Once More Around The Block Familiar Essays:

Familiarity Breeds Content Joseph Epstein, 2024-04-16 A collection of personal essays from America's most revered essay writer Joseph Epstein America's greatest living essayist writes about life and aging and being all too nicely out of it In these personal pieces he takes on topics as varied as grieving for a dead son learning Latin late in life and the pleasures of living with cats Epstein gives us a bonfire of his own vanities his thoughts about why watching sports is so impossibly seductive what it is like to be short and why he misses smoking even decades as a health obsessed non smoker Above all he writes about the literary life and the endless joys that reading and writing have brought to a self confessed lucky man

Estranging the Familiar George Douglas Atkins, 1992 In *Estranging the Familiar* G Douglas Atkins addresses the often lamented state of scholarly and critical writing as he argues for a criticism that is at once theoretically informed and personal The revitalized critical writing he advocates may entail but is not limited to a return to the essay the form critical writing once took and the form that is now enjoying a resurgence of popularity and excellence Atkins contends that to reach a general audience criticism must move away from the impersonality of modern criticism and contemporary theory without embracing the old fashioned essay The venerable familiar essay may remain the basis Atkins writes but its conventional openness receptivity and capaciousness must extend to theory philosophy and the candor that seems to mark the tail end of the twentieth century In noting the timeliness if not the necessity of a return to the essay Atkins also considers our culture's parallel return to the personal When the essay combines good writing with the concerns of the personal Atkins says it becomes a form of criticism that is readable vital and potentially attractive to a large readership Atkins hopes critics will tap into the revitalized interest the essay now enjoys without ignoring the considerable insights and advances of contemporary theory He argues that despite claims to the contrary there is no inherent incompatibility between the essay and modern theory As Atkins considers various experiments in critical writing from Plato to the present notably feminist interest in the personal and autobiographical he contends that these attempts although undeniably important fall short of the desired goal when they emphasize the merely expressive and neglect the artful quality good writing can bring to personal criticism The final third of the book consists of a series of experiments in critical writing that represent the author's own attempts to bridge the gap between theory and popular criticism between an academic and a general audience In essays that illustrate the rhetorical power of the form Atkins describes the reciprocal relationship between his life experience and a reading of *The Odyssey* explains the role that theory has played in his personal development and chronicles his attempts to find a voice as a writer

Never Say You've Had a Lucky Life Joseph Epstein, 2024-04-16 A rich and comic portrait of the radical changes in American life and the literary world over the last eighty years An autobiography usually requires a justification The great autobiographies those by Benvenuto Cellini Jean Jacques Rousseau Benjamin Franklin and Henry Brooks Adams were justified by their authors living in interesting times harboring radically new ideas or participating in great events Joseph

Epstein qualifies on none of these counts His life has been quiet lucky in numerous ways and far from dramatic But it has also been emblematic of the great changes in our country since World War II He grew up in a petit bourgeois Midwestern milieu and the city of Chicago looms large in his life He drew a lucky ticket in the parent lottery and his was a happy boyhood spent on playgrounds and hanging around drug stores At high school dances he was the rhumba king and at drive in movies he was never allowed to go as far with girls as he so ardently desired At twenty six after two years in the army he found himself married the father or stepfather of four children and living in New York on the meager salary of a magazine subeditor He was ablaze with ambition and fettered by frustration He broke out by moving to Little Rock Arkansas to direct the city s anti poverty program at the height of the Civil Rights movement His writing career blossomed he began teaching at Northwestern University and for twenty five years edited one of great intellectual magazines Never Say You ve Had a Lucky Life is an intimate look at one life steeped in radical change from a traditionally moral culture to a therapeutic one from an era when the extended family was strong to its current diminished status from print to digital life featuring the war of pixel on print and on But for all the seriousness of Epstein s themes this book is memorable for its comic point of view and the constant reminder of how unpredictable various and wondrously rich life can be Once More Around the Block Joseph Epstein,1990-01-01 Offers a collection of essays about such topics as growing older the pleasures of friendship gluttony and keeping journals **Essays in Biography** Joseph Epstein,2012-09-14 Who is the greatest living essayist writing in English Unquestionably Joseph Epstein Epstein is penetrating He is witty He has a magic touch with words that hard to define but immediately recognizable quality called style Above all he is impossible to put down How easy it is today to forget the simple delight of reading for no intended purpose Each of the 39 pieces in this book is a pure pleasure to read Now with linking endnotes and index **Literary Education and Other Essays** Joseph Epstein,2014-06-01 Who invented the personal essay That is hard to say The ancient Roman philosopher and cynical power broker Seneca The 16th century French philosopher Montaigne certainly brought it to a peak of perfection There were many 19th century masters not so many after that Who is the greatest living essayist writing in English That requires no debate at all It is unquestionably Joseph Epstein He is not only the best living essayist he is right up there in the company of Seneca and Montaigne but one of our own living in our era and dealing with our pleasures and travails Epstein is penetrating He is witty He has a magic touch with words that hard to define but immediately recognizable quality called style Above all he is impossible to put down Epstein reads omnivorously and brings us the best of what he reads passages that we would never have found on our own How easy it is today in the digital age drowning in emails and other ephemera to forget the simple delight of reading for no intended purpose Like any master essayist however this one brings us more than the shared experience of a lifetime of reading He brings us himself alternately scolding and charming sparkling and deep buoyant and sad zany and wise rebellious and conservative bookworm and sports fan clever and everyman debunker and preservationist deep into high culture deep into low culture curious fresh

and settled in his ways This is the friend we all wish we could have the ideal humane companion who is completely comfortable in his own human skin Like Plutarch he gives us life teaching by example but with a wry smile and such a sure hand that we hardly notice the instruction It is pure pleasure **The Novel, Who Needs It?** Joseph Epstein, 2023-07-18 In this brief but highly engaging book Joseph Epstein argues for the primacy of fiction and specifically of the novel among all intellectual endeavors that seek to describe the behavior of human beings Reading superior fiction he holds arouses the mind in a way that nothing else quite does He shows how the novel at its best operates above the level of ideas in favor of taking up the truths of the heart No other form probes so deeply into that eternal mystery of mysteries human nature than does the novel Along the way Epstein recounts how we read fiction differently than much else we read He sets out how memory works differently in the reading of fiction than in that of other works He notes that certain novels are best read at certain ages and suggests that novels like movies might do well to carry ratings with some novels best read no later than one's early twenties others not to be read before the age of forty The knowledge one acquires from reading novels differs from all other kinds of knowledge for the subject of all superior fiction is human existence itself in all its variousness and often humbling confusion The spirit of the novel entails questioning much that others consider home truths This is demonstrated by the fact that so many important philosophers social scientists jurists and other intellectuals have been devoted readers of fiction among them Oliver Wendell Holmes Jr Michael Oakeshott Edward Shils and Clifford Geertz The Novel Who Needs It takes up those current elements in the culture that militate against the production of first rate fiction Prominent among them are the rise of online reading the expansion of creative writing programs the artistically discouraging effects of political correctness and the pervasiveness of therapeutic thinking throughout contemporary culture As for the title The Novel Who Needs It Joseph Epstein's answer is that we all do *Cleanth Brooks and the Rise of Modern Criticism* Mark Royden Winchell, 1996 During a career that spanned sixty years Cleanth Brooks was involved in most of the major controversies facing the humanities from the 1930s until his death in 1994 He was arguably the most important American literary critic of the mid twentieth century Because it is impossible to understand modern literary criticism apart from Cleanth Brooks or Cleanth Brooks apart from modern literary criticism Mark Royden Winchell gives us not only an account of one man's influence but also a survey of literary criticism in twentieth century America More than any other individual Brooks helped steer literary study away from historical and philological scholarship by emphasizing the autonomy of the text He applied the methods of what came to be called the New Criticism not only to the modernist works for which these methods were created but to the entire canon of English poetry from John Donne to William Butler Yeats In his many critical books especially *The Well Wrought Urn* and the textbooks he edited with Robert Penn Warren and others Brooks taught several generations of students how to read literature without prejudice or preconception *The New Diaspora* Avinoam Patt, Mark Shechner, Victoria Aarons, 2015-05-01 Readers of contemporary American fiction and Jewish cultural history will find *The New Diaspora*

enlightening and deeply engaging **A Fellowship of Differents** Scot McKnight,2015-02-24 In this compelling book about diversity and community McKnight shares his personal experiences and his study of the Apostle Paul to answer this significant question What is the church supposed to be Local churches matter far more than we often know because they determine what Christian life looks like for you The church McKnight grew up in was a fellowship of sames and likes Mostly white same beliefs about everything same tastes in music and worship and sermons and lifestyle But the church God designed says McKnight is meant to be a fellowship of difference and differents A mixture of people from all across the map and spectrum men and women rich and poor black and white and everything in between A Fellowship of Differents explores the church as God's world changing social experiment of bringing unlikes and differents to the table to share life with one another as a new kind of family showing the world what love justice peace reconciliation and life together is designed by God to be
