategy A Critical Analysis Of The Vietnam War free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading On Strategy A Critical Analysis Of The Vietnam War. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading On Strategy A Critical Analysis Of The Vietnam War any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About On Strategy A Critical Analysis Of The Vietnam War Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook's credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What's the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. On Strategy A Critical Analysis Of The Vietnam War is one of the best books in our library for free trial. We provide a copy of On Strategy A Critical Analysis Of The Vietnam War in digital format, so the resources that you find are reliable. There are also many eBooks related to On Strategy A Critical Analysis Of The Vietnam War. Where to download On Strategy A Critical Analysis Of The Vietnam War online for free? Are you looking for On Strategy A Critical Analysis Of The Vietnam War PDF? This is definitely going to save you time and cash in something you should think about.
