On Treacherous Ground:

On Sympathetic Grounds Naomi Greyser, 2018 *On Sympathetic Grounds* lays out sympathy's vital place in shaping North America. Naomi Greyser intersperses theoretical reflection on the affective production of space with analysis of tales of tears, heart-rending oratory and emplotment of narrative and land in work by Sojourner Truth, Sarah Winnemucca, Hopkins, Nathaniel Hawthorne and others.

Selected Works Annie Thomas, 1865. On Guard Annie Thomas, 1865. Frostgrave: Perilous Dark Joseph A. McCullough, 2019-10-31. There are many tales of the Frozen City and not all of them tell of battles between rival wizards. Often the greatest adventures are those that pit a wizard and his trusty warband against the myriad perils found amidst the ruins of Felstad. This new supplement for Frostgrave presents rules for playing solo and cooperative games in which the focus shifts from the feuds of wizards to exploring the city, unlocking its mysteries and surviving what is discovered. With guidelines for scaling game difficulty, dungeon crawls, monster generation and more, as well as ten scenarios demonstrating these options, this volume offers players everything they need to venture alone or with allies into Frostgrave. Why should wizards fight amongst themselves? There is plenty of treasure for all and the Frozen City is enemy enough.

What are We Doing when We Pray? Vincent Brümmer, 2008. Vincent Brümmer's classic book on prayer from 1984 provides a comprehensive philosophical analysis of central issues regarding the nature and practice of prayer. This new edition has been substantially revised and updated. Serving as a valuable core text for students, this book also contributes to a number of current debates in theology and philosophy of religion: the debates on realism and religious belief on the rationality of faith and the nature of theology on the relation between religious belief and morality on the relation between science and religion and the lively debate among evangelical Christians in America on the openness of God.

Broken Wings on the Silicon Wind: A Whispering Willows Chronicle Julie Flores, 2024-11-08. In a world choked by dust and corporate greed, Elara, a genetically modified orphan of the eco-terrorist group Whispering Willows, fights for survival amidst the skeletal remains of a once vibrant forest. She carries a secret: the power to siphon energy, a flicker of defiance. In a world starved of it, Zephyr, heir to the Helios empire responsible for the devastation, is haunted by glimpses of a lost world his father systematically erases. He finds solace in anonymous online forums, drawn to the whispers of dissent and the legend of the Willows. Their paths collide in the digital ether where Elara's fierce intellect captivates Zephyr and his veiled empathy cracks her hardened exterior. Their fragile online connection blossoms into a lifeline, drawing them into a dangerous dance of trust and betrayal. Together they plan a daring act of sabotage: not to destroy but to expose the truth.

behind Helios's clandestine project and the chilling ambition of Yvonne Anderson its Head of Public Relations Anderson a master manipulator with a transhumanist agenda sees Elara and Zephyr as pawns in her twisted game their burgeoning love a carefully calculated variable Torn between Elara the urgent demands of the Willows hardened leader and his own conscience Zephyr uncovers Anderson's terrifying plan to reshape humanity fueled by stolen energy As their virtual connection deepens into love their physical world hurtles towards chaos The sabotage unfolds as a silent digital war within Helios's core where Elara's unique abilities are pushed to their limits But Anderson anticipates their every move trapping Elara in a digital prison Zephyr must make an impossible choice abandon the woman he loves or risk everything to save her even if it means plunging their world into further darkness In the ensuing chaos loyalties are tested secrets are revealed and the lines between right and wrong blur Elara must confront not only a ruthless corporation but also the legacy of violence that has shaped her life Their final confrontation is not a battle of brute force but a quiet act of defiance that will determine the fate of their fractured world Can two broken wings mend the tapestry of a world ravaged by the silicon wind or will they be swept away by the storm
