On the Public Agenda John Spritzler, David G. Stratman, 2006 Puts the idea of dissidence and the confidence to effect change back on the public agenda Environmental Journalism Henrik Bodker, Irene Neverla, 2014-10-29 Environmental journalism is an increasingly significant area for study within the broader field of journalism studies It connects the concerns of politics science business culture and the natural world whilst also exploring the boundaries between the local regional and global A central and typical focus for its concerns are the global summits convened to share scientific knowledge about global warming and to formulate policies to mitigate its consequences in particular locales But reporting environmental change creates difficulties for journalists who are often ill equipped to resolve the uncertainties in the disputed scientific accounts of climate change This research based collection focuses on aspects of environmental journalism in Australia France Norway Sweden the UK and the USA Contributors present case studies of media reporting of the environment and explore considerations of objectivity and advocacy in journalistic coverage of the environment and climate change This book was originally published as a special issue of Journalism Studies **The Rigged Game** John Hively, 2006 Demonstrates what popular opinion entertains that the rich get richer and the poor get poorer *Public Opinion and Interest Group Politics* A. Thuynsma, 2012-05-22 In more developed democracies such as the US and Germany interest groups both shape and promote public opinion Regrettably this is not always true in South Africa's nascent system This anthology tries to understand why interest groups do not affect or advance public opinion in South Africa and then suggests how interest groups can redress the situation **Bound by Power** Jeffery Klaehn, 2006 Examines how power operates within the world and the various costs which can ensue from dissent Essays in Public Theology Dirkie Smit, 2007-04-01 What is the role of the church in society What role did the church play in South Africa during apartheid in the struggle against apartheid and during the period of transformation The essays collected and published in this volume deal with questions such as these They are all occasional pieces They were written over two decades and reflect the times in which they originated always intended for specific audiences always addressing issues of the particular moment **Color, Class, and Politics in Jamaica** Aggrey Brown, A Subject Index to Current Literature Australian Public Affairs Information Service, The Oxford Handbook of the American Presidency George C. Edwards, William G. Howell, 2011-08-04 With engaging new contributions from major figures in the field The Oxford Handbook of the American Presidency provides the key point of reference for anyone working in American politics today *Agenda Setting* David Protess, Maxwell E. McCombs, 2016-07-22 The role of the news media in defining the important issues of the day also known as the agenda setting influence of mass communication has received widespread attention over the past 20 years Since the publication of McCombs and Shaw's seminal empirical study more than one hundred journal articles and monographs have appeared This collection exemplifies the major phases of research on agenda setting tests of the basic hypothesis contingent conditions affecting the strength of this influence the natural history

of public issues mass media influence on public policy and the role of external sources from the president to public relations staffs on the news agenda **Public Knowledge in Cold War Poland** Alexej Lochmatow,2023-09-22 This book explores the public debates among scholars that took place in Early Cold War Poland The author challenges the traditional narrative on the Sovietisation of Central and Eastern European countries and proposes to see this process not as a spread of Marxist ideology or a Soviet institutional model but as an attempt to force scholars to rapidly adopt new academic and civic virtues This book argues that this project failed to succeed in Poland and shows how the struggle against these new virtues united both Marxist and non Marxist scholars While covering the arc of Polish scholarly debates the author invites the reader to go beyond Poland and to use virtues as a framework for reflections on both the foundations of scholarly practice and the nature of authoritarian regimes with their ambition to teach scholars how to be virtuous **Second Thoughts: Sociology**

Challenges Conventional Wisdom Janet M. Ruane,Karen A. Cerulo,2011-06-07 Do birds of a feather flock together or do opposites attract Does haste make waste or should you strike while the iron is hot Adages like these or conventional wisdoms shape our social life This Fifth Edition of Second Thoughts reviews several popular beliefs and notes how such adages cannot be taken at face value This unique text encourages students to step back and sharpen their analytic focus with 24 essays that use social research to expose the gray areas of commonly held beliefs revealing the complexity of social reality and sharpening students sociological vision *Should We Change How We Vote?* Andrew Potter,Daniel M. Weinstock,Peter Loewen,2017-04-01 During the 2015 federal election the Liberal Party pledged that if elected they would end the first past the post electoral system where whichever candidate receives the most votes wins a riding even if they have not received a majority of all votes cast In early 2017 the Liberals reneged on their campaign promise declaring that there was a lack of public consensus about how to reform the system Despite the broken promise and because of the public outcry discussions about electoral reform will continue around the country Challenging the idea that first past the post is obsolete *Should We Change How We Vote* urges Canadians to make sure they understand their electoral system before making drastic changes to it The contributors to this volume assert that there is perhaps no institution more misunderstood and misrepresented than the Canadian electoral system praised by some for ensuring broad regional representation in Ottawa but criticized by others for allowing political parties with less than half the popular vote to assume more than half the seats in Parliament They consider not only how the system works but also its flaws and its advantages and whether or not electoral reform is legitimate without a referendum An essential guide to the crucial and ongoing debate about the country s future *Should We Change How We Vote* asks if there are alternative reforms that would be easier to implement than a complete overhaul of the electoral system **Theology and Ethics for the Public Church** Samuel Yonas Deressa,Mary Sue Dreier,2023-11-24 How might the Christian church effectively engage today s politically charged profit motivated world while remaining faithful to its biblical and theological roots The contributors in this book argue that public theology provides a promising pathway

forward The public theology emerging from these pages has been influenced by the theological interests and commitments of Gary M Simpson Lutheran pastor and systematic theologian His approach to public theology is intersectional and global he artfully weaves together Lutheran theology and the civil society arena of Critical Social Theory These essays provide three angles of vision on faith active in twenty first century public contexts contextual ethical and theological While not mutually exclusive these distinct strands of thought engage and challenge the church to substantial reflection on the challenging and often bewildering circumstances of the twenty first century social world Some reflect on God s activity within particular global contexts others offer new perspectives on Lutheran confessional traditions still others step boldly into innovative theological assertions As the Christian church is ever forming and reforming this book urges it to grapple with the publicness of its timely and timeless mission
