On the dais' traditional irrigation system and environmental protection in Xishuangbanna Gao Lishi, 1999 **Plant Conservation and Biodiversity** David L. Hawksworth, Alan T. Bull, 2007-09-18 Non timber forest products NTFP hold economic and cultural significance for millions of people across the globe For instance hundreds of millions of rural peoples currently derive a significant portion of both their subsistence needs and cash income from gathered plant and animal products Iqbal 1993 Vedeld et al 2004 Thousands of wild NTFP are also harvested for local use in other cultural and religious activities such as rituals ceremonies and dances e g FAO 1991 A growing body of literature has illustrated that NTFP harvest can have ecological consequences at multiple ecological scales and that demographic responses to harvest are heavily influenced by harvesting practices see review by Ticktin 2004 However although many NTFP are harvested from disturbed habitats and subject to multiple pressures Cunningham 2001 few quantitative studies have addressed this issue For example a small number of studies have assessed the demographic effects of NTFP management practices in the context of browsing or grazing Endress et al 2004b Ghimire et al 2005 or human induced re Ticktin 2005 Nonetheless the demographic consequences of NTFP harvest and management in the context of other disturbance factors such as alien invasive species have not been addressed to date **Mon-Khmer: Peoples of the Mekong Region** Ronald D. Renard, Kr. Anchalee Singhanetra Renard, 2015-03-01 The Mon Khmer project took a long journey before it was turned into a final product the first comprehensive collection of articles on Mon Khmer peoples of the Mekong Region The project was started in 2001 by the first editor of the book Dr Ronald D Renard who unfortunately did not see the final product of his valuable work During 1995 1996 Dr Ron Renard as the manager of the UNDP Highland People project and I travelled to Northeast Cambodia Vietnam and Laos to explain to representatives of ethnic communities the aim of the project and how the ethnic minorities many of whom are Mon Khmer could be involved and benefit from it It may well be that this encounter with these ethnic groups made him expand his intellectual interest to study them in addition to the Karen in Thailand whose history of integration into the Siamese state he had studied for his dissertation completed in 1980 According to my last conversation with Ron it was during the time when he worked for the Journal of Siam Society in the late 1990s that he decided to embark upon the Mon Khmer project which preoccupied the last part of his academic life Yearbook of Chinese Theology 2016 , 2016-07-11 The Yearbook of Chinese Theology is an international ecumenical and fully peer reviewed annual that covers Chinese Christianity in the areas of Biblical Studies Church History Systematic Theology Practical Theology and Comparative Religions It offers genuine Chinese theological research previously unavailable in English by top scholars in the study of Christianity in China The 2016 volume highlights the five sub disciplines of theology Wang Wei fan s evangelical theology and Christian ecumenism and its internal contradiction is studied from a systematic theological viewpoint Additionally a theology of soul and body is proposed as an approach of sinicization of Christianity Civil Christian and political identity are also studied in the

relation to the sinicization of Christianity in China The belief logic and social actions of the Kingdom Got sect and the origin of A New Treatise on Aids to Administration have been explored from the historical perspective The meditations of the Three Self Church by K H Ting from a socio religious perspective and the missionaries resolution of the term question in The Chinese Recorder have been studied in their relations to the Bible There are comparative studies on the unreconciled religious diversity in the dialogue of civilizations and the different views about truth in Christianity and Confucianism The academic report analyzes the eventful year of 2010 in the Catholic Church in China This volume offers genuine Chinese theological research which was previously unavailable in English by top scholars in the study of Christianity in China Contributors include Juhong Ai Jianming Chen and Tao Xiao Xiaojuan Cheng Xiangping Li Gong Liang Jianbo Huang Paulos Huang Meixiu Wang Philip L Wickeri Kevin Xiyi Yao Jie Zhao Weichi Zhou

*Planning for Ethnic Tourism* Li Yang, Geoffrey Wall, 2016-04-22 Ethnic tourism has emerged as a means that is employed by many countries to facilitate economic and cultural development and to assist in the preservation of ethnic heritage However while ethnic tourism has the potential to bring economic and social benefits it can also significantly impact traditional cultures ways of life and the sense of identity of ethnic groups There is growing concern in many places about how to balance the use of ethnicity as a tourist attraction with the protection of minority cultures and the promotion of ethnic pride Despite the fact that a substantial literature is devoted to the impacts of ethnic tourism little research has been done on how to plan ethnic tourism attractions or to manage community impacts of tourism This book addresses the need for more research on planning for ethnic tourism by exploring the status and enhancement of planning strategies for ethnic tourism development The book develops the case of a well known ethnic tourist destination in China Xishuangbanna Yunnan It analyzes how ethnic tourism has been planned and developed at the study site and examines associated socio cultural and planning issues The authors evaluate the perspectives of four key stakeholder groups the government tourism entrepreneurs ethnic minorities and tourists on ethnic tourism through on site observation interviews with government officials planners and tourism entrepreneurs surveys of tourists and ethnic minority people and evaluation of government policies plans and statistics This book is unique in its emphasis on planning and in its focus on China rapidly emerging as a major player in tourism with applications for tourism around the world

*Plant Conservation* Alan Charles Hamilton, Patrick Hamilton, 2006 First Published in 2006 Routledge is an imprint of Taylor Francis an informa company

*Plant Conservation* Alan Hamilton, 2013 In this the latest in the People and Plants series plant conservation is described in the context of livelihoods and development and ways of balancing the conservation of plant diversity with the use of plants and the environment for human benefit are discussed A central contention in this book is that local people must be involved if conservation is to be successful Also examined are ways of prioritizing plants and places for conservation initiatives approaches to in situ and ex situ conservation and how to approach problems of unsustainable harvesting of wild plants Roles for botanists foresters sociologists development workers and others are

discussed This book acts as a unifying text for the series integrating case studies and methodologies considered in previous volumes and pointing out in a comprehensive accessible volume the valuable lessons to be learned **Dai People's**

**Indigenous Knowledge System of Communal Irrigation** Vinya Sysamouth,2005 **Sacred Natural Sites** Bas Verschuuren,Robert Wild,Jeffrey McNeely,Gonzalo Oviedo,2012-06-25 Sacred Natural Sites are the world s oldest protected places This book focuses on a wide spread of both iconic and lesser known examples such as sacred groves of the Western Ghats India Sagarmatha Chomolongma Mt Everest Nepal Tibet and China the Golden Mountains of Altai Russia Holy Island of Lindisfarne UK and the sacred lakes of the Niger Delta Nigeria The book illustrates that sacred natural sites although often under threat exist within and outside formally recognised protected areas heritage sites Sacred natural sites may well be some of the last strongholds for building resilient networks of connected landscapes They also form important nodes for maintaining a dynamic socio cultural fabric in the face of global change The diverse authors bridge the gap between approaches to the conservation of cultural and biological diversity by taking into account cultural and spiritual values together with the socio economic interests of the custodian communities and other relevant stakeholders **History and**

**Future of Plants, Planet and People** Alan Hamilton,Pei Shengji,2024-10-11 This fascinating book presents the experiences and pooled knowledge of two very different conservation scientists Pei Shengji from Sichuan China and Alan Hamilton from London UK They have been drawn together over many years through working on some of the same conservation projects and have discovered that they overlap in their ideas about the sorts of work that needs to be done and how it can best be carried out The book describes some of their own experiences set within the contexts of their varied careers and the development of their thinking *Modern Trends in Applied Aquatic Ecology* R.S. Ambasht,Navin K. Ambasht,2012-12-06 Organisms and

environment have evolved through modifying each other over millions of years Humans appeared very late in this evolutionary time scale With their superior brain attributes humans emerged as the most dominating influence on the earth Over the millennia from simple hunter food gatherers humans developed the art of agriculture domestication of animals identification of medicinal plants devising hunting and fishing techniques house building and making clothes All these have been for better adjustment growth and survival in otherwise harsh and hostile surroundings and climate cycles of winter and summer and dry and wet seasons So humankind started experimenting and acting on ecological lines much before the art of reading writing or arithmetic had developed Application of ecological knowledge led to development of agriculture animal husbandry medicines fisheries and so on Modern ecology is a relatively young science and unfortunately there are so few books on applied ecology The purpose of ecology is to discover the principles that govern relationships among plants animals microbes and their total living and nonliving environmental components Ecology however had remained mainly rooted in botany and zoology It did not permeate hard sciences engineering or industrial technologies leading to widespread environmental degradation pollution and frequent episodes leading to mass deaths and diseases *Democratic*

*Decentralisation through a Natural Resource Lens* Jesse C. Ribot, Anne M. Larson, 2013-09-13 This volume queries the state and effect of the global decentralization movement through the study of natural resource decentralizations in Africa Asia and Latin America The case studies presented here use a comparative framework to characterize the degree to which natural resource decentralizations can be said to be taking place and where possible to measure their social and environmental consequences In general the cases show that threats to national level interests are producing resistance that is fettering the struggle for reform

**Environmental Winds** Michael J. Hathaway, 2013-07-26 *Environmental Winds* challenges the notion that globalized social formations emerged solely in the Global North prior to impacting the Global South Instead such formations have been constituted transformed and propelled through diverse site specific social interactions that complicate and defy divisions between global and local The book brings the reader into the lives of Chinese scientists officials villagers and expatriate conservationists who were caught up in environmental trends over the past 25 years Hathaway reveals how global environmentalism has been enacted and altered in China often with unanticipated effects such as the rise of indigenous rights or the reconfiguration of human animal relationships fostering what rural villagers refer to as the revenge of wild elephants

*Assessing the Environmental Impacts of Hydropower Projects* Robert Zwahlen, 2022-01-03 This book describes the entire process of environmental impact assessment for hydropower and dam projects not from a legal or regulatory point of view but from a very applied one based mainly on the personal experience of the author who is involved in this field of work since over 40 years by describing the different steps of such an assessment covering all major aspects to be dealt with The focus is on environmental issues while the other main subject social impacts is mentioned here only briefly It will be of interest not only for ESIA Environmental and Social Impact Assessment practitioners be they consultants involved in the preparation of such studies or staff members of environmental protection agencies having to come to decisions based on them but also for engineers and planners involved in such projects developers and people interested in questions related to energy environment and climate change Overall this book aims at contributing to put the discussion about hydropower and dam projects on a more objective level
