[The Losing War: Disunity](#) William Joseph,2024-05-23 War was not uncommon in Canesia s history as each state grappled for power and to establish their respective family as Monarch But when ancient

creatures of the land were mysteriously resurrected the country embarked on a never ending war with Mavens stripping any hope of a bright future as the unkillable enemy a product of evolution exhibited God like strength No metal has penetrated a Maven s armor and the outcasts of the country some of whom are magic users establish their resolve to rid the country of this foe If these outcasts are to save the people of Canesia they must believe in the unfathomable and chaotic nature of magic harnessed by sadistic people and fight knowing quite well that history will not remember them as the true heroes who win wars are often overlooked      Current History ,1916
