Birch,2014-04-08

English L2 Reading Getting to the Bottom Second Edition remains a comprehensive myth debunking examination of how L1 features orthographic system phonology morphology can influence English L2 reading at the bottom of the reading process It provides a thorough but very accessible linguistic psycholinguistic examination of the lowest levels of the reading process It is both theoretical and practical The goal is to balance or supplement not replace top down approaches and methodologies with effective low level options for teaching English reading Core linguistic and psycholinguistic concepts are presented within the context of their application to teaching The text clearly explains the strategies that readers of other languages develop in response to their own writing systems Chinese Japanese Arabic Hebrew other alphabets or transparent Roman alphabetic systems contrasted with an explanation of the strategies that English readers develop in response to the opaque orthography of English and explicates how other low level processing strategies for L1 morphology and word formation may aid or hinder processing in English L2 reading acquisition A complete balanced reading ideology should be big enough to embrace all reading theories and practices In particular it should be able to accommodate those researchers and teachers who find that attention to the details of language can also help students learn to read better Many ESL EFL teachers are

interested in supplementing their successful whole language methods with bottom up reading strategies but aren't sure how to do it. This book fills that gap. Changes in the Second Edition updated content in each chapter and clearer organization for the student to make the text more reader friendly. Expansion in Chapter 2 on alphabets writing systems and a brief history of written English and spelling. Extended discussion in Chapter 3 of the cognition of written language and reading transfer addition of phonemic vocal subvocal and articulatory development and L2 reading processing in Chapter 4 as well as instructional activities and strategies for teaching these skills to L2 readers. Elaboration of graphs and graphemes in Chapter 5 including discussion of developing graphemic knowledge processing strategies and their instructional application and new sections on reading speed pattern recognition and word recognition development of the probabilistic section in Chapter 6 particularly the probabilities in context of L2 reading. Updated information on the topic of brain activation studies and new treatment of the topic of reading fluency added in responses to requests from many readers of the first edition. Intended for ESL/EFL reading researchers, teacher trainers and teachers and as a text for MATESOL students most chapters contain practical suggestions that teachers can incorporate into whole language methods to teach beginning or intermediate ESL/EFL reading letters pronunciation smart phonics morphemes and vocabulary acquisition in a more balanced way. Pre reading discussion and study questions are provided to stimulate interest and enhance comprehension. End of chapter exercises help readers apply the concepts.

My Career Mentor & Me Dr. Michael V. Mulligan, 2018-12-05 Helping Young Professionals Chart Stay on the Right Career Path. Dr. Mulligan's book is a significant contribution to higher education and the work place. Students in college and recent college graduates at work can identify and obtain a Career Mentor connected either to the college, their employer or family and use The Route 5 Career Pathway Plan in this book to help them chart and stay on the right career path. Dr. William V. Muse Past President of the University of Akron President of Auburn University and Chancellor of East Carolina University. Dr. Mulligan wrote *My Career Mentor Me* to provide a process that the Career Mentor can use to help the young professional mentee chart the right career path, prepare for and obtain targeted positions, be the best in their positions and manage a successful and rewarding career journey. Dr. Mulligan divided this manual into four sections. The first section of the book defines a mentor and discusses The Triangle Mentoring Team concept. The first mentor is the Family Support Mentor who helps find Career Mentor and provides support. The second mentor is the Career Mentor college advisor, college alum,

company manager or The third is the Specialty Mentor who provides information and help in completing tasks The second section describes the three stages of the One On One Performance Facilitation and Helping Process that the Career Mentor and mentee will execute The third section asks the Career Mentor and mentee to execute the three stages of the One On One Performance Facilitation and Helping Process The first stage calls for developing a working relationship The second stage asks the Career Mentor and mentee to develop the Route 5 Career Pathway Plan The third stage asks the mentee to complete tasks to meet the growth objectives of the Career Pathway Plan The fourth section asks the mentee to review their Route 5 Career Pathway Plan with the Family Support Mentor make necessary changes and then work with the Career Mentor to meet the growth objectives of the Plan Over 12 self assessments are in the book plus a partnership contract for the Career Mentor and mentee to sign

Lire Les Images, Voir Les Textes Louise Maurer,Roger Hillman,2006 The essays in this volume are situated in French and Australian contexts and focus on texts linking language and visual images There is an emerging debate in universities concerning the interpretation of images whether in the field of aesthetics politics or technology The contributors focus on images ranging from photography to maps films paintings and computer games In addition they consider relations between genders and nations as understood in particular historical or semiological contexts Geographic and disciplinary boundaries are consciously transgressed and blurred so that a new interdisciplinary dialogue between written texts and visual arts emerges Ce recueil d essais situ dans le contexte d changes franco austriens a pour objet les liens entre images et langage sur le plan du discours L interpr tation du visuel fait l objet d un d bat mergeant dans les universit s que ce soit dans le domaine de l esth tique du politique ou de la technologie Les contributions analysent des images allant de la photographie aux jeux multim dia en passant par les cartes le cin ma et la peinture Par ailleurs elles interrogent les relations tant au niveau de l individu que des nations dans des contextes historiques et s miologiques sp cifiques Les contributeurs traversent les fronti res disciplinaires et g ographiques de fa on susciter un nouveau dialogue interdisciplinaire entre textes et arts visuels
