Recurring Silent Spring:

The Recurring Silent Spring H. Patricia Hynes, 1989 **So Glorious a Landscape** Chris J. Magoc, 2002 An anthology of period documents that illustrate important facets of Americans changing relationship with nature Minding Nature David Macauley, 1996-03-30 This volume examines the works of some of the most influential Western philosophers of ecology tracing their influence on movements including deep ecology ecological feminism bioregionalism and critical postmodern ecology Leading authorities examine critique and build on the insights of thinkers such as Hobbes Heidegger Bloch Jonas Mumford Ehrlich and Bookchin Topics discussed include the claims and merits of anthropocentric biocentric and ecocentric positions rationality and its relationship to knowledge technology and social change and what our conceptions of nature tell us about our vision of politics and society **The Environmental Imagination** Lawrence Buell, 1996-09-01 With Thoreau's Walden as a touchstone Buell offers an account of environmental perception the place of nature in the history of Western thought and the consequences for literary scholarship of attempting to imagine a more ecocentric way of being In doing so he provides a profound rethinking of our literary and cultural reflections on nature The 20th Century A-GI Frank N. Magill, 2013-05-13 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who's who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual's life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual's place in history All entries conclude with a fully annotated bibliography *Blessed Unrest* Paul Hawken, 2007-05-10 The New York Times bestselling examination of the worldwide movement for social and environmental change Paul Hawken has spent more than a decade researching organizations dedicated to restoring the environment and fostering social justice From billion dollar nonprofits to single person dot causes these groups collectively comprise the largest movement on earth a movement that has no name leader or location and that has gone largely ignored by politicians and the media Blessed Unrest explores the diversity of the movement its brilliant ideas innovative strategies and centuries of hidden history A culmination of Hawken's many years of leadership in the environmental and social justice fields it will inspire all who despair of the world's fate and its conclusions will surprise even those within the movement itself **DDT and the American Century** David Kinkela, 2011 DDT and the American Century **Rachel Carson** Linda Lear, 2009-04-01 The authoritative biography of the marine biologist and nature writer whose book Silent Spring inspired the global environmentalist movement In a career that spanned from civil service to unlikely literary celebrity Rachel Carson became one of the world's seminal leaders in conservation The 1962 publication of her book Silent Spring was a watershed event that led to the banning of DDT and launched the modern environmental movement Growing up in poverty on a tiny Allegheny River farm Carson attended the Pennsylvania College for Women on a

scholarship There she studied science and writing before taking a job with the newly emerging Fish and Wildlife Service In this definitive biography Linda Lear traces the evolution of Carson s private professional and public lives from the origins of her dedication to natural science to her invaluable service as a brilliant if reluctant reformer Drawing on unprecedented access to sources and interviews Lear masterfully explores the roots of Carson s powerful connection to the natural world crafting a fine portrait of the environmentalist as a human being Smithsonian Impressively researched and eminently readable Compelling not just for Carson devotees but for anyone concerned about the environment People A combination of meticulous scholarship and thoughtful often poignant writing Science A sweeping analytic first class biography of Rachel Carson Kirkus Reviews

A More Perfect Union Linda Sargent Wood,2012-10-18 This book uncovers a holistic sensibility in post World War II American culture that challenged Cold War logic and fed some of the century s most powerful social movements This impulse is illustrated by focusing on Rachel Carson Buckminster Fuller Martin Luther King Jr Abraham Maslow Pierre Teilhard de Chardin and the Esalen Institute

Rachel Carson Karen F. Stein,2013-02-11 Karen F Stein University of Rhode Island Kingston USA Rachel Carson is the twentieth century s most significant environmentalist Her books about the sea blend science and poetry as they invite readers to share her celebration of the ocean s wonders Silent Spring her graphic and compelling expos of the damage caused by the widespread aerial spraying of persistent organic pesticides such as DDT opened our eyes to the interconnectedness of all living beings and the ecological systems we inhabit Carson s work challenges our belief that science and technology can control the natural world asks us to recognize our place in the world around us and inspires us to treat the earth respectfully She calls us to rekindle our sense of wonder at nature s power and beauty and to tread lightly on the earth so that it will continue to sustain us and our descendants This book guides readers on a journey through Carson s life and work considers Carson s legacies and points to some of the continuing challenges to sustainability It provides a listing of resources for reading learning or teaching about the environment about nature writing and about Carson and the crucial issues she addressed

The Palgrave Handbook of Women and Science since 1660 Claire G. Jones,Alison E. Martin,Alexis Wolf,2021-12-02 This handbook provides a comprehensive overview of core areas of investigation and theory relating to the history of women and science Bringing together new research with syntheses of pivotal scholarship the volume acknowledges and integrates history theory and practice across a range of disciplines and periods While the handbook s primary focus is on women s experiences chapters also reflect more broadly on gender including issues of femininity and masculinity as related to scientific practice and representation Spanning the period from the birth of modern science in the late seventeenth century to current challenges facing women in STEM it takes a thematic and comparative approach to unpack the central issues relating to women in science across different regions and cultures Topics covered include scientific networks institutions and archives cultures of science science communication and access and diversity With its breadth of coverage this handbook will be the go to resource for

undergraduates taking courses on the history and philosophy of science and gender history while at the same time providing the foundation for more advanced scholars to undertake further historical and theoretical investigation

American Dissidents Kathlyn Gay, 2011-12-12 Anarchists civil rights advocates dissidents and political pundits have all played key roles in shaping our nation Examining modern day individuals like WikiLeaks Bradley Manning and conservative video prankster James O Keefe as well as those of prior decades like Cesar Chavez this book profiles controversial figures across history The two volume American Dissidents An Encyclopedia of Activists Subversives and Prisoners of Conscience is a work that is as interesting as it is important spotlighting men and women who are heroes to some outlaws and villains to others The 150 individuals profiled in this encyclopedia represent diverse ethnic racial and religious backgrounds as well as various movements and ideologies They are authors anarchists civil rights advocates communists entertainers environmentalists government officials labor organizers libertarians military personnel pacifists political activists from the left and right religious leaders and suffragettes all of whom have labored to change the social economic and political landscapes of the United States Each of the profiles of 2 000 words or more offers not only biographical data but also information to help readers place the individuals within the context of events that surrounded and influenced their activities Because objectivity is a key consideration of the work entries include both praise and criticism

An Environmental History of the World J. Donald Hughes, 2002-09-26 An Environmental History of the World is a concise history from Ancient to Modern times of the interaction between human societies and the other forms of life that inhabit our planet This original work follows a chronological path through the history of mankind in relationship to ecosystems around the world Each chapter concentrates on a general period in human history which has been characterised by large scale changes in the relationship of human societies to the biosphere and gives three case studies that illustrate the significant patterns occurring at that time Little environmental or historical knowledge is assumed from the reader in this introduction to environmental history

Rachel Carson Mary Ellen Snodgrass, 2021-03-16 Rachel Carson was a marine biologist credited with the founding of the ecology movement and the rise in ecofeminism One of her most popular works was Silent Spring which challenged the use of DDT an insecticide infamous for its negative environmental effects and questioned the claims of modern industry Carson also wrote essays reviews articles and speeches to educate the public about the impacts of chemical pollutants on both the environment and the human body This literary companion provides readers with Carson's key messages via an A to Z index of topics discussed in her works including carcinogens endangered species and radioactivity

Fifty Key Thinkers on the Environment Joy A. Palmer, David E. Cooper, David Cooper, 2002-09-11 Fifty Key Thinkers on the Environment is a unique guide to environmental thinking through the ages Joy A Palmer herself an important and prolific author on environmental matters has assembled a team of thirty five expert contributors to summarize and analyse the thinking of fifty diverse and stimulating figures from all over the world and from ancient times to the present day Among those included are Philosophers

such as Rousseau Spinoza and Heidegger Activists such as Chico Mendes Literary giants such as Virgil Goethe and Wordsworth Major religious and spiritual figures such as the Buddha and St Francis of Assisi Lucid scholarly and informative these fifty essays offer a fascinating overview of mankind s view and understanding of the physical world **But is it True?** Aaron B. Wildavsky,1995 Amid the chaos of questions and conflicting information Aaron Wildavsky arrives with just what the beleaguered citizen needs a clear fair and factual look at how the rival claims of environmentalists and industrialists work what they mean and where to start sorting them out *Reader's Guide to American History* Peter J. Parish,2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader s Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history **Rachel Carson** , HighwoodN P presents a profile of American biologist and author Rachel Louise Carson 1907 1964 as part of the GirlSite resource The resource also offers access to additional information *Modern American Environmentalists* George A.
