Pilgrims Guide To Planet Earth:

A Pilgrim's Guide to Planet Earth Parmatma Khalsa, Wildwood House, Limited, 1981 [A Pilgrim's Guide to Planet Earth](#), 1981 **A Pilgrims Guide to Planet Earth** Wildwood House, Limited, 1981-01-01 **A Pilgrim's Guide to Planet Earth**, 1974 **Looking for Mary Magdalene** Anna Fedele, 2013 Winner of the Award for Excellence in Religion Analytical Descriptive Studies from the American Academy of Religion Anna Fedele offers a sensitive ethnography of alternative pilgrimages to French Catholic shrines dedicated to Saint Mary Magdalene Drawing on more than three years of fieldwork she describes how pilgrims from Italy Spain Britain and the United States interpret Catholic figures symbols and sites according to theories derived from the international Neopagan movement Fedele pays particular attention to the pilgrims life stories rituals and reading She examines how they devise their rituals how anthropological literature has influenced them and why this kind of spirituality is increasingly prevalent in the West These pilgrims cultivate spirituality in interaction with each other and with textual sources Jungian psychology Goddess mythology and indigenous traditions merge into a corpus of practices centered upon the worship of the Goddess and Mother Earth and the sacralization of the reproductive cycle Their rituals present a critique of Roman Catholicism and the medical establishment and question contemporary discourse on gender *Pilgrim's Path: A Guide to Purposeful Travel* Pasquale De Marco, 2025-07-23 Are you seeking a more meaningful and fulfilling life Do you long to connect with something deeper than yourself If so then pilgrimage may be the answer you've been searching for Pilgrimage is a journey both physical and spiritual that can lead to profound growth and change It is a chance to step outside of your comfort zone and to open yourself up to new experiences and new ways of being This book is a guide to help you create your own pilgrimage whether it is a physical journey to a distant land or an inner journey of self discovery With practical advice and inspiring stories this book will help you to plan your pilgrimage embrace the challenges along the way and return home transformed Pilgrimage is not about escaping from the world it is about engaging with it more deeply It is about opening our hearts and minds to new experiences and new ways of being When we return from our pilgrimage we bring back with us a renewed sense of purpose and a deeper understanding of our place in the world This book is for anyone who is seeking a more meaningful and fulfilling life Whether you are a seasoned pilgrim or you are just beginning to explore the world of pilgrimage this book will help you to embark on a journey that will change your life forever Pilgrimage is a practice that is as old as humanity itself For centuries people from all walks of life have undertaken pilgrimages to sacred sites seeking spiritual growth healing and connection with the divine In recent years there has been a resurgence of interest in pilgrimage as people seek ways to find meaning and purpose in their lives This book is a timely and important guide to the practice of pilgrimage With its wisdom and guidance this book will help you to create a pilgrimage that is uniquely your own and that will lead you to a deeper understanding of yourself your world and your place in it If you like this book write a review **A Sacred Vertigo** Deana L. Weibel, 2022-02-14 Built into a huge cliff in central France the

town of Rocamadour is a visual marvel and a place of contradictions Pilgrims come to venerate its ancient Black Madonna but are outnumbered by secular tourists Weibel provides an intimate look at the transformation of Rocamadour from a significant religious center to a tourist attraction the efforts by clergy to restore Rocamadour's spiritual character the supernatural reinterpretations of the shrine by non Catholics and the desperate decision by the Diocese to participate in tourism itself with disastrous results For more information check out A Conversation with Deana L Weibel A Sacred Vertigo Pilgrimage and Tourism in Rocamadour France or this podcast episode on Meaningful Journeys Deana L Weibel appears on The Camino Podcast to discuss A Sacred Vertigo Pilgrimage and Tourism in Rocamadour France Watch here **Facing the Wild** Chilla Bulbeck, 2012 What do wild animals mean to humans Will they survive both rampant habitat loss and extinction caused by human encroachment and as ecotourists our enthusiasm for them With ecotourism now the fastest growing segment of tourism and encounters with wild animals be it swimming with dolphins going on safari or bird watching ever more popular these are critical questions Yet until now little has been known about why people crave encounters with wild animals and the meaning for the ecotourism industry conservation efforts and society at large Facing the Wild is the first serious empirical examination of why people seek out animals in their natural environment what the desire for this experience tells us about the meanings of animals nature authenticity and wilderness in contemporary industrialized societies and whether visitors change their environmental perspectives and behaviour as the custodians of wildlife parks would like them to The book explores the contradictions and ambivalence that so many people experience in the presence of wild nature in loving it we may diminish it and in the act of wanting to see it we may destroy it Ultimately the book makes a case for respectful stewardship of a hybrid nature and provides insight for both practitioners and ecotourists alike

Claiming Sacred Ground Adrian J. Ivakhiv, 2001-07-26 Claiming Sacred Ground Pilgrims and Politics at Glastonbury and Sedona Adrian J Ivakhiv A study of people and politics at two New Age spiritual sites In this richly textured account Adrian Ivakhiv focuses on the activities of pilgrim migrants to Glastonbury England and Sedona Arizona He discusses their efforts to encounter and experience the spirit or energy of the land and to mark out its significance by investing it with sacred meanings Their endeavors are presented against a broad canvas of cultural and environmental struggles associated with the incorporation of such geographically marginal places into an expanding global cultural economy Ivakhiv sees these contested and heterotopic landscapes as the nexus of a complex web of interests and longings from millennial anxieties and nostalgic re imaginings of history and prehistory to real estate power grabs contending religious visions and the free play of ideas from science pseudo science and popular culture Looming over all this is the nonhuman life of these landscapes anotherness that alternately reveals and conceals itself behind a pagenant of beliefs images and place myths A significant contribution to scholarship on alternative spirituality sacred space and the politics of natural landscapes Claiming Sacred Ground will interest scholars and students of environmental and cultural studies and the sociology of religious movements and pilgrimage
