Brown,2013-04-02 Leading a group is a delicate balancing act of tasks and dynamic group and individual factors and the group leader's expertise and skill are fundamental to maintaining this balance. However, no matter how competent and well prepared the group leader is, there can be situations that present challenges that are not easily addressed, defy conventional interventions or call for a different approach. The material presented in this book is intended to give group leaders evidence-based creative and inspirational tools, techniques, intervention strategies and the like to address these dilemmas and difficult situations. They can also enhance members' growth and development, stimulate self-exploration, assist to soothe and calm and deepen and broaden thoughts and feelings. The creative activities included were selected because they do not require specialized training, are easy to implement, do not follow a particular theoretical perspective and can be effective for both the individual and group as a whole. The major categories of expressive processes presented are fairy tales, drawing, writing, imagery and mindfulness, music, movement, exercise, dance, drama and role play, and collage, flats and scrapbooks. Each chapter will focus on one of these activities and is designed so that they can be completed in one session. The closing chapters will present applications for members' concerns, group-level challenges and case examples of group dilemmas and suggested activities to address them. **Traditional Storytelling Today** Margaret Read MacDonald,2013-12-16 Traditional

Storytelling Today explores the diversity of contemporary storytelling traditions and provides a forum for in-depth discussion of interesting facets of contemporary storytelling. Never before has such a wealth of information about storytelling traditions been gathered together. Storytelling is alive and well throughout the world as the approximately 100 articles by more than 90 authors make clear. Most of the essays average 2,000 words and discuss a typical storytelling event, give a brief sample text and provide theory from the folklorist. A comprehensive index is provided. Bibliographies afford the reader easy access to additional resources.
