Farming Systems Research 1979-1987 Jayne T. MacLean, 1988 **A History of Farming Systems Research** Michael P. Collinson, 2000 This book provides a detailed history of farming systems research FSR While it includes the application of FSR to developed country agriculture its main focus is on FSR in its original role with small scale resource poor farmers in less developed countries There are some 40 contributions from nearly 50 contributors from 20 countries illustrating both the diversity and yet the coherence of FSR The five parts of the book cover 1 FSR understanding farmers and their farming FSR origins and perspectives understanding farming systems 2 the applications of farming systems research FSR in technology choice and development FSR in extension and policy formulation 3 institutional commitment to FSR FSR some institutional experiences in national agricultural research dimensions of the organization of FSR training for FSR 4 FSR the professional dimension regional and international associations FSR and the professional disciplines and 5 cutting edge methods abiding issues and the future for FSR *Horizons*, 1983 Issues In Third World Development Kenneth C Nobe, 2019-09-10 Eminent economists and development experts focus on a number of concerns that are currently the major preoccupation of development economists policymakers and practitioners The issues addressed in this collection center on strategies to eradicate poverty reduce inequality and deal effectively with problems of management and the utilization of land and water resources The contributors analyze the issues in the context of past experience the present international setting and possible alternative strategies for the future and consider as well theoretical and methodological concerns **Farming Systems Research, January 1979 - December 1991** Jane Potter Gates, 1992 *Agricultural Economics Research*, 1983 *Animal production systems. Global workshop* Manuel E. Ruiz, 1995 **Farming Systems Research and Its Applications in West Africa** Seth Vordzogbe, 1985 **Transferring Food Production Technology To Developing Nations** Joseph J Molnar, 2019-06-18 This book explores the social economic and policy problems associated with introducing new agriculture and aquaculture technology to developing nations as a means for expanding food supplies and increasing well being The contributors examine three general facets of planning for technology transfer and consider methodologies that enable effective **Modeling Farm Decisions For Policy Analysis** Kenneth H Baum, 2019-03-08 Microeconomic modeling has been an important tool for agricultural economists for several decades and promises to be

important for addressing the research problems of the 1980s as well. This volume explores the possibilities for using micromodeling to analyze how individual farm businesses react to and are affected by farm policies. Although this purpose represents only one potential use of micro modeling, effective modeling for policy analysis necessitates a broad look from several historical, analytical, and institutional perspectives. The Micromodeling Conference held November 18-20, 1981 at Airlie House, Virginia, under the auspices of the U.S. Department of Agriculture's Economic Research Service and the Farm Foundation, reflected these concerns.
