On the Set of Fellini Satyricon Eileen Lanouette Hughes, 1971 Classical Myth and Culture in the Cinema Martin M. Winkler Professor of Classics George Mason University, 2001-05-29 Classical Myth and Culture in the Cinema is a collection of essays presenting a variety of approaches to films set in ancient Greece and Rome and to films that reflect archetypal features of classical literature The diversity of content and theoretical stances found in this volume will make it required reading for scholars and students interested in interdisciplinary approaches to text and image **Federico Fellini** Peter Bondanella, 1992-05-05 This major artistic biography of Federico Fellini shows how his exuberant imagination has been shaped by popular culture literature and his encounter with the ideas of C G Jung especially Jungian dream interpretation Covering Fellini's entire career the book links his mature accomplishments to his first employment as a cartoonist gagman and sketch artist during the Fascist era and his development as a leading neo realist scriptwriter Peter Bondanella thoroughly explores key Fellinian themes to reveal the director's growth not only as an artistic master of the visual image but also as an astute interpreter of culture and politics Throughout the book Bondanella draws on a new archive of several dozen manuscripts obtained from Fellini and his scriptwriters These previously unexamined documents allow a comprehensive treatment of Fellini's important part in the rise of Italian neorealism and the even more decisive role that he played in the evolution of Italian cinema beyond neorealism in the 1950s By probing Fellini's recurring themes Bondanella reinterprets the visual qualities of the director's body of work and also discloses in the films a critical and intellectual vitality often hidden by Fellini's reputation as a storyteller and entertainer After two chapters on Fellini's precinematic career the book covers all the films to date in analytical chapters arranged by topic Fellini and his growth beyond his neorealist apprenticeship dreams and metacinema literature and cinema Fellini and politics Fellini and the image of women and La voce della luna and the cinema of poetry Federico Fellini as Auteur John C. undertheorized phenomenon The prevailing handful of existing studies seem to have adopted an inherently historicist approach which fails to identify and scrutinize their aesthetic importance Thus rather than regarding them as mere recorded versions of existing literary works this book explores them as the unique products of a hitherto undefined artistic genre As performance based aural artefacts the very act of listening to them is rendered an aesthetic experience in its own right By effectively embracing an interdisciplinary approach and introducing a set of aesthetic questions and philosophical conundrums ignited by a paradigmatic application of the New Institutional Theory of Art this study establishes a new aesthetic category which in turn not only classifies audiobooks as artworks to all intents and purposes but also generates the criteria and parameters for evaluating their merit Since the proof of the proverbial pudding is purportedly in the eating in surveying a series of concrete case studies each highlighting different degrees of complexities this study mainly examines first person narratives as the most natural medium for the aesthetics of the audiobook As such the investigation herein provides one with comparative close listenings appropriately analyzing and debating their aesthetic properties Finally in exploring what this study identifies as one s informed intuition and its role in the craft of casting audiobooks this study also proposes a new understating of how aesthetic appreciation works in action The Italian Cinema Book Peter Bondanella, 2019-07-25 THE ITALIAN CINEMA BOOK is an essential guide to the most important historical aesthetic and cultural aspects of Italian cinema from 1895 to the present day With contributions from 39 leading international scholars the book is structured around six chronologically organised sections THE SILENT ERA 1895 22 THE BIRTH OF THE TALKIES AND THE FASCIST ERA 1922 45 POSTWAR CINEMATIC CULTURE 1945 59 THE GOLDEN AGE OF ITALIAN CINEMA 1960 80 AN AGE OF CRISIS TRANSITION AND CONSOLIDATION 1981 TO THE PRESENT NEW DIRECTIONS IN CRITICAL APPROACHES TO ITALIAN CINEMA Acutely aware of the contemporary rethinking of Italian cinema history Peter Bondanella has brought together a diverse range of essays which represent the cutting edge of Italian film theory and criticism This provocative collection will provide the film student scholar or enthusiast with a comprehensive understanding of the major developments in what might be called twentieth century Italy s greatest and most original art form
