Reading From The Margins Textual Studies Chaucer And Medieval Literature

R Sandford

Reading From The Margins Textual Studies Chaucer And Medieval Literature:

Reading from the Margins Seth Lerer, 1996 The six essays in *Reading from the Margins* explore new approaches to the textual study of medieval manuscripts Ralph Hanna III and A S G Edwards open the volume's broad inquiry into Chaucer's early readership by looking at the annotation on the flyleaves of the Ellesmere manuscript Julia Boffey shows the **The Cambridge Companion to Textual Scholarship** Neil Fraistat, Julia Flanders, 2013-05-09 An introduction to studying and editing texts in all forms from manuscript to digital *Twentieth-Century Chaucer Criticism* Kathy Cawsey, 2016-02-17 Shifting ideas about Geoffrey Chaucer's audience have produced radically different readings of Chaucer's work over the course of the past century Kathy Cawsey in her book on the changing relationship among Chaucer critics and theories of audience draws on Michel Foucault's concept of the author function to propose the idea of an audience function which shows the ways critics' concepts of audience affect and condition their criticism Focusing on six trend-setting Chaucerian scholars Cawsey identifies the assumptions about Chaucer's audience underpinning each critic's work arguing these ideas best explain the diversity of interpretation in Chaucer criticism Further Cawsey suggests few studies of Chaucer's own understanding of audience have been done in part because Chaucer criticism has been conditioned by scholars' latent suppositions about Chaucer's own audience In making sense of the confusing and conflicting mass of modern Chaucer criticism Cawsey also provides insights into the development of twentieth-century literary criticism and theory **Mary Magdalene and the Drama of Saints** Theresa Coletti, 2013-11-15 A sinner saint who embraced then renounced sexual and worldly pleasures a woman who through her attachment to Jesus embodied both erotic and sacred power a symbol of penance and an exemplar of contemplative and passionate devotion perhaps no figure stood closer to the center of late medieval debates about the sources of spiritual authority and women's contribution to salvation history than did Mary Magdalene and perhaps nowhere in later medieval England was cultural preoccupation with the Magdalene stronger than in fifteenth-century East Anglia Looking to East Anglian texts including the *N-Town Plays* *The Book of Margery Kempe* *The Revelations of Julian of Norwich* and *Bokenham's Legend of Holy Women* Theresa Coletti explores how the gendered symbol of Mary Magdalene mediates tensions between masculine and feminine spiritual power institutional and individual modes of religious expression and authorized and unauthorized forms of revelation and sacred speech Using the Digby play *Mary Magdalene* as her touchstone Coletti engages a wide variety of textual and visual resources to make evident the discursive and material ties of East Anglian dramatic texts and feminine religion to broader traditions of cultural commentary and representation In bringing the disciplinary perspectives of literary history and criticism gender studies and social and religious history to bear on specific local instances of dramatic practice *Mary Magdalene and the Drama of Saints* highlights the relevance of Middle English dramatic discourse to the dynamic religious climate of late medieval England In doing so the book decisively challenges the marginalization of drama within medieval English studies elucidates vernacular theater's

kinship with influential late medieval religious texts and institutions and articulates the changing possibilities for sacred representation in the decades before the Reformation Oxford Guides to Chaucer: Troilus and Criseyde Barry

Windeatt,2023-08-24 This is a comprehensive critical guide to Chaucer's Troilus and Criseyde This new edition has been comprehensively revised in light of the latest scholarly and critical research and with a fully updated bibliography It includes a full account of Chaucer's imaginative deployment of his sources and an extended survey of this narrative poem's innovative combination of a range of generic identities The chapters explain how Chaucer builds thematic significance into his poem's symmetrical structure and the poem's distinctive variety in style and language as well as a full commentary on the poem's concerns with love in the contexts of time and mutability and human free will The Guide explores the poem as an extended debate about the nature and value of love and how love was conceptualized and experienced as a form of service in quest of compassionate reward a quasi religious devotion and a potentially fatal illness always in hope of cure The subjectivities of the chief protagonists are fully analysed as is the poem's problematic ending Alongside discussions of theme and structure there is also an account of what the extant manuscripts of Troilus and Criseyde may reveal about the poem's early genesis and a unique survey of responses to Troilus from its own times to the present day Barry Windeatt's contribution to the series is a comprehensive single volume guide to Troilus and Criseyde bringing together a wide range of material and providing a readable commentary on all aspects of the work Combining the informative substance of a reference book with the coherence of a critical reading the Guide has taken its place as the standard introduction to Troilus and Criseyde since its first

publication in 1992 Kingdom of Snow Raymond Van Dam,2002-09-27 Kingdom of Snow investigates the impact of Roman rule in Cappadocia and the fate of classical Greek culture in an increasingly Christian society *Spaces for Reading in Later*

Medieval England Mary C. Flannery,2016-04-08 We are living in an age in which the relationship between reading and space is evolving swiftly Cutting edge technologies and developments in the publication and consumption of literature continue to uncover new physical electronic and virtual contexts in which reading can take place In comparison with the accessibility that has accompanied these developments the medieval reading experience may initially seem limited and restrictive available only to a literate few or to their listeners yet attention to the spaces in which medieval reading habits can be traced reveals a far more vibrant picture in which different kinds of spaces provided opportunities for a wide range of interactions with and contributions to the texts being read Drawing on a rich variety of material this collection of essays demonstrates that the spaces in which reading took place or in which reading could take place in later medieval England directly influenced how and why reading happened **The Familiar Enemy** Ardis Butterfield,2009-12-10 The Familiar Enemy re examines the linguistic literary and cultural identities of England and France within the context of the Hundred Years War During this war two profoundly intertwined peoples developed complex strategies for expressing their aggressively intimate relationship This special connection between the English and the French has endured into the modern period as a model for

Western nationhood Ardis Butterfield reassesses the concept of nation in this period through a wide ranging discussion of writing produced in war truce or exile from the thirteenth to the fifteenth century concluding with reflections on the retrospective views of this conflict created by the trials of Jeanne d Arc and by Shakespeare s Henry V She considers authors writing in French Anglo Norman English and the comic tradition of Anglo French jargon including Machaut Deschamps Froissart Chaucer Gower Charles d Orl ans as well as many lesser known or anonymous works Traditionally Chaucer has been seen as a quintessentially English author This book argues that he needs to be resituated within the deeply francophone context not only of England but the wider multilingual cultural geography of medieval Europe It thus suggests that a modern understanding of what English might have meant in the fourteenth century cannot be separated from French and that this has far reaching implications both for our understanding of English and the English and of French and the French

The Renaissance Text Andrew Murphy,2000-10-20 These essays discuss issues of Renaissance textuality They explore such topics as the impact of editorial strategies and modes of presentation on our understanding of the text and the relevance of gender to textual retrieval and preservation

Medieval Women and Their Objects Jennifer Adams,Nancy Bradbury,2021-03-11 The essays gathered in this volume present multifaceted considerations of the intersection of objects and gender within the cultural contexts of late medieval France and England Some take a material view of objects showing buildings books and pictures as sites of gender negotiation and resistance and as extensions of women s bodies Others reconsider the concept of objectification in the lives of fictional and historical medieval women by looking closely at their relation to gendered material objects taken literally as women s possessions and as figurative manifestations of their desires The opening section looks at how medieval authors imagined fictional and legendary women using particular objects in ways that reinforce or challenge gender roles These women bring objects into the orbit of gender identity employing and relating to them in a literal sense while also taking advantage of their symbolic meanings The second section focuses on the use of texts both as objects in their own right and as mechanisms by which other objects are defined The possessors of objects in these essays lived in the world their lives documented by historical records yet like their fictional and legendary counterparts they too used objects for instrumental ends and with symbolic resonances The final section considers the objectification of medieval women s bodies as well as its limits While this at times seems to allow for a trade in women authorial attempts to give definitive shapes and boundaries to women s bodies either complicate the gender boundaries they try to contain or reduce gender to an ideological abstraction This volume contributes to the ongoing effort to calibrate female agency in the late Middle Ages honoring the groundbreaking work of Carolyn P Collette

Bad Chaucer Tison Pugh,2024-01-17 Acclaimed for centuries as the Father of English Literature Geoffrey Chaucer enjoys widespread and effusive praise for his classic Canterbury Tales and rightfully so Still even the greatest of authors cannot claim perfection and so Bad Chaucer The Great Poet s Greatest Mistakes in the Canterbury Tales analyzes his various missteps missed opportunities and other blunders in

this peerless masterpiece From a vexing catalog of trees in the Knight's Tale to the flirtations with blasphemy in the Parson's Tale this volume progresses through the Canterbury Tales story by story tale by tale pondering the most egregious failing of each in turn Viewed collectively Chaucer's troubles stem from clashing genres that disrupt interpretive clarity themeless themes that undermine any message a tale might convey mischaracterized characters who act without clear motivation purposeful and otherwise pleasurable badness that show Chaucer's appreciation for the humor of bad literature and outmoded perspectives that threaten to alienate modern readers Badness is not always to be lamented but often celebrated even cherished for badness infuses artistic creations with the vitality that springs from varied responses spirited engagements and the inherent volatility of enjoying literature On the whole Bad Chaucer The Great Poet's Greatest Mistakes in the Canterbury Tales swerves literary criticism in a new direction by examining the provocative question for too long overlooked of what this great author got wrong *Playing the Canterbury Tales* Andrew Higl, 2016-04-22 *Playing the Canterbury Tales* addresses the additions continuations and reordering of the Canterbury Tales found in the manuscripts and early printed editions of the Tales Many modern editions present a specific set of tales in a specific order and often leave out an entire corpus of continuations and additions Andrew Higl makes a case for understanding the additions and changes to Chaucer's original open and fragmented work by thinking of them as distinct interactive moves in a game similar to the storytelling game the pilgrims play Using examples and theories from new media studies Higl demonstrates that the Tales are best viewed as an interactive fiction reshaped by active readers Readers participated in the ongoing creation and production of the tales by adding new text and rearranging existing text and through this textual transmission they introduced new social and literary meaning to the work This theoretical model and the boundaries between the canonical and apocryphal texts are explored in six case studies the spurious prologues of the Wife of Bath's Tale John Lydgate's influence on the Tales the Northumberland manuscript the ploughman character and the Cook's Tale The Canterbury Tales are a more dynamic and unstable literary work than usually encountered in a modern critical edition **The Book Unbound** Siân Echard, Stephen Partridge, 2004-12-15 In *The Book Unbound* scholars and editors examine how best to use new technological tools and new methodologies with artefacts of medieval literature and culture Taking into consideration English French Anglo Norman and Latin texts from several periods the contributors examine and re-evaluate traditional approaches to and conclusions about medieval books and the cultural texts they contain literary dramatic legal historical and musical The essays range from detailed examinations of specific codices to broader theoretical discussions on past and present editorial practices from the benefits and disadvantages of digital editions versus print editions to the importance of including extratextual material such as variant texts illustrations intertexts and other information about a work's cultural contexts history and use *The Book Unbound* presents important contributions to the discussions surrounding the editing of medieval texts including the use of digital technology with historical and literary documents while offering practical ideas on editing

print and hypertext The collection will be invaluable to historians literary scholars and editors **The Chaucerian**

Apocrypha Kathleen Forni,2005-07-01 The poems in this volume were prized and preserved because of their association with Chaucer's name and have been paradoxically almost entirely ignored by modern readers for the same reason Many of these pieces are worthy of study not only in the context of Chaucerian reception but also as specimens of the kinds of vernacular poetry that circulated in late medieval manuscripts and which remained in print largely by the accidental virtue of their association with Chaucer throughout the Renaissance and well into the nineteenth century The various genres represented in this sampler the dream vision good counsel female panegyric mass parody proverbial wisdom lover's dialogue prophecy advice to princes elegiac complaint courtly parody and anti feminist satire attest to the diversity of late medieval literary tastes and to the flexibility of the courtly idiom In the sixteenth century both Chaucer's poetry and the diverse works with which it circulated appear to have continued to have been valued for their perceived courtly qualities Chaucer's early scribal and print editors also appear to have prized his sphere of influence attested to by imitation continuation and emendation and his adaptability to contemporary social and political needs **Text** W. S. Hill,Edward M. Burns,2000-12

Another volume in the distinguished annual **Rereading Chaucer and Spenser** Rachel Stenner,Tamsin Badcoe,Gareth Griffith,2019-05-10 Rereading Chaucer and Spenser Dan Geffrey with the New Poete offers dynamic new approaches to the relationship between the works of Geoffrey Chaucer and Edmund Spenser Contributors draw on current and emerging preoccupations in contemporary scholarship and offer new perspectives on poetic authority influence and intertextuality

Chaucer's Scribes Lawrence Warner,2018-09-13 The 2004 announcement that Chaucer's scribe had been discovered resulted in a paradigm shift in medieval studies Adam Pynkhurst dominated the classroom became a fictional character and led to suggestions that this identification should prompt the abandonment of our understanding of the development of London English and acceptance that the clerks of the Guildhall were promoting vernacular literature as part of a concerted political program In this meticulously researched study Lawrence Warner challenges the narratives and conclusions of recent scholarship In place of the accepted story Warner provides a fresh more nuanced one in which many more scribes anonymous ones worked in conditions we are only beginning to understand Bringing to light new information not least hundreds of documents in the hand of one of the most important fifteenth century scribes of Chaucer and Langland this book represents an important intervention in the field of Middle English studies **Text** W. Speed Hill,Edward M. Burns,Peter Shillingsburg,1998-12 The newest volume in the distinguished annual *Poetry and Music in Medieval France* Ardis Butterfield,2002 In *Poetry and Music in Medieval France* first published in 2003 Ardis Butterfield examines vernacular song in medieval France She begins with the moment when French song first survives in writing in the early thirteenth century and examines a large corpus of works which combine elements of narrative and song as well as a range of genres which cross between different musical and literary categories Emphasising the cosmopolitan artistic milieu of Arras Butterfield describes

the wide range of contexts in which secular songs were quoted and copied including narrative romances satires and love poems She uses manuscript evidence to shed light on medieval perceptions of how music and poetry were composed and interpreted The volume is well illustrated to demonstrate the rich visual culture of medieval French writing and music This interdisciplinary study will be of interest to both literary and musical scholars of late medieval culture *Design and Distribution of Late Medieval Manuscripts in England* Margaret Connolly, Linne R. Mooney, 2008 New essays on late medieval manuscripts highlight the complicated network of their production and dissemination One of the most important developments in medieval English literary studies since the 1980s has been the growth of manuscript studies Long regarded as mere textual repositories and treated superficially by editors manuscripts are now acknowledged as centrally important in the study of later medieval texts The essays collected here discuss aspects of the design and distribution of manuscripts in late medieval England with a particular focus on vernacular manuscripts of the late fourteenth fifteenth and early sixteenth centuries Those in the first half consider material evidence for scribal decisions about design these range from analysis of individual codices to broader discussions of particular types of manuscripts both religious and secular Later essays look at the evidence for the production and distribution of manuscripts of specific English texts or types of text These include the major Middle English poems The Canterbury Tales and Piers Plowman as well as key religious works such as Love's Mirror Hilton's Scale of Perfection the Speculum Vitae and The Pricke of Conscience all of which survive in significant numbers of manuscripts The comparison of secular and devotional texts illuminates shared networks of production and dissemination and increases our knowledge of regional and metropolitan book production in the period before printing Contributors DANIEL W. MOSSER JACOB THAISEN TAKAKO KATO SHERRY L. REAMES AMELIA GROUNDS ALEXANDRA BARRATT JULIAN M. LUXFORD LINNE R. MOONEY MICHAEL G. SARGENT JOHN J. THOMPSON MARGARET CONNOLLY RALPH HANNA GEORGE R. KEISER

The Enigmatic Realm of **Reading From The Margins Textual Studies Chaucer And Medieval Literature**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing lacking extraordinary. Within the captivating pages of **Reading From The Margins Textual Studies Chaucer And Medieval Literature** a literary masterpiece penned by a renowned author, readers set about a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting affect the hearts and minds of people who partake in its reading experience.
