The Awakening

The Darkest Powers Trilogy Book II

Book II in the Darkest Powers trilogy takes us deeper into a world where the supernatural intrudes on the everyday with riveting effect. If you had met me a few weeks ago you probably would have described me as an average teenage girl, someone normal. Now my life has changed forever and I'm as far away from normal as it gets. A living science experiment not only can I see ghosts but I was genetically altered by a group of people who call themselves The Edison Group. What does that mean? For starters I'm a teenage necromancer whose powers are out of control. I raise the dead without even trying. Trust me that is not a power you want to have. Ever. I'm running for my life with three of my supernatural friends: a charming sorcerer, a cynical werewolf and a disgruntled witch, and we have to find someone who can help us gain our freedom back before The Edison Group finds us first. Or die trying.

The Reckoning

The Darkest Powers Trilogy Book III

Only two weeks ago life was all too predictable. But that was before I saw my first ghost. Now along with my supernatural friends, Tori, Derek and Simon, I'm on the run from the Edison Group, which genetically altered us as part of their sinister experiment. We're hiding in a safe house that might not be as safe as it seems. We'll be gone soon anyway back to rescue those we left behind and take out the Edison Group, or so we hope.

Threatened by Hinton's return, Hinton's uncle hatches a sinister plot using Hinton's girlfriend, Olivia, as a pawn. As Hinton struggles between the impulse to avenge his dad's death and the desire to seek a way out of that corrupt life, he embarks on a downward spiral of revenge and madness from which he and those he loves are unlikely to escape. June 1940. France is teetering on the brink of collapse. British troops are desperately fleeing Dunkirk. Germany is winning the war. Its next target is Britain and Ireland. In neutral Dublin, opinions are divided. Some want Germany to win, others favour Britain. Most want to stay out of the war altogether. In this atmosphere of edgy uncertainty, young lieutenant Paul Duggan is drafted into G2, the army's intelligence division, and put on the German desk. He's given a suspected German spy to investigate, one who doesn't appear to do much other than write ambiguous letters to a German intelligence post box in Copenhagen. Before Duggan can probe further, however, he is diverted by a request from his politician uncle to try and find his daughter, who's gone missing, possibly kidnapped. Enlisting the help of witty Special Branch detective Peter Gifford, the two lines of inquiry take Duggan into the double-dealing worlds of spies and politics, and lead him back to a shocking secret that will challenge everything he has grown up believing. An addictive thriller that will keep you glued to the page right through to its heart-pounding finale.
