## On Theology:

*On Theology* Schubert Miles Ogden, 1992      *An Exploration of Christian Theology* Don Thorsen, 2007-12-01 Beginning theology students often find themselves bewildered by a maze of beliefs represented in Christian history and tradition Don Thorsen's *An Exploration of Christian Theology* unravels the knots of theology by exploring the whole Christian tradition in a simple and straightforward way Beginning with introductory chapters on theology revelation and authority this book deals with biblical teaching and Christian tradition related to such topics as God creation sin Jesus Christ salvation and eschatology Chapters conclude with helpful questions for further reflection and discussion and a convenient glossary of theological terms is included This is an excellent introduction to Christian theology for classroom or individual use      **On Theology** John M. Alister E. McGrath, 2022-07-12 Theology is the study of the nature of God and of religious belief But why should that matter to us

**Herman Bavinck's Academic Orations**, 2020-09-07 On Theology Herman Bavinck's Academic Orations presents four previously untranslated works by Herman Bavinck 1854-1921 These works offer important insights into Bavinck's conceptualisation of the discipline of theology its place in the modern university and the relation in which theology stands to religion In the introductory essay Bruce R Pass draws attention to the way these speeches shed light on the development of Bavinck's thought across his tenure at the Kampen Theological School and the Free University of Amsterdam as well as the complex relationship in which Bavinck's thought stands to that of Friedrich Schleiermacher What Is Theology? Michael Horton, 2012-06-12 Every seminary in the world offers classes on Christian theology but what at its core is theology Is it a practical or theoretical discipline Is it centrally a matter of faith or of reason What are its proper means and ends Derived from Michael Horton's recently released *The Christian Faith* already one of the most significant systematic theologies of the past 50 years this digital short explores the discipline of theology through the lens of philosophy Scripture ministry and the church laying a foundation for pursuing theology as hearing wisdom understanding and more Theology serves the function of articulating the identity of this God so that he may be properly invoked Horton writes This short work constructs a conceptual framework for pastors theologians and students wanting to think more deeply about the foundational discipline of Christian thought and practice *Theology's Epistemological Dilemma* Kevin Diller, 2014-10-24 Karl Barth and Alvin Plantinga are not thought of as theological allies Barth is famous for his opposition to philosophy's role in theology while Plantinga is famous for his emphasis on warranted belief Kevin Diller argues that they actually offer a unified response to the central epistemological dilemma in theology *Faith seeking understanding* Nico Vorster, Frederik van Niekerk, 2023-03-01 How did it all begin How do we even start to engage the differences between creation narratives in the Christian Bible and modern scientific theory The authors of this book explore hermeneutic approaches and developments in biblical studies to set the scene for a religious approach This approach is open to the possibility that a literalist approach to Scripture is in fact the most unjustifiable reading of the Bible This may profoundly affect how we view God the cosmos and even ourselves To be able to read the Bible from the perspective of an open present and future paves the way for suppressed uncertainties to be

liberated This paves the way for humankind to freely question all things without being enslaved by imposed religious dogma This is not to say that religion has served its purpose but it is far from it With the rise of technological advancements come other social and anthropological problems not to mention the challenge we face on a global scale with climate change et cetera Just as we dare to peek over the edge of a future without religion the authors bring us back to the fundamental teachings of faith traditions Christianity in particular They remind us that the solutions to these challenges are to be found in us becoming better humans Becoming better humans brings us back into the arena of faith traditions When technology may lead to social disconnection and narcissism religion calls for love of self and neighbour Where greed inspired advancements threaten the future of our planet religion teaches us to be in relationship with our environment and to be custodians of it

Christian Dogmatics Carl E. Braaten, Robert W. Jenson, 2011-07 Volume 1 discusses dogmatics the Trinity the identity of God creation sin and Christology **The Christian Faith** Michael Horton, 2011-01-04 Theology the study of God is a concern for every believer not just theologians or those in ministry It s the goal of good theology to humble us before the triune God of majesty as we come to understand him better This is a book of and about good theology Award winning author theologian and professor Michael Horton wrote The Christian Faith as a book of systematic theology and doctrine that can be preached experienced and lived as well as understood clarified and articulated It s written for a growing cast of pilgrims in ministry and laity who are interested in learning about Christ as a way of living as a Christian Who understand that knowing doctrine and walking in practical Christianity are not competing interests The Christian Faith is divided into six parts five of which each focus on an aspect of God while the first part sets up an understanding and appreciation for the task of theology itself addressing topics like The source of theology where the idea of theology comes from and what its limits are The origin of the canon how the modern Bible came about and why we can trust it The character of theology is the nature of theology practical theoretical or can it be both In a manner equally as welcoming to professors pastors students and armchair theologians Horton has organized this volume in a readable fashion that includes a variety of learning features A brief synopsis of biblical passages that inform certain doctrines Surveys of past and current theologies with contemporary emphasis on exegetical philosophical practical and theological questions Substantial interaction with various Christian movements within the Protestant Catholic and Orthodoxy traditions as well as the hermeneutical issues raised by postmodernity Charts sidebars questions for discussion and an extensive bibliography divided into different entry levels and topics At the heart of this book is a deep love for and curiosity about God Its basic argument is that a personal relationship with God goes hand in hand with the pursuit of theology It isn t possible to know God without studying him *Coffeehouse Theology* Ed Cyzewski, 2014-02-27 Theology should breathe life and unity among God s people but today s culture creates a barrier of ignorance and misunderstanding in the study of God Author Ed Cyzewski seeks to build a method for theology that is rooted in a relationship with God and thrives on dialogue *C.S. Lewis—On the Christ of a Religious Economy*, 3.2 P. H.

Brazier,2014-01-16 C S Lewis On the Christ of a Religious Economy II Knowing Salvation opens with a discussion of the Anscombe Lewis debate the theological issues relating to revelation and reason Christ the Logos This leads into Lewis on the Church the body of Christ and his understanding of religion how is salvation enacted through the churches how do we know we are saved This concludes with for Lewis the question of sufferance and atonement substitution and election deliverance and redemption heaven hell resurrection and eternity Christ s work of salvation on the cross What did Lewis say of humanity in relation to God now Immanuel God with us incarnate crucified resurrected and ascended for humanity What of Lewis s own death and that of his wife What does this tell us about the triune God of Love who is Love This volume forms the second part of the third book in a series of studies on the theology of C S Lewis titled C S Lewis Revelation and the Christ The books are written for academics and students but also crucially for those people ordinary Christians without a theology degree who enjoy and gain sustenance from reading Lewis s work [www.cslewisandthechrist.net](http://www.cslewisandthechrist.net) **The God-Given Land.
