**Scattered and Gathered** Michael L. Budde, 2017-09-15 This volume takes its title from the first century Christian catechism called the Didache Even as this broken bread was scattered over the hills gathered together and became one so let Your Church be gathered together from the ends of the earth For Christians today these words remain relevant in an era of massive human movements voluntary and coerced hybrid identities and wide ranging cultural interactions How do modern Christians live as both a scattered and

gathered people How do they live out the tension between ecclesial universality catholicity and particularity distinctive ways of being church in a given culture and context Do Christians today constitute a diaspora a people dispersed across borders and cultures that nonetheless maintains a sense of commonality and mission Scattered and Gathered Catholics in Diaspora explores these questions through the work of fourteen scholars in different fields and from different corners of the world Whether through reflections on Zimbabweans in Britain Levantines in North America or the remote island people of Chilo now living in other parts of Chile they guide readers along the winding road of insights and challenges facing many of today's Christians

**Constants in Context** Stephen B. Bevens, Roger P. Schroeder, Roger Schroeder, 2004-01-01 Mission is handicapped without a sound biblical theology of mission and an understanding of the history of mission leading up to our current context Constants in Context offers both of these elements It is mission theology in historical perspective and or a history of mission that is grounded theologically The authors describe it as a systematic theology with mission at its core and a church history shaped by the constant but always contextual Christian traditions Furthermore it is a constructive contribution to how mission theology needs to be practical and lived out through today's church and in our world Written collaboratively by Roman Catholic writers Stephen Bevens and Roger Schroeder both Missionaries of the Divine Word SVDs It is a particularly insightful in regard to the history and the various streams of Catholic mission but it also addresses and learns from the other traditions of the church In fact one of the book's strengths is its attention to neglected aspects and hidden stories of church and mission history As a result it is gratifying to be inspired by non European mission women in mission and various forgotten or often ignored branches of the church The book is in three sections first there is a framework for cultural contexts and theological constants second an in depth exploration of historical stages and different models for mission and

third a presentation of theological frameworks for mission The third section concludes with a case for mission as prophetic dialogue being the most appropriate model for 21st century mission Amazon com *Teologia En Conjunto* José David Rodríguez, Loida I. Segovia Yak hwee Tan Ekaputra Tupamahu Gerald O West Hans J H de Wit and H Daniel Zacharias *Bridges in New Testament Interpretation* Neil Elliott, Werner H. Kelber, 2018-04-30 The field of New Testament studies often appears splintered into widely different specializations and narrowly defined research projects Nevertheless some of the most important insights have come about when curious men and women have defied disciplinary boundaries and drawn on other fields of knowledge in order to gain a more adequate view of history The essays in *Bridges in New Testament Interpretation* offer surveys of the current scholarly discussion in areas of New Testament and Christian origins where cross disciplinary fertilization has been decisive and describe the role that interdisciplinary bridges especially as led by Richard A Horsley have played Topics include the socioeconomic history of Roman Palestine the historical Jesus in political and media contexts communication media orality and social context in the study of Q the Gospels in the context of oral culture performance and social memory reading Paul s letters in the context of Roman imperial culture the narrativization of early Christianity in relation to the ancient media environment and the role of power in shaping our understanding of history as evident in people s history the historical agency of subordinate classes and the role of public and hidden transcripts in contexts shaped by power relations Essays also address the role of the interpreter as engaged with the social and political concerns of our time The sum is even greater than the parts presenting a powerful argument for the value of further exploration across interdisciplinary bridges

*Revelation in Aztlán* Jacqueline M. Hidalgo, 2016-08-31 Bridging the fields of Religion and Latina o Studies this book fills a gap by examining the spiritual rhetoric and practices of the Chicano movement Bringing new theoretical life to biblical studies and Chicana o writings from the 1960s such as *El Plan Espiritual de Aztlán* and *El Plan de Santa Barbara* Jacqueline M Hidalgo boldly makes the case that peoples for whom historical memories of displacement loom large engage scriptures in order to make and contest homes Movement literature drew upon and defied the scriptural legacies of *Revelation* a Christian scriptural text that also carries a displaced homing dream Through the slipperiness of utopian imaginations these texts become places of belonging for those whose belonging has otherwise been questioned Hidalgo s elegant comparative study articulates as never before how Aztlán and the new Jerusalem s imaginative power rest in their ambiguities their ambivalence and the significance that people ascribe to them

*The Holy Spirit, Chi, and the Other* Grace Ji-Sun Kim, 2011-09-20 There appears to be a hierarchy of cultures with the West perceiving the East as inferior so much so that it is referred to simply as the Other Because today s world is globally interdependent inter woven and integrative it is pertinent to be open to the cultural spiritual and religious understandings of the East

**Blackness and Ethnic Difference in Early Christian Literature** Gay L Byron,2003-10-04 How were early Christians influenced by contemporary assumptions about ethnic and colour differences Why were early Christian writers so attracted to the subject of Blacks Egyptians and Ethiopians Looking at the neglected issue of race brings valuable new perspectives to the study of the ancient world now Gay Byron s exciting work is the first to survey and theorise Blacks Egyptians and Ethiopians in Christian antiquity By combining innovative theory and methodology with a detailed survey of early Christian writings Byron shows how perceptions about ethnic and color differences influenced the discursive strategies of ancient Christian authors She demonstrates convincingly that in spite of the contention that Christianity was to extend to all peoples certain groups of Christians were marginalized and rendered invisible and silent Original and pioneering this book will inspire discussion at every level encouraging a broader and more sophisticated understanding of early Christianity for scholars and students alike *The Future Shape of Christian Proclamation* Cleophus J. LaRue,Luiz C.
