**Journeys on the Silk Road Through Ages—Romance, Legend, Reality** Avijeet Bhattacharya,2017-10-11 Journeys on the Silk Road Through Ages Romance Legend Reality is a compelling narrative about the legendary Silk Road down the ages It takes us back to the nearly forgotten times when the dusty long road was discovered by herders and nomads in search of pastures and oases It was a long trek into the unknown This gradually turned into the fabled Silk Road spanning from China and across Central Asia with its numerous trade routes staging posts caravanserais on the one hand and the rugged landscape through steppes across mountains deserts and nations on the other The Silk Road stood out like a great artery that sustained for centuries The Road with its routes conveyed not only commerce but also ideas and philosophy of the far east China to the far flung Roman Empire in the west drawing from and contributing to other regions and countries that fell along the way Turkestan Afghanistan India Persia Mesopotamia Palestine Phoenicia and Anatolia thus linking the ancient and the medieval worlds It was an enterprise of gigantic proportions the great highway witnessed trade in almost all products with silk precious stones porcelain metals and horses as chief commodities Of these silk was the foremost merchandise that merchants transported on camel caravans and upon mules from the Land of Serica Slaves too were traded Monks and warriors also walked along the trodden path Merchants exchanged goods which made trade possible bringing in a flow of wealth while monks and warriors exchanged philosophy ideas and statecraft despite conflicts and wars The narrative travels back to the times when the road started making history by joining imperial Xi an with imperial Rome a distance of more than 8 000kms during the period of China s Han Dynasty sometime around 200 BC This strangely endured till the present days of Communist China and OBOR deliberating the Chinese Puzzle The book is an adventurous amalgamation of history travel and the unanticipated and not merely a clich d travel account It presents a fascinating story of realms rulers travellers and merchants both ancient and modern with captivating collection of anecdotes lores and current realities from far and wide Its brilliant web makes the book immensely readable

**The Routledge Atlas of Central Eurasian Affairs** Stanley D. Brunn,Stanley W. Toops,Richard Gilbreath,2012 Providing concisely written entries on the most important current issues in Central Asia and Eurasia this atlas offers relevant background information on the region s place in the contemporary political and economic world Features include Profiles of the constituent countries of Central Asia namely Kazakhstan Kyrgyzstan Tajikistan Turkmenistan and Uzbekistan Profiles of Mongolia western China Tibet and the three Caucasus states of Armenia Azerbaijan and Georgia Timely and significant original maps and data for each entry A comprehensive glossary places index and subject index of major concepts terms and regional issues Bibliography and useful websites section Designed for use in teaching

undergraduate and graduate classes and seminars in geography history economics anthropology international relations political science and the environment as well as regional courses on the Former Soviet Union Central Asia and Eurasia this atlas is also a comprehensive reference source for libraries and scholars interested in these fields     Artistic Traditions of Inner Eurasian Cultures Ardi Kia,2022-10-24 This book examines the cultural heritage of Inner Eurasia Central Asia through the arts from prehistoric times to the ancient and medieval golden ages The manuscript features extensive analysis of multiple Inner Eurasian cultural groups their artistic traditions and the development thereof throughout the region s history

**Connecting Histories in Afghanistan** Shah Mahmoud Hanifi,2011-02-11 Most histories of nineteenth century Afghanistan argue that the country remained immune to the colonialism emanating from British India because militarily Afghan defenders were successful in keeping out British imperial invaders However despite these military victories colonial influences still made their way into Afghanistan Looking closely at commerce in and between Kabul Peshawar and Qandahar this book reveals how local Afghan nomads and Indian bankers responded to state policies on trade British colonial political emphasis on Kabul had significant commercial consequences both for the city itself and for the cities it displaced to become the capital of the emerging Afghan state Focused on routing between three key markets Connecting Histories in Afghanistan challenges the overtly political tone and Orientalist bias that characterize classic colonialism and much contemporary discussion of Afghanistan     **Super Continent** Kent E. Calder,2019-04-30 A Eurasian transformation is underway and it flows from China With a geopolitically central location the country s domestic and international policies are poised to change the face of global affairs The Belt and Road Initiative has called attention to a deepening Eurasian continentalism that has argues Kent Calder much more significant implications than have yet been recognized In Super Continent Calder presents a theoretically guided and empirically grounded explanation for these changes He shows that key inflection points beginning with the Four Modernizations and the collapse of the Soviet Union and culminating in China s response to the Global Financial Crisis and Crimea s annexation are triggering tectonic shifts Furthermore understanding China s emerging regional and global roles involves comprehending two ongoing transformations within China and across Eurasia as a whole and that the two are profoundly interrelated Calder underlines that the geo economic logic that prevailed across Eurasia before Columbus and that made the Silk Road a central thoroughfare of world affairs for close to two millennia is reasserting itself once again     *Baku-Tbilisi-Kars Railroad: The Iron Ground for the Silk Road* Mahir Humbatov,Nivedita Das Kundu,Murat Yulek,2014-09-09 After centuries long neglect land transportation corridors connecting Asia and Europe are on the brink of a re awakening From a level of practically zero a revived network of these land corridors is likely to garner a considerable share of the freight revenues emanating from increasing trade between Asia and Europe Therefore there is competition among major players for control in shaping of the Asia Europe railway transportation corridors However possibilities for cooperation exist as well In this book transportation corridors joining Asia and Europe are examined and

evaluated at a general level Moreover the Baku Tbilisi Kars railway project is assessed from the perspectives of the 3 countries involved Azerbaijan Georgia and Turkey Further it has been proved that the road will strengthen regionalism and will increase the prospects for the three host countries to become a part of the corridors that are being developed globally Besides Baku Tbilisi Kars railway road will play a key role in helping to revive the Silk Road connection shaping common vision and facilitating in transforming the region The BTK transport corridor will be able to stimulate the development of non oil economy reviving the non oil trade and economic activities in the region restoring the historical position of the region as a commercial hub along the ancient silk ways By 2025 this region is expected to become prosperous financial sector for which comprehensive strategy is being formulated by the regional countries for sustainable growth

*Journeys on the Silk Road* Joyce Morgan, Conrad Walters, 2012-08-22 When a Chinese monk broke into a hidden cave in 1900 he uncovered one of the world s great literary secrets a time capsule from the ancient Silk Road Inside scrolls were piled from floor to ceiling undisturbed for a thousand years The gem within was the Diamond Sutra of AD 868 This key Buddhist teaching made 500 years before Gutenberg inked his press is the world s oldest printed book The Silk Road once linked China with the Mediterranean It conveyed merchants pilgrims and ideas But its cultures and oases were swallowed by shifting sands Central to the Silk Road s rediscovery was a man named Aurel Stein a Hungarian born scholar and archaeologist employed by the British service Undaunted by the vast Gobi Desert Stein crossed thousands of desolate miles with his fox terrier Dash Stein met the Chinese monk and secured the Diamond Sutra and much more The scroll s journey by camel through arid desert by boat to London s curious scholars by train to evade the bombs of World War II merges an explorer s adventures political intrigue and continued controversy The Diamond Sutra has inspired Jack Kerouac and the Dalai Lama Its journey has coincided with the growing appeal of Buddhism in the West As the Gutenberg Age cedes to the Google Age the survival of the Silk Road s greatest treasure is testament to the endurance of the written word

Cheng Ho and Islam in Southeast Asia

Tan Ta Sen, 2009 Tan Ta Sen has modestly suggested that as a book to illustrate the peaceful impact of culture contact he is concerned to show how such cultural influences not only led to transmissions conversions and transferences involving Inner Asian Muslims from China and Yunnan Muslims Chams Javanese Malays Arabs and Indians but also enabled many Chinese in the Malay world to retain their non Muslim cultural traits In placing Cheng Ho s voyages in this context the author offers a fresh perspective on a momentous set of events in Chinese maritime history Professor Wang Gungwu National University of Singapore Tan Ta Sen s book on Cheng Ho and Islam in Southeast Asia is not the first one on the subject but it is the first book that puts Cheng Hos voyages in the larger context of culture contact in China and beyond He has garnered numerous sources from published documents to architectural sites and buildings to support his arguments He has done much more than previous scholars writing on this subject Professor Leo Suryadinata Chinese Heritage Centre Singapore This long awaited book is welcomed by the academic community Tan Ta Sen has used historical facts to strengthen the argument on the existence of the Third Wave i e the Chinese Wave in the spread of Islam in the Southeast Asian region Until now we only know two major waves i e the India Gujarat Wave and the Middle East Wave through the development of trade relations Professor A Dahana University of Indonesia Jakarta

**Unravelling the Silk Road** Christopher Alexander, 2023-06-15 Three textile roads tangle their way through Central Asia The famous Silk Road united east and west through trade Older still was the Wool Road of critical importance when houses made from wool enabled nomads to traverse the inhospitable winter steppes Then there was the Cotton Road marked by greed colonialism and environmental disaster At this intersection of human history fortunes were made and lost through shimmering silks life giving felts and gossamer cottons Chris Aslan who has spent fifteen years living and working in the region expertly unravels the strands of this tangled history and embroiders them with his own experiences of life in the heart of Asia *The Journey of Maps and Images on the Silk Road* Philippe Forêt, Andreas Kaplony, 2008-11-30 This book covers new ground on the diffusion and transmission of geographical knowledge that occurred at critical junctures in the long history of the Silk Road Much of twentieth century scholarship on the Silk Road examined the ancient archaeological objects and medieval historical records found within each cultural area while the consequences of long distance interaction across Eurasia remained poorly studied Here ample attention is given to the journeys that notions and objects undertook to transmit spatial values to other civilizations In retracing the steps of four major circuits right across the many civilizations that shared the Silk Road The Journey of Maps and Images on the Silk Road traces the ways in which maps and images surmounted spatial historical and cultural divisions Transnationalism in Ancient and Medieval Societies Michael C. Howard, 2014-01-10 While scholars have long documented the migration of people in ancient and medieval times they have paid less attention to those who traveled across borders with some regularity This study of early transnational relations explores the routine interaction of people across the boundaries of empires tribal confederacies kingdoms and city states paying particular attention to the role of long distance trade along the Silk Road and

maritime trade routes It examines the obstacles voyagers faced including limited travel and communication capabilities relatively poor geographical knowledge and the dangers of a fragmented and shifting political landscape and offers profiles of better known transnational elites such as the Hellenic scholar Herodotus and the Venetian merchant Marco Polo as well lesser known servants merchants and sailors By revealing the important political economic and cultural role cross border trade and travel played in ancient society this work demonstrates that transnationalism is not unique to modern times
