**Sexual Attraction and Psychological Destruction** Karl A.E. Enenkel,2024-11-11 The book examines the myth of Hercules

and Omphale Iole which became an important topic in the visual arts in the period 1500-1800. It offers an analysis of the iconography from the perspective of the history of emotions, classical and Neo-Latin philology, reception studies and gender studies. The early modern inventions of the myth excel in a skilful display of mixed and compound emotions such as the male character's psychopathology and of the theatrical performance of emotions by the female character.

**A Handbook to the Reception of Classical Mythology** Vanda Zajko, Helena Hoyle, 2017-03-16. A Handbook to the Reception of Classical Mythology presents a collection of essays that explore a wide variety of aspects of Greek and Roman myths and their critical reception from antiquity to the present day. Reveals the importance of mythography to the survival, dissemination and popularization of classical myth from the ancient world to the present day. Features chronologically organized essays that address different sets of myths that were important in each historical era along with their thematic relevance. Features chronologically organized essays that address different sets of myths that were important in each historical era along with their thematic relevance. Offers a series of carefully selected in-depth readings including both popular and less well-known examples.

Storyworlds in Short Narratives, 2024-10-21. This interdisciplinary and comparative volume offers a systematic approach to the early Greek tale. Bringing similarities and differences between ancient Greek and early Byzantine tales to the fore, this volume thus creates new knowledge in the fields of classics, medieval studies and literary studies. Its chapters discuss the theory and poetics of tales, the art of storytelling, inherent features of the tale and the arrangement types and characteristics of tales in collections. The chapter authors base their approaches on a rich variety of texts and writers that are here discussed for the first time in one volume. Contributors are Andria Andreou, Stavroula Constantinou, Julia Doroszewska, Christian H. Gel, Markta Kulhanková, Ingela Nilsson, Nicol Sassi and Sophia Xenophontos.

*Geomythology* Timothy J. Burberry, 2021-05-25. Gold-guarding griffins, Cyclopes, killer lakes, man-eating birds and fire devils from the sky: such wonders have long been dismissed as fictional. Now, thanks to the richly interdisciplinary field of geomythology, researchers are taking a second look. It turns out that these and similar tales, which originated in pre-literate societies, contain surprisingly accurate pre-scientific intuitions about startling or catastrophic earth-based phenomena such as volcanoes, earthquakes, tsunamis and the unearthing of bizarre animal bones. *Geomythology: How Common Stories Reflect Earth Events* provides an accessible, engaging overview of this hybrid discipline. The introductory chapter surveys geomythology's remarkable history and its core concepts, while the second and third chapters analyze the geomythical resonances of universal earth tales about dragons and giants. Chapter 4 narrows the focus to regional stories and discusses the ways these and other myths have influenced legends about griffins, Cyclopes and other iconic creatures. The final chapter considers future avenues of research in geomythology, including geohazard management, geomythology databases, geomythical cold cases and ways the discipline might eventually set rather than merely support research agendas in science. Thus, the book constitutes a valuable asset for scientists and lay readers alike, particularly in a time of growing interest in monsters, massive climate change and natural disasters.

**Is Jesus Athene or Odysseus?** Max Whitaker, 2019-09-27 In this study Max Whitaker investigates the intriguing accounts of Jesus resurrection appearances especially the hidden nature of Jesus through the lens of Greco Roman narratives This throws new light on how Jesus post resurrection stories would have been understood by their original audiences Back cover

**The Myth of Morality** Richard Joyce, 2001-11-22 In The Myth of Morality Richard Joyce argues that moral discourse is hopelessly flawed At the heart of ordinary moral judgements is a notion of moral inescapability or practical authority which upon investigation cannot be reasonably defended Joyce argues that natural selection is to blame in that it has provided us with a tendency to invest the world with values that it does not contain and demands that it does not make Should we therefore do away with morality as we did away with other faulty notions such as witches Possibly not We may be able to carry on with morality as a useful fiction allowing it to have a regulative influence on our lives and decisions perhaps even playing a central role while not committing ourselves to believing or asserting falsehoods and thus not being subject to accusations of error

**Seven War Stories** Lt. Col. Donald J. Meek, 2011-02-16 Seven War Stories presents the autobiography of a retired air force veteran who served in the Korean War the conflict in Southeast Asia and the Cuban crisis Donald J Meek's boyhood dream was to be a pilot in the air force a goal that was unattainable when he enlisted as high school graduates were not being accepted into pilot training He was determined to fly however and became a crewmember in numerous types of aircraft trying many different jobs until he achieved his ultimate goal of becoming a pilot Mystery and intrigue reign as Meek reveals the intimate details of the clandestine duties that he performed during the Secret War in Laos He recounts unbelievable tales of heroism that he performed in the line of duty during the Southeast Asia conflict Experience the feel of the 50 caliber guns in a gunners compartment during a night intruder mission as well as the firing of a simulated nuclear missile from an Air Defense Command fighter interceptor as he details seven suspenseful flights that provided the basis for his illustrious career as a pilot

**The Oxford Handbook of Monsters in Classical Myth** Debbie Felton, 2024-10-10 The Oxford Handbook of Monsters in Classical Myth presents forty chapters about the unique and terrifying creatures from myths of the long ago Near East and Mediterranean world featuring authoritative contributions by many of the top international experts on ancient monsters and the monstrous The first part provides original studies of individual monsters such as the Chimera Cerberus the Hydra and the Minotaur and of monster groups such as dragons centaurs sirens and Cyclopes This section also explores their encounters with the major heroes of classical myth including Perseus Jason Heracles and Odysseus The second part examines monsters of ancient folklore and ethnography encompassing the restless dead blood drinking lamiae exotic hybrid animals the so called dog headed men and many other unexpected

creatures and peoples The third part covers various interpretations of these creatures from multiple perspectives including psychoanalysis colonialism and disability studies with monster theory itself evident across the entire volume The final part discusses reception of these ancient monsters across time and space from the Middle Ages to the Renaissance to modern times from Persia to Scandinavia the Caribbean and Latin America and concludes with chapters considering the use and adaptation of ancient monsters in children s literature science fiction fantasy and modern scientific disciplines This Handbook is the first large scale inclusive guide to monsters in antiquity their places in literature and art across the millennia and their influence on later literature and thought

### **Studies in the Historical Jesus** Justin J.

Meggitt,2023-08-29 Studies in the Historical Jesus Anarchy Miracles and Madness is a selection of key essays on the historical figure of Jesus published over the last fifteen years by Justin J Meggitt Each addresses a central question in the study of Jesus and his context from the role of myth in the creation of traditions about him and the historicity of his miracles to the problem of his politics and the reasons for his execution The collection brings fresh perspectives and new data to bear on enduring debates and demonstrates the value of history from below in making sense of the historical Jesus and the world that made him

### **Inventing Origins? Aetiological Thinking in Greek and Roman Antiquity** ,2021-12-06

Aetiologies seem to gratify the human desire to understand the origin of a phenomenon However as this book demonstrates aetiologies do not exclusively explore origins Rather in inventing origin stories they authorise the present and try to shape the future This book explores aetiology as a tool for thinking and draws attention to the paradoxical structure of origin stories Aetiologies reduce complex ambivalence and plurality to plainly causal and temporal relations but at the same time by casting an anchor into the past they open doors to progress and innovation

## **On Unbelievable Tales Introduction**

In today's digital age, the availability of On Unbelievable Tales books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of On Unbelievable Tales books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of On Unbelievable Tales books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing On Unbelievable Tales versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, On Unbelievable Tales books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing On Unbelievable Tales books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for On Unbelievable Tales books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the

Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, On Unbelievable Tales books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of On Unbelievable Tales books and manuals for download and embark on your journey of knowledge?
