A. Kiarina Kordela

Real Fantasy:

Sports Tim Delaney, Tim Madigan, 2009-05-16 Why do billions of people around the world love sports The popular media is increasingly dedicated to the heated rivalries of sports teams academic institutions are held in its thrall sports metaphors are commonplace in our language and most individuals participate in athletics or follow a team sport in some variation This entertaining and informative book attempts to find out why by examining sports in all its facets The authors provide an overview of the history of sports with a constant focus upon the social conditions through which sport arises and by which it continues to thrive

Theoretical Psychology A.C. Paranjpe, 2012-12-06 Digital Economy Harbhajan S. Kehal, Varinder P. Singh, 2005-01-01 Annotation Digital Economy provides information about the socioeconomic aspects of the digital economy This set of eighteen essays covers the effects of digital economy on business transactions technology and culture as well as on education It also covers various aspects of global production trade and investment and the effects of the Internet

The World of Science Fiction, 1926-1976 Lester del Rey, 2021-05-18 This book first published in 1980 is a guide to the major forces in the subculture of science fiction It analyses the history of the field and the related developments for instance the Bomb that have shaped the literature It examines the complex of activity and background tradition the body of accepted beliefs and conventions and the ethics and values of the world of science fiction

Eco-global Crimes Ragnhild Sollund, 2016-04-29 Building on knowledge within the fields of green and eco global criminology this book uses empirical and theoretical arguments to discuss the multi dimensional character of eco global crime It provides an overview of eco global crimes and discusses them from a justice perspective The persistence of animal abuse and speciesism are also examined together with policies aimed at controlling the natural world and plant species Pollution by large corporations rights of indigenous peoples and the damage caused by the mineral extraction are also considered Providing new ideas and insights which will be relevant on a global scale this book is an interesting and useful study of the exploitation of nature and other species It will be invaluable for students and scholars globally working within or connected to the field of green and eco global criminology The book will also be important for the participants of various social movements especially the environmental and animal advocacy movements

Dark Down Christian Meckler, 2019-04-21 For decades there has been a huge war between the army of darkness and the warrior of light The King of Darkness creates a warrior named Sen and destroys Light field Sen is given a lie that light is evil when Sen downs his first village he gets hit by the beam of light and from then on he realizes that light is not evil at all He feels warmth and security He decides to join the Warriors of Light and will deliver a deadly duel with the King of Darkness in the real world in the open field in Thunder Mountain Either Sen can stop the king of darkness or he will be killed by his Maker and the world will be forever trapped in darkness Until it comes to the duel Sen must overcome some challenges

Design, User Experience, and Usability: Design for Contemporary Technological Environments Marcelo M. Soares, Elizabeth Rosenzweig, Aaron Marcus, 2021-07-03 This three volume set

Human Virtuality and Digital Life Richard Frankel, Victor J. Krebs, 2021-08-12 Winner of the Gradiva Best Book Award 2022 and the Courage to Dream Book Prize 2023 from the Academy of the American Psychoanalytic Association This book is a psychoanalytic and philosophical exploration of how the digital is transforming our perception of the world and our understanding of ourselves Drawing on examples from everyday life myth and popular culture this book argues that virtual reality is only the latest instantiation of the phenomenon of the virtual which is intrinsic to human being It illuminates what is at stake in our understanding of the relationship between the virtual and the real showing how our present technologies both enhance and diminish our psychological lives The authors claim that technology is a pharmakon at the same time both a remedy and a poison and in their writing exemplify a method that overcomes the polarization that compels us to regard it either as a liberating force or a dangerous threat in human life The digital revolution challenges us to reckon with the implications of what is being called our posthuman condition leaving behind our modern conception of the world as constituted by atemporal essences and reconceiving it instead as one of processes and change The book's postscript considers the sudden plunge into the virtual effected by the 2020 global pandemic Accessible and wide reaching this book will appeal not only to psychotherapists psychoanalysts and philosophers but anyone interested in the ways virtuality and the digital are transforming our contemporary lives

Being, Time, Bios A. Kiarina Kordela, 2013-05-01 A psychoanalytic theory of biopolitics

Post-Truth? Jeffrey Dudiak, 2022-02-28 In Post Truth Facts and Faithfulness Jeffrey Dudiak explores the fissures and fractures that vex our so called post truth era searching for a deeper dare we say truer understanding of the cultural forces that have led North American society to become so polarized Eschewing the kind of easy responses that trade pluralistic solidarity for tribalistic certainty Dudiak diagnoses a deeper breakdown in social trust as the underlying issue that has everyone today scurrying for comforting ideological cover In this context Dudiak reminds the reader that truth is more and runs deeper than simple correspondence to the facts

Law and Enjoyment Daniel Hourigan, 2015-06-05 This book advocates and develops a critical account of the relationship between law and the largely neglected issue of enjoyment Taking popular culture seriously as a lived and meaningful basis for a wider understanding of law beyond the strictures of legal institutions and professional practices it takes up a range of case studies from film and literature in order to consider how law is iterated through enjoyment and how enjoyment embodies law Drawing on psychoanalytic theory this book addresses issues such as the forced choice to enjoy the law the

biopolitics of tyranny the enjoyment of law s contingency the trauma of the law s symbolic codification of pleasure and the futuristic vision of law s transgression In so doing it forges an important case for acknowledging and analyzing the complex relationship between power and pleasure in law one that will be of considerable interest to legal theorists as well as those with interests in the intersection of psychoanalytic and cultural theory **Planet Utopia** Mark Featherstone,2017-02-17 It has become clear that utopian thought has returned to the political scene Featherstone traces the history of utopia and also discusses a number of contemporary case studies This examination of the nature of utopian politics in the twenty first century will be essential reading for political scientists and sociologists **CliffsNotes on Garcia Marquez' One Hundred Years of Solitude** Carl Senna,2015-07-21 This CliffsNotes guide includes everything you ve come to expect from the trusted experts at CliffsNotes including analysis of the most widely read literary works **Think Again** Peter Hallward,2004-05-01 Slavoj Žižek is not alone in thinking that Alain Badiou s recent work is the event of contemporary philosophy Think Again the first publication of its kind goes a long way towards justifying his assessment Badiou is nothing if not polemical and the most suitable way to approach his philosophy is precisely through the controversies it creates This book which opens with an introduction aimed at readers new to Badiou s work presents a range of essays which explore Badiou s most contentious claims in the fields of ontology politics ethics and aesthetics Alain Badiou has devised perhaps the only truly inventive philosophy of the subject since Sartre Almost alone among his peers Badiou s work promises a genuine renewal of philosophy a subject he sees as conditioned by innovation in spheres ranging from radical politics to artistic experimentation to mathematical formalization Slavoj Žižek is not alone in thinking that Alain Badiou s recent work is the event of contemporary philosophy Think Again the first publication of its kind goes a long way towards justifying his assessment Badiou is nothing if not polemical and the most suitable way to approach his philosophy is precisely through the controversies it creates This book which opens with an introduction aimed at readers new to Badiou s work presents a range of essays which explore Badiou s most contentious claims in the fields of ontology politics ethics and aesthetics Spiritual Shakespeares Ewan Fernie,2005-11-16 Spiritual Shakespeares is the first book to explore the scope for reading Shakespeare spiritually in the light of contemporary theory and current world events Ewan Fernie has brought together an exciting cast of critics in order to respond to the religious turn in recent literary theory and to the spiritualized politics of terrorism and the War on Terror Exploring a genuinely new perspective within Shakespeare Studies the volume suggests that experiencing the spiritual intensities of the plays could lead us back to dramatic intensity as such It tests spirituality from a political perspective as well as subjecting politics to an unusual spiritual critique Amongst its controversial and provocative arguments is the idea that a consideration of spirituality might point the way forward for materialist criticism Reaching across and beyond literary studies to offer challenging and powerful contributions from leading scholars this book offers unique readings of some very familiar plays **The Readers' Advisory Guide to Genre Fiction** Joyce G. Saricks,2009 This revised edition provides a way of

understanding the vast universe of genre fiction in an easy to use format Expert readers advisor Joyce Saricks offers groundbreaking reconsideration of the connections among genres *The Make-Believe Space* Yael

Navaro-Yashin,2012-03-12 Looks at the Turkish territory of Northern Cyprus a self defined state which is actually imaginary because it is only recognized by Turkey This title examines the sense of haunted property and objects lost and gained in the partition along with people s relation to the fictive remapping of places and history by this new state Prospects Of Power

John Snyder,2014-10-17 Genre the articulation of kind is one of the oldest and most continuous subjects of theoretical and critical commentary Yet from Romanticism to postmodernism the concept of genre has been punched with so many holes that today it hardly seems graspable let alone viable By combining theory with dialectical literary histories of three significantly different genres tragedy satire and the essay John Snyder reconstructs genre as the figural deployment of symbolic power One purpose of this approach is to reconcile the recent dismantling of representational and classificatory genres with the incipient notion in post Althusser Marxism that genre is the crucial mediation between history and aesthetics Snyder extends certain implications of Aristotle Benjamin Bakhtin Foucault and Serres He also offers the first antisystem yet comprehensive genre theory to serve as a fully distinct alternate to Frye s formalist and Genette s structuralist schemes Finally Snyder s theory of genre as power opens a way to a fundamentally new theory of literature itself that aesthetic language deployed as power organizes itself as generic intervention Three historically dynamic configurations establish the range of all possible genres tragedy as power politically deployed as mimesis satire as power rationally deployed as rhetoric and the essay as power textually deployed as constative rhetoric Specific analyses developing this important new theory cover a broad spectrum of literature from classical to contemporary Other genres different media and a variety of subgenres and modes political and religious all acquire fresh significance from the elaborations of Snyder s three selected genres Research

Design and Methods for Studying Cultures Victor de Munck,2009-06-16 This is a practical guidebook for conducting field research on cultural issues The first third of the book describes how one constructs a research design The rest of the book describes different methods that the author used during his own NSF sponsored cross cultural research on romantic love in Russia Lithuania and the U S The methods described are freelists pile or Q sorts questionnaires consensus analysis interviews process analysis and participant observation Participant observation is intentionally left to the end to emphasize that it is the most difficult of all methods and also to show that participant observations is a more powerful tool when preceded by more structured and systematic methods of data collection The strengths and weaknesses of these methods are discussed as are the pitfalls that occur when a research design is implemented in the field The book is useful for anyone who is preparing to conduct fieldwork on socio cultural issues *Comprehensive Curriculum of Basic Skills, Grade 3*,2012-09-01 Designed by experts in education this best selling workbook features vivid and full color illustrations to guide children step by step through a variety of engaging and developmentally appropriate activities in phonics reading reading comprehension
