constructing meaning Frost's poems she demonstrates teach the reader how they should be read at the same time they resist closure and definitive reading The reader's acts of encountering and constructing the poems parallel Frost's own encounters and acts of construction Commenting at length on a number of individual poems Oster ranges in her discussion from the ways in which the poet dramatizes the inadequacy of the self alone to the manner in which he reads the Book of Genesis or the writing of Emerson Oster illuminates finally the central conflict in Frost his need to be read well against his fear of being read his need to share his creation against his fear of its appropriation by others     *Robert Frost Among His Poems* Jeffrey S.
