Exile's Return Malcolm Cowley, 1994-12-01 The adventures and attitudes shared by the American writers dubbed The Lost Generation are brought to life here by one of the group's most notable members Feeling alienated in the America of the 1920s Fitzgerald Crane Hemingway Wilder Dos Passos Crowley and many other writers escaped to Europe some forever some as temporary exiles As Cowley details in this intimate anecdotal portrait in renouncing traditional life and literature they expanded the boundaries of art

Reading the Present in the Qumran Library Kristin De Troyer, Armin Lange, 2005 How did ancient scribes interpret their own reality by means of scriptural exegesis The essays in this volume explore this question from various perspectives by examining the earliest known exegetical texts of Jewish origin namely the exegetical texts from the Qumran library Scholars have debated the precise nature of the exegetical techniques used in the Qumran texts To bring clarity to the discussion this book analyzes the phenomenon of reading the present in the Qumran library and asks how far comparable phenomena can be observed in authoritative literature in ancient Israel and Judah in the textual tradition of the Hebrew and Greek Bible in ancient Judaism and in early Christian literature From publisher's description

Kaminsky,1993 Reading the Pentateuch John J. McDermott,2002 This book explores in a balanced way the historical questions in the Pentateuch **Reading Levinas/Reading Talmud** Ira F. Stone,1998-11-01 Although Jewish scholars have recognized the French philosopher Emmanuel Levinas as one of the greatest minds of this century the majority of Jews have remained ignorant of his teachings largely because his work even in translation is dense and erudite Rabbi Ira Stone who has studied Levinas s work for many years and incorporated his methods and perspectives into his own teaching now makes Levinas accessible to lay readers for the first time Reading and politics in early modern England Geoff Baker,2013-07-19 This book examines the activities of William Blundell a seventeenth century Catholic gentleman and using the approaches of the history of reading provides a detailed analysis of his mindset Blundell was neither the passive victim nor the entirely loyal subject that he and others have claimed He actively defended his family from the penal laws and used the relative freedom that this gave him to patronise other Catholics Not only did he rewrite the histories of recent civil conflicts to show that Protestants were prone to rebellion and Catholics to loyalty but we also find a different perspective on his religious beliefs Blundell s commonplaces suggest an underlying tension with aspects of Catholicism a tension manifest throughout his notes on his practical engagement with the world in which it is clear that he was wrestling with the various aspects of his identity This is an important study that will be of interest to all who work on the early modern period

Royal-Judaean Elite Engagements in the Early Teispid and Achaemenid Empire Jason M. Silverman,2019-11-14 Jason Silverman presents a timely and necessary study advancing the understanding of Achaemenid ideology and Persian Period

Judaism While the Achaemenid Persian Empire c 550 330 BCE dwarfed all previous empires of the Ancient Near East in both size and longevity the royal system that forged and preserved this civilisation remains only rudimentarily understood as is the imperial and religious legacy bequeathed to future generations In response to this deficit Silverman provides a critically sophisticated and interdisciplinary model for comparative studies While the Achaemenids rebuilt the Jerusalem temple Judaeon literature of the period reflects tensions over its Persian re establishment demonstrating colliding religious perspectives Although both First Zechariah 1 8 and Second Isaiah 40 55 are controversial the greater imperial context is rarely dealt with in depth both books deal directly with the temple s legitimacy and this ties them intimately to kings engagements with cults Silverman explores how the Achaemenid kings portrayed their rule to subject minorities the ways in which minority elites reshaped this ideology and how long this impact lasted as revealed through the Judaeon reactions to the restoration of the Jerusalem temple

Plutarch's Practical Ethics Lieve Van Hoof, 2010-06-24 The Second Sophistic c AD 60 250 was a time of intense competition for honour and status Like today this often caused mental as well as physical stress for the elite of the Roman Empire This book which transcends the boundaries between literature social history and philosophy studies Plutarch s practical ethics a group of twenty odd texts within the *Moralia* designed to help powerful Greeks and Romans manage their ambitions and society s expectations successfully Lieve Van Hoof combines a systematic analysis of the general principles underlying Plutarch s practical ethics including the author s target readership therapeutical practices and self presentation with five innovative case studies A picture emerges of philosophy under the Roman Empire not as a set of abstract theoretical doctrines but as a kind of symbolic capital engendering power and prestige for author and reader alike

Liturgical Liaisons Jamey Heit, 2017-08-31 When Jesus offers his body as a promise to his disciples he initiates a liturgical framework that is driven by irony and betrayal Through these deconstructive elements however the promise invites the disciples into an intimate space where they anticipate the fulfilment of what is to come The Last Supper symbol of unfinished life and sacrifice becomes the common thread between John Donne and Emily Dickinson whose poetics acquire liturgical and therefore eschatological features and body and text become the same By tracing the displacing and yet co ordinating theme of the body as a textual presence *Liturgical Liaisons* opens into new readings of Donne and Dickinson in a way that enriches how these figures are understood as poets The result is a risky and rewarding understanding of how these two gurus challenged accepted theological norms of their day

Elohim within the Psalms Terrance Randall Wardlaw, Jr., 2015-02-26 The issue of the so called Elohist Psalter has intrigued biblical scholars since the rise of the historical critical enterprise Scholars have attempted to discover why the name Elohim is used almost exclusively within Pss 42 83 and in particular they have attempted to identify the historical circumstances which explain this phenomenon Traditionally an original Yhwh was understood to have been replaced by Elohim Frank Lothar Hossfeld and the late Erich Zenger propose that the use of the title Elohim is theologically motivated and they account for this phenomenon in their

redaction historical work Wardlaw here builds upon their work 1 by integrating insights from Dell Hymes William Miles Foley and Susan Niditch with regard to oral traditional cultures and 2 by following the text linguistic approach of Eep Talstra and Christof Hardmeier and listening to canonical texture as a faithful witness to Israel's religious traditions Wardlaw proposes that the name Elohim within the Psalms is a theologically laden term and that its usage is related to pentateuchal traditions

The Book of Life Newton Marshall Hall, Irving Francis Wood, 1925 *Contesting Religious Identities* Bob E.J.H.

Becking, Anna-Marie J.A.C.M. Korte, Lucien van Liere, 2017-01-09 Religion is a hot topic on the public stages of secular societies not in its individualized liberal or orthodox form but rather as a public statement challenging the divide between the secular neutral space and the religious In this new challenging modus religion raises questions about identity power rationality subjectivity law and safety but above all religion questions contests and even blurs the borders between the public and the private These phenomena urge to rethink what are often considered to be clear differences between religions between the public and the private and between the religious and the secular In this volume scholars from a range of different disciplines map the different aspects of the dynamics of changing contesting and contested religious identities

Questions of Travel Caren Kaplan, 1996-08-21 Contemporary theory is replete with metaphors of travel displacement diaspora borders exile migration nomadism homelessness and tourism to name a few In *Questions of Travel* Caren Kaplan explores the various metaphoric uses of travel and displacement in literary and feminist theory traces the political implications of this traveling theory and shows how various discourses of displacement link rather than separate modernism and postmodernism Addressing a wide range of writers including Paul Fussell Edward Said James Clifford Gilles Deleuze Jean Baudrillard Gayatri Spivak Edward Soja Doreen Massey Chandra Mohanty and Adrienne Rich Kaplan demonstrates that symbols and metaphors of travel are used in ways that obscure key differences of power between nationalities classes races and genders Neither rejecting nor dismissing the powerful testimony of individual experiences of modern exile or displacement Kaplan asks how mystified metaphors of travel might be avoided With a focus on theory's colonial discourses she reveals how these metaphors continue to operate in the seemingly liberatory critical zones of poststructuralism and feminist theory The book concludes with a critique of the politics of location as a form of essentialist identity politics and calls for new feminist geographies of place and displacement
