Real Libertarianism Assessed Political Theory After Van Parijs:

Real Libertarianism Assessed A. Reeve, A. Williams, 2002-11-26 Philippe Van Parijs's *Real Freedom for All* is widely acclaimed for providing not only the most sophisticated defence of unconditional basic income but also a rigorous examination of many central issues within contemporary political theory This collection including a response by Van Parijs provides a comprehensive assessment of his real libertarian vision of radical social change The contributors include Richard Arneson Brian Barry Thomas Christiano John Cunliffe Guido Erreygers Hillel Steiner Peter Vallentyne Robert van der Veen and Stuart White *Handbook of Political Theory* Gerald F Gaus, Chandran Kukathas, 2004-07-15 This volume combines remarkable coverage and distinguished contributors The inclusion of thematic conceptual and historical chapters will make it a valuable resource for scholars as well as students Professor George Klosko Department of Politics University of Virginia This major new Handbook provides a definitive state of the art review to political theory past and present It offers a complete guide to all the main areas and fields of political and philosophical inquiry today by the world's leading theorists The Handbook is divided into five parts which together serve to illustrate the diversity of political theorizing the substantive theories that provide an overarching analysis of the nature or justification of the state and political life the political theories that have been either formulated or resurgent in recent years the current state of the central debates within contemporary political theory the history of western political thought and its interpretations traditions in political thought outside a western perspective The Handbook of Political Theory marks a benchmark publication at the cutting edge of its field It is essential reading for all students and academics of political theory and political philosophy around the world *The Origins of Universal Grants* J. Cunliffe, G. Erreygers, 2004-11-30 Should all young adults receive a capital grant Should all individuals be given a lifetime regular income Would either form of payment be just or unjust These questions figure prominently in recent social philosophy and policy discussions on stakeholding and basic income Both types of proposal have a long but largely unknown history This anthology contains a wide variety of historical contributions some of which are presented in English for the first time highlighting striking parallels between past and present debates *The Vitality of Critical Theory* Harry F. Dahms, 2011-05-19 States that the critical theory of the Frankfurt School is as important today if not more so as it was at its inception during the 1930s This title looks at the distinguishing features of this tradition and how it is critical yet also complementary of other approaches in the social sciences especially in sociology *The Solidarity Solution* Kristi A. Olson, 2020-10-15 Kristi A Olson asks What is a fair income distribution She rejects equal income shares equal pay undercompensates workers in dangerous and onerous jobs The envy test which takes both income and work into account fares better Yet a distribution in which no one prefers someone else's circumstances to her own as the envy test requires is unlikely to exist and even when it does exist the normative connection between envy and fairness has not been established After critiquing existing answers Olson invokes the idea of mutual justifiability when someone claims that her situation

should be improved at someone else's expense she must be able to give a reason that cannot be reasonably rejected by a free and equal individual who regards everyone else as the same To give the answer bite Olson distinguishes two types of envy Reasons based on personal envy can be reasonably rejected reasons based on impersonal envy cannot Olson then tests the solidarity solution against the theories of Ronald Dworkin Philippe Van Parijs and Marc Fleurbaey and applies it directly to the concrete issues of the gender wage gap and taxation By providing a new approach to problems of fair resource allocation The Solidarity Solution establishes philosophical discussion as critical to today's fight to end economic injustice

Basic Income, Unemployment and Compensatory Justice Loek Groot, 2012-11-06 Basic income is a regularly debated topic in various scholarly disciplines political philosophy political theory welfare economics labour market economics and social policy and in circles of policy makers administrators and activists Since the late 1970s unemployment is the primary problem for social economic policy in all welfare states In Basic Income Unemployment and Compensatory Justice it is argued that implementing a substantial basic income is the best policy response to deal with unemployment induced problems such as job insecurity social exclusion poverty and lack of compensatory justice on the labour market and to improve labour market flexibility boost low wage employment and part time work Basic Income Unemployment and Compensatory Justice with an introductory chapter by Philippe van Parijs discusses the attractiveness of a substantial basic income to deal with the problem of unemployment in combination with an ethical perspective of social justice Loek Groot is a senior lecturer at the Utrecht School of Economics

Why We Need a Citizen's Basic Income Malcolm Torry, 2018-05-09 In the five years since Money for Everyone was published the idea of a Citizen's Basic Income has rocketed in interest to an idea whose time has come In moving the debate on from the desirability of a basic income this fully updated and revised edition now includes comprehensive discussions on feasibility and implementation Using the consultation undertaken by the Institute of Chartered Accountants in England and Wales as a basis Torry examines a number of implementation methods for Citizen's Basic Income and considers the cost implications Including real life examples from the UK and data from case studies and pilots in Alaska Namibia India Iran and elsewhere this is the essential research based introduction to the Citizen's Basic Income

Hillel Steiner and the Anatomy of Justice Stephen De Wijze, Matthew H. Kramer, Ian Carter, 2009-06-02 In this volume essays by an international roster of contributors evaluate the political philosophy of contemporary philosopher Hillel Steiner The study concludes with a response by Steiner himself

The Political Philosophy of Cosmopolitanism Gillian Brock, Harry Brighouse, 2005-07-21 In a period of rapid internationalization of trade and increased labor mobility is it relevant for nations to think about their moral obligations to others Do national boundaries have fundamental moral significance or do we have moral obligations to foreigners that are equal to our obligations to our compatriots The latter position is known as cosmopolitanism and this volume brings together a number of distinguished political philosophers and theorists to explore cosmopolitanism what it consists in and the positive case which can be made for it Their essays provide a comprehensive

overview of both the current state of the debate and the alternative visions of cosmopolitanism with which we can move forward and they will interest a wide range of readers in philosophy political theory and law

Basic Income Daniel Raventós, 2007-10-20 Basic Income is a policy idea that could help us revolutionise the way we organise society This book is the first proper guide to basic income what it is how we can organise it and how it can benefit the majority in different spheres of their lives Basic Income is simply the idea that everyone in a given society has a right to a minimal income This is paid by the state out of taxation Set at a subsistence level it would take the place of unemployment and other benefits This would bring profound social changes Anyone could opt out of employment at any time Those with few skills would no longer be forced to take up jobs with poor prospects and employers offering McJobs would be forced to offer better terms And money wasted by the state in means testing and tracing benefit fraud is saved The campaign in favour of basic income is growing and governments are beginning to take notice This is a clear concise guide to the principles and practicalities of this revolutionary idea

Arguing about Justice Yannick Vanderborght, 2011-10-27 Fifty of today's finest thinkers were asked to let their imaginations run free to advance new ideas on a wide range of social and political issues They did so as friends on the occasion of Philippe Van Parijs's sixtieth birthday

Just Work Russell MUIRHEAD, Russell Muirhead, 2009-06-30 This elegant essay on the justice of work focuses on the fit between who we are and the kind of work we do Muirhead shows how the common hope for work that fulfills us involves more than personal interest it also points to larger understandings of a just society

Las condiciones materiales de la libertad Daniel Raventós, 2007-09 *The American and British Debate Over Equality, 1776-1920* James L. Huston, 2017-10-16 The American and British Debate Over Equality 1776 1920 examines comparisons between American ideals of a classless society and the contrasting British class system which accepted the existence of inequalities When the United States declared political independence in 1776 they also announced repudiation of social institutions based on inequality opting instead for an ill defined equality British travelers to the United States after 1776 and up to 1920 continuously wrote about how equality was faring in the United States and compared it to the operation of inequality in England Scotland and Ireland They laid bare the actual outcomes of a system of equality versus one of inequality this was no theoretical intellectual exercise but instead constituted a recording of actual human practices By the end of the nineteenth century the defects of a system of inequality became clear in manners social interchanges between income classes general education levels religious convictions and the general energy of a people The exploration of these nineteenth century comparisons has great relevance for today's persistent debates about social inequities and their solutions

A Multidisciplinary Actology Malcolm Torry, 2025-07-15 An actology introduced by the first book in this series Actology Action Change and Diversity in the Western Philosophical Tradition understands reality as action in changing patterns Actological Readings in Continental Philosophy read a number of continental philosophers through this lens An Actology of the Given explored the concepts of the gift givenness and giving in the light of reality understood as action in changing

patterns An Actological Metaphysic treated a variety of metaphysical and cosmological concepts in the light of reality understood as action in changing patterns An Actological Theology asked what Christian theology looks like when understood actologically Mark s Gospel An Actological Reading was what it says it is This seventh book in the series A Multidisciplinary Actology fills some important gaps by understanding language the humanities ethics mathematics the natural sciences the social sciences psychology politics and organizational behavior actologically that is with reality understood as action in changing patterns

Just Democracy Philippe Van Parijs,2014-12-01 Philippe Van Parijs is one of the world s leading political philosophers In this book he argues that the purpose of democracy should be to promote justice we need not just democracy in the sense of unqualified democracy but a just democracy Machiavelli and Rawls must be brought together In a series of provocative and timely essays he explores what creating such a just democratic political system would involve in order to tackle such issues as intergenerational justice multiculturalism and linguistic diversity He illustrates his arguments with examples drawn from the European Union and his native Belgium

Justice and Democracy Brian Barry,2004-08-19 Publisher Description

Dworkin and His Critics Justine Burley,2008-04-15 Dworkin and His Critics provides an in depth analyticaldiscussion of Ronald Dworkin s ethical legal and politicalphilosophical writings and it includes substantial replies fromDworkin himself Includes substantial replies by Ronald Dworkin a comprehensivebibliography of his work and suggestions for furtherreading Contributors include Richard Arneson G A Cohen FrancesKamm Will Kymlicka Philippe van Parijs Eric Rakowski Joseph Razand Jeremy Waldron Makes an important contribution to many on going debates overabortion euthanasia the rule of law distributive justice grouprights political obligation and genetics

Redesigning Distribution Anne Alstott,Bruce Ackerman,Philippe Van Parijs,2020-05-05 Volume V in the acclaimed Real Utopias Project series edited by Erik Olin Wright Are there ways that contemporary capitalism can be rendered a dramatically more egalitarian economic system without destroying its productivity and capacity for growth This book explores two proposals unconditional basic income and stakeholder grants that attempt just that In a system of basic income as elaborated by Philippe van Parijs all citizens are given a monthly stipend sufficient to provide them with a no frills but adequate standard of living This monthly income is universal rather than means tested and it is unconditional receiving the basic income does not depend upon performing any labor services or satisfying other conditions It affirms the idea that as a matter of basic rights no one should live in poverty in an affluent society In a system of stakeholder grants as discussed by Bruce Ackerman and Anne Alstott all citizens upon reaching the age of early adulthood receive a substantial one time lump sum grant sufficiently large so that all young adults would be significant wealth holders Ackerman and Alstott propose that this grant be in the vicinity of 80 000 and be financed by an annual wealth tax of roughly 2 percent A system of stakeholder grants they argue expresses a fundamental responsibility every American has an obligation to contribute to a fair starting point for all

Future Design Tatsuyoshi Saijo,2020-07-25 This book discusses imaginary future generations and how current decision making will

influence those future generations Markets and democracies focus on the present and therefore tend to make us forget that we are living in the present with ancestors preceding and descendants succeeding us Markets are excellent devices to equate supply and demand in the short term but not for allocating resources between current and future generations since future generations do not exist yet Democracy is also not applicable for future generations since citizens vote for candidates who will serve members of their i e the current generation In order to overcome these shortcomings the authors discusses imaginary future generations and future ministries in the context of current decision making in fields such as the environment urban management forestry water management and finance The idea of imaginary future generations comes from the Native American Iroquois who had strong norms that compelled them to incorporate the interests of people seven generations ahead when making decisions
