James The Just and Christian Origins Bruce David Chilton, Craig Alan Evans, 1999 The lack of serious and sustained investigation of the historical figure of James the Just brother of Jesus is one of the curious oversights in modern critical study of Christian origins James the Just and Christian Origins addresses this problem The questions that surround this exceedingly important yet largely ignored figure are several and complicated Was he really the brother of Jesus How influential was he in the early church What was the nature of his relationship to the other apostles especially to Paul How did James understand Christianity's relationship to Judaism and to the people of Israel Out of this grows a very important question In its generative moment was Christianity in fact as well as in its self awareness a species of Judaism Contributors from several countries are currently engaged in collaborative study in James and early Jewish Christianity James the Just and Christian Origins is the first of several planned volumes to be published

Jesus as Mediator Malcolm Gill, 2008 This book addresses the influence of the imperial cult in first century AD Asia Minor and its subsequent relevance to the reading of the New Testament In particular this work argues through a contrapuntal reading of 1 Timothy 2:1-7 that the early Christian community strongly resisted the Emperor's claim to be the mediator between the gods and humanity In contrast to this claim the author shows that 1 Timothy 2:1-7 can be read as a polemic from a minority community the Christian church in Ephesus against the powerful voice of the Roman Empire in regard to divine mediation

Communal Holiness in the Gospel of John Musa Victor Mdabuleni Kunene, 2012-06-14 In this book the author contends that communal holiness is the central theme of the vine metaphor in John 15:1-17 Illumination of the Johannine vine metaphor is illustrated by drawing on background information on the vine and its metaphorical usage in the Ancient Near East Old Testament and Second Temple Period and to suggest understanding in light of the communal holiness of the covenant people of God Comparing the themes of holiness and corporateness pertinent to the covenant the book also reflects the covenant with Israel in relation to John's understanding of the people of God The notion of covenant which embraces reference to the people of God as vine vineyard in the Old Testament and Second Temple Period underlies John's vine metaphor The book focuses research on ANE viticulture to determine the contexts of when the vine was used to refer to Israel in a covenant relationship with God In this historical context the Johannine vine metaphor receive fresh meaning and relevance for the people of God

The Cry of the Earth and the Cry of the Poor Kathleen P. Rushton, 2020-07-10 Focused around the lectionary readings from the Gospel The Cry of the Earth and the Cry of the Poor suggests that far from being a Gospel which sits at a safe remove from every day life it can in fact be preached as an urgent call to hear the voices of the oppressed in our world

Reconsidering Johannine Christianity Raimo Hakola, 2015-04-10 Reconsidering Johannine Christianity presents a full scale application of social identity approach to the Johannine writings This book reconsiders a widely held scholarly assumption that the writings commonly taken to represent Johannine Christianity the Gospel of John and the First Second and Third Epistles of John reflect the situation of an introverted early Christian group It claims that dualistic polarities appearing in these texts should be taken as attempts to construct a secure social identity not as evidence of social isolation While some scholars most notably Richard Bauckham have argued that the New Testament gospels were not addressed to specific early Christian communities but to all Christians this book proposes that we should take different branches of early Christianity not as localized and closed groups but as imagined communities that envision distinct early Christian identities It also reassesses the scholarly consensus according to which the Johannine Epistles presuppose and build upon the finished version of the Fourth Gospel and argues that the Johannine tradition already in its initial stages was diverse

Reading Johannine Dramatic Irony through Ancient Dramatic Devices Tat Yan Lee, 2021-11-30 When studying irony in the Gospel of John scholars have largely relied on modern literary theories and anachronistic interpretive tools In this book Dr Tat Yan Lee pushes beyond contemporary interpretations to examine the literary context of the Gospel's original audience Utilizing Aristotle's Poetics and drawing parallels between John's Gospel and ancient Greek tragedy Dr Lee offers a fresh perspective on the role of dramatic irony within the text His exploration of Aristotelian theory highlights the significance of emotion as an intended by product of ancient drama and provides a critical method for establishing plausible early readings of the Gospel and its dramatic devices Offering present day readers a chance to encounter John's Gospel through ancient eyes this book holds valuable insight for Johannine scholars classicists students of literary theory and all those desiring greater insight into the gospel and its impact

Logos and Law in the Letter of James Matt A. Jackson-McCabe, 2001-01-01 This study of the Letter of James shows that its concept of Implanted logos is derived from the Stoic theory that human reason represents divine law In James this universal logos is understood to find written expression in the Torah
