Reading Matters Joseph Tabbi,Michael Wutz,2018-05-31 The convergence of twentieth century narrative and technology is one of the most important developments in current literary study A decade after the founding of the Society for Literature and Science and the appearance of such influential books as Kathleen Woodward s Culture of Information and William Paulson s The Noise of Culture Joseph Tabbi and Michael Wutz have edited a landmark volume to summarize this still emerging field Twelve original essays and the editors introductory overview show how these theoretical concerns can contribute to the practical study of narrative Reading Matters covers the range of contemporary literature from the canonical novels of high modernism and postmodernism through subjects new to the academic agenda such as cyberpunk and hypertext fiction In an age that has proclaimed the death of the novel many times over the contributors argue persuasively for the continued vitality of literary narrative By responding in ingenious ways to the capabilities of other media they assert the novel has enlarged and redefined its territory of representation and its range of techniques and play while maintaining its viability in the new media assemblage *Reading Matters* Ulrich Marzolph,2023 The present book is a special gift for a special colleague and friend Defined as an Unfestschrift it gives colleagues students and friends of Regina Bendix an opportunity to express their esteem for Regina s inspiration cooperation leadership and friendship in an adequate and lasting manner The title of the present book Reading Matters is as close as possible to an English equivalent of the beautiful German double entendre Erlesenes meaning both something read a reading and something exquisite Presenting matters for reading the Unfestschrift unites short contributions about readings that mattered in some way or another for the contributors readings that had an impact on their understanding of whatever they were at some time or presently are interested in The term readings is understood widely Since most of the invited contributors are academics the term implies in the first place readings of an academic or scholarly nature In a wider notion however readings also refer to any other piece of literature the perception of a piece of art a painting a sculpture a performance listening to music appreciating a folkloric performance or a fieldwork experience or just anything else whose reading or individual perception has been meaningful for the contributors in different ways Contrary to a strictly scholarly treatment of a given topic in which the author often disappears behind the subject the presentations unveil and highlight the contributor s personal involvement and thus a dimension of crucial importance for ethnographers such as the dedicatee **Intertexts** Marguerite Helmers,2003-01-30 Addresses the question What place does reading have in the college writing classroom Brings together compositionists engaged in teaching writing criticism and technology to re think the separation of reading and writing and to re theorize reading **Catalog of Copyright Entries.
