On The Shoulders Of Giants Eponyms And Names In Obstetrics And Gynaecology:

On the Shoulders of Giants Thomas F. Baskett, 1996 Eponyms and Names in Obstetrics and Gynaecology Thomas F. Baskett, 2019-01-24 Few specialties have a longer or richer eponymous background than obstetrics and gynaecology. Eponyms add a human side to an increasingly technical profession and represent the historic tradition and language of the speciality. This collection aims to perpetuate the names and contributions of pioneers and offer introductory profiles to the founders in whose steps we follow. This third edition includes 26 new entries as well as expanded detail, illustration and quotation for existing entries. Biographical data and historical and medical context are discussed for each of the 391 names with reference to 34 countries reflecting the field's far reaching origins. More than 1700 original references feature alongside an extensive bibliography of more than 2500 linked references to assist readers searching for more detailed information. This is a volume for physicians, midwives, medical historians, medical ethicists and all those interested in the history and evolution of obstetrical and gynaecological treatment.

On the Shoulders of Giants Thomas Baskett, 2010-08-01 Few specialties have a longer or richer eponymous background than obstetrics and gynaecology and eponyms add a human side to an increasingly technical profession. This book provides an introductory profile of 365 of the most significant and fascinating characters in the history of obstetrics and gynaecology. The subjects are not confined to eponyms but also include other notable names in the development of the speciality as well as several from other specialties whose contributions are relevant to obstetrics and gynaecology. For each entry, biographical data are provided and the eponym or work for which they are known is outlined with context. Where available, the original and linked references are provided. A bibliography of linked references will assist readers wanting more detailed information on individual subjects.

The Obstetrician's Armamentarium Bryan M. Hibbard, 2000 Traces the evolution of obstetric instruments from ancient times to the end of the nineteenth century in Britain, Europe and America. Dust jacket.
