Once Future King:

The Once and Future King T. H. White, 2011-11-01 T H White's masterful retelling of the saga of King Arthur is a fantasy classic as legendary as Excalibur and Camelot and a poignant story of adventure romance and magic that has enchanted readers for generations Once upon a time a young boy called Wart was tutored by a magician named Merlyn in preparation for a future he couldn t possibly imagine A future in which he would ally himself with the greatest knights love a legendary queen and unite a country dedicated to chivalrous values A future that would see him crowned and known for all time as Arthur King of the Britons During Arthur's reign the kingdom of Camelot was founded to cast enlightenment on the Dark Ages while the knights of the Round Table embarked on many a noble guest But Merlyn foresaw the treachery that awaited his liege the forbidden love between Queen Guenever and Lancelot the wicked plots of Arthur's half sister Morgause and the hatred she fostered in Mordred that would bring an end to the king s dreams for Britain and to the king himself The Once and Future King mingles wisdom wonderful laugh out loud humor and deep sorrow while telling one of the great tales of the Western world Guy Gavriel Kay The Once and Future King T. H. White, 2022-08-16 In The Once and Future King T H White masterfully reinterprets the Arthurian legend through a blend of rich narrative and philosophical inquiry The novel unfolds in four parts culminating in a profound exploration of power justice and the human condition against the backdrop of a fantastical realm White's eloquent prose interweaves humor and tragedy rendering complex characters such as King Arthur Merlyn and Guinevere with depth and relatability The book serves not only as an enthralling retelling of the myths but also as a reflection on the failures and potential of human governance echoing the sociopolitical anxieties of the mid 20th century when it was penned T H White an English writer and a classicist drew upon his own experiences and extensive research into medieval history and folklore to craft this seminal work His personal struggles particularly with themes of power and morality no doubt influenced his depiction of Arthur's journey from naive boy to an enlightened ruler As a result White imbues the narrative with both a sense of nostalgia and a critique of contemporary political issues positioning it within the broader Romantic and modernist literary movements This book is a must read for anyone fascinated by the intricacies of leadership and the moral dilemmas that accompany it White s blend of comedy tragedy and philosophical reflection creates a tapestry that transcends time encouraging readers to ponder the legacies of leadership and the timeless question of what it means to be king Dive into this rich literary feast that effortlessly marries myth history and poignant social commentary

Buckley, 2015-06-23 This remarkable book shatters just about every myth surrounding American government the Constitution and the Founding Fathers and offers the clearest warning about the alarming rise of one man rule in the age of Obama Most Americans believe that this country uniquely protects liberty that it does so because of its Constitution and that for this our thanks must go to the Founders at their Convention in Philadelphia in 1787 F H Buckley's book debunks all these myths America isn t the freest country around according to the think tanks that study these things And it s not the Constitution that made it free since parliamentary regimes are generally freer than presidential ones Finally what we think of as the Constitution with its separation of powers was not what the Founders had in mind What they expected was a country in which Congress would dominate the government and in which the president would play a much smaller role Sadly that s not the government we have today What we have instead is what Buckley calls Crown government the rule of an all powerful

have is what Founder George Mason called an elective monarchy which he thought would be worse than the real thing Much of this is irreversible Constitutional amendments to redress the balance of power are extremely unlikely and most Americans seem to have accepted and even welcomed Crown government The way back lies through Congress and Buckley suggests feasible reforms that it might adopt to regain the authority and respect it has squandered The Once and Future King T.
