Women in Print James P. Danky, Wayne A. Wiegand, 2006-02-03 Women readers editors librarians authors journalists booksellers and others are the subjects in this stimulating new collection on modern print culture. The essays feature women like Marie Mason Potts editor of *Smoke Signals* a mid twentieth century periodical of the Federated Indians of California Lois Waisbrooker publisher of books and journals on female sexuality and women's rights in the decades after the Civil War and Elizabeth Jordan author of two novels and editor of *Harper's Bazaar* from 1900 to 1913. The volume presents a complex and engaging picture of print culture and of the forces that affected women's lives in the nineteenth and twentieth centuries. Published in collaboration among the University of Wisconsin Press the Center for the History of Print Culture in Modern America a joint program of the University of Wisconsin Madison and the Wisconsin Historical Society and the University of Wisconsin Madison General Library System Office of Scholarly Communication.

The Mystery Readers' Advisory John Charles, Joanna Morrison, Candace Clark, 2002 Three librarians from Scottsdale Arizona provide library staff with an introduction to the mystery genre and offer tips and techniques for providing advice to mystery readers in the library. They include some of their own bibliographies but refer readers elsewhere for fuller ones. They also include a brief history of the genre to pass on to readers new to it.

The Teen-Centered Book Club Bonnie Kunzel, Constance Hardesty, 2006-03-30

Vibrant dynamic teen book clubs the kind teens eagerly anticipate and attend session after session are teen centered. With innovative pragmatic ideas that will attract and retain teen readers, this guide provides everything you need to run a successful teen centered book club. Covering every step from planning and promoting to how to prompt discussion and keep it civilized, this is a one stop source for the teen book club leader. Dozens of reproducibles for teens include book lists, ground rules, and book based activities. The book even has directions for evaluating your club and lists of resources for more information. Whether you're starting a teen book club, trying to revive a flagging program, or wish to build on past success, if you're involved in a teen book club, this guide is a must.

What's the difference between a teen book club and an adult one? Too often the answer is Not much. Like so many programs for teens, traditional book clubs tend to be scaled down versions of adult clubs. If book selection, taboo topics, and logistical details are the most important things that set your teen book club apart from an adult one, you could be missing a huge opportunity.

Vibrant dynamic teen book clubs the kind teens eagerly anticipate and attend session after session are teen centered. They're not merely by for and about teens but are grounded in the admittedly radical idea that the club is not primarily about library programming or even about books but is all about teens, their interests and needs, their social habits and styles, their initiative. Books are the medium and the club is the method to achieve the ultimate goal of developing teen readers and leaders. Furthermore, the teen centered book club has huge potential to further a whole range of library goals, from bringing more teen patrons through the door to building community wide awareness and support for the library itself.

What sets this book apart from the typical book club guide is that it is the only guide that addresses the unique constraints of public and school libraries: budgeting impact on the facility and the collection and potential attempts at censorship to name just a few. It's also the only guide that takes a teen centered approach, putting front and center the idea that as with so many other things, book clubs for teens are not merely scaled back versions of adult clubs.

Whether you are starting a club, attempting to revive a flagging program, or building on past success, this manual offers you innovative pragmatic ideas that will attract and retain teen readers.

Grades 6-12 Teen Book Clubs offers a fresh new approach for today's teen readers and clear instructions along with tips and ideas for building teen centered book clubs. In 12 brief chapters, the book covers the teen centered book club: what it is and what it takes to make it work; putting it together; planning and putting the plan in action; going public; recruiting; boosting visibility; garnering support; 15 cunningly creative types of teen book clubs; using book club to develop teen leaders; scads of book lists, reproducibles, and sample discussion prompters; tweaking, troubleshooting, and tips for keeping it civilized; evaluations beyond measure; resources for more information. Filled with practical checklists, figures, worksheets, and reproducibles, this is the guide that all

teen book club leaders should have *The Reading Groups Book* Jenny Hartley, Sarah Turvey, 2001 *Crash Course in Library Services to People with Disabilities* Ann Roberts, Richard J. Smith, 2010-03-23 This book helps libraries identify and implement new ways to serve their physically or mentally disabled patrons. Authors Ann Roberts and Dr Richard Smith work at the state level with persons with disabilities. They find that very few librarians feel comfortable with providing services addressed to the needs of the disabled yet those who do offer services and programs other libraries can adopt and adapt. *Crash Course in Library Services to People with Disabilities* will help librarians get up to speed in understanding disabled persons and what they can do to make library premises and holdings more accessible to them. It provides basic information on the different types of mental and physical disabilities a librarian might encounter then offers a range of exemplary policies, services and programs for people with disabilities efforts that are in place and working across the country.

Literature Circles Harvey Daniels, 2023-10-10 What do we know about literature circles now that we didn't understand eight or ten years ago? What new resources and procedures can help teachers organize their classroom book clubs better? What are the most common pitfalls in implementing student-led discussion groups? And getting beyond the basics, what do mature or advanced literature circles look like? In this thoroughly revised and expanded guide you will find new strategies, structures, tools and stories that show you how to launch and manage literature circles effectively. Advanced variations are explored and include alternatives to role sheets and flexible new guidelines for their use. The second edition includes four different models for preparing students for literature circles using response logs, sticky notes and newly designed role sheets; dozens of variations on the basic version of student-led bookclubs; new models and procedures for primary, intermediate and high school grades; new materials for assessing and grading literature circles; an inventory of common management problems and solutions; new scheduling patterns for group meetings and reading time; ideas for using literature circles with nonfiction texts across the curriculum; research on literature circles including correlation with increased achievement on standardized tests; an explanation of how literature circles match with the national standards for literacy education. With detailed examples provided by twenty practicing teachers, Harvey Daniels offers practical and concrete suggestions for each aspect of book club management and proven solutions for problems that arise.
