Redesigning English Sharon Goodman, David Graddol, 1996 The rapid development of communications technology is transforming the manner in which people communicate across time and space In this book the authors examine the ways in which the English language has adapted to new media **English in a postmodern world** David Graddol, 1996

Redesigning English Sharon Goodman, David Graddol, 1996 The rapid development of communications technology is transforming the manner in which people communicate across time and space In this book the authors examine the ways in which the English language has adapted to new media **An Intercultural Approach to English Language Teaching**

John Corbett, 2003-11-11 Intercultural language education has redefined the modern languages agenda in Europe and North America Now intercultural learning is also beginning to impact on English Language Teaching This accessible book introduces teachers of EFL to intercultural language education by describing its history and theoretical principles and by giving examples of classroom tasks **Speaking Out of Turn** Stephanie Sparling Williams, 2021-08-24

Speaking Out of Turn is the first monograph dedicated to the forty year oeuvre of feminist conceptual artist Lorraine O Grady Examining O Grady s use of language both written and spoken Stephanie Sparling Williams charts the artist s strategic use of direct address the dialectic posture her art takes in relationship to its viewers to trouble the field of vision and claim a voice in the late 1970s through the 1990s when her voice was seen as out of turn in the art world *Speaking Out of Turn* situates O Grady s significant contributions within the history of American conceptualism and performance art while also attending to the work s heightened visibility in the contemporary moment revealing both the marginalization of O Grady in the past and an urgent need to revisit her art in the present **Stylistic Use of Phraseological Units in Discourse** Anita Naciscione, 2010

Printbegrnsninger Der kan printes 10 sider ad gangen og max 40 sider pr session Electronic Emotion Professor Colin B Grant, Jane Vincent, Leopoldina Fortunati, 2009 Electronic emotion is the emotion lived relived or discovered through machines It is the emotion that users of information and communication technologies ICTs feel when using or not using different devices Through ICTs emotion is amplified shaped stereotyped and re-invented but at the same time sacrificed This book addresses a number of questions such as What does electronic emotion actually mean How does emotion change when mediated by information and communication technologies How are the production and the consumption of electronic and mediated emotion articulated What emotional investment do people express in ICTs The editors have brought together a distinctive group of scholars from multiple disciplines including social sciences linguistics and information sciences to discuss and provide some answers to these questions *The English Studies Book* Rob Pope, 2005-10-05 The English Studies Book is uniquely designed to support students and teachers working across the full range of language literature and culture Combining the functions of study guide critical dictionary and text anthology it has rapidly established itself as a core text on a wide variety of degree programmes nationally and internationally Revised and updated throughout features of the second

edition include a new prologue addressing changes and challenges in English Studies substantial entries on over 100 key critical and theoretical terms from absence and author to text and versification with new entries on creative writing travel writing and translation practical introductions to all the major theoretical approaches with new sections on aesthetics ethics ecology and sexuality a rich anthology of literary and related texts from Anglo Saxon to Afro Caribbean with fresh selections representing the sonnet haiku slave narratives and science fiction and with additional texts by Elizabeth Barrett Browning Charles Darwin Ian McEwan Margaret Atwood Amy Tan and others handy frameworks and checklists for close reading research essay writing and other textual activities including use of the Internet **Words and Minds** Neil

Mercer,2002-05-03 Words and Minds takes a lively and accessible look at the evolution of language and how we use language in joint activities **English** David Graddol,Dick Leith,Joan Swann,2024-11-01 The story of English is often presented as

one of progress from a set of Germanic dialects to a fully fledged national and international language The emphasis in this book is on the diversity of English throughout its history and the changing social meanings of different varieties of English

English Media Texts □ **Past and Present** Friedrich Ungerer,2000-12-04 This book is among the first to combine a historical view of media texts with a critical look at their textual diversity today The thirteen chapters cover corpora of early news papers and pamphlets present day news stories and commentaries TV talk shows and commercials as well as internet presentations The studies focus on the wide range of text types in 18th century newspapers and the interpersonal strategies of pamphlets they pursue the development of the persuasive potential of headlines and advertisements right down to the sophisticated postmodernist and multilingual examples of today Other topics are the definition and structure of news stories and commentaries the interpersonal and multi modal aspects of talkshows and more radically the questioning of the journalist s role in the age of the internet Generally the stress is on the attention getting side of media texts rather than on the manipulative qualities investigated by critical discourse analysis Multimodal Semiotics Len Unsworth,2011-10-27

This volume presents an overview of new developments and applications of social semiotic theory Pioneered by M A K Halliday social semiotic theory sees meaning as created through the interaction of texts including writing images sound and space within a given context Divided into five sections the contributors use social semiotic theory to analyse a range of contexts including the classroom the museum and cinema The case studies show the range and scope of this method of analysis and include the school curriculum literacy print media online resources film and advertising Multimodal Semiotics will be of interest to academics researching social semiotic theory systemic functional linguistics and applied linguistics

Representations of the World in Language Textbooks Karen Risager,2018-01-08 This book presents a new and comprehensive framework for the analysis of representations of culture society and the world in textbooks for foreign and second language learning The framework is transferable to other kinds of learning materials and to other subjects The framework distinguishes between five approaches national studies citizenship education studies cultural studies postcolonial

studies and transnational studies In a series of concrete analyses the book illustrates how one can describe and uncover representations of the world in textbooks for English German French Spanish Danish and Esperanto Each analysis is accompanied by suggestions of possible supplements and changes The book points to the need for language learning materials to deal seriously with knowledge about the world including its diversities and problems Language Ideologies in the Chinese Context Ying Wang,2020-06-22 This book explores language ideologies in China which encounters the unprecedented global spread of English as a lingua franca against the backdrop of globalisation where China emerges as a rapidly developing economy with vigorous promotion of Chinese around the world The book addresses Chinese speakers ideologies in relation to ELF and provides insights into non native English speakers engagement in the development of English in the future *Changing English* David Graddol,Dick Leith,Joan Swann,Martin Rhys,Julia Gillen,2020-07-24 Changing English examines the history of English from its origins in the fifth century to the present day It focuses on the radical changes that have taken place in the structure of English over a millennium and a half detailing the influences of migration colonialism and many other historical social and cultural phenomena Expert authors illustrate and analyze dialects accents and the shifting styles of individual speakers as they respond to changing circumstances The reader is introduced to many key debates relating to the English language illustrated by specific examples of data in context Including key material retained from the earlier bestselling book English History Diversity and Change this edition has been thoroughly reorganized and updated with entirely new material Changing English explains basic concepts easily located through a comprehensive index includes contributions by experts in the field such as David Crystal David Graddol Dick Leith Lynda Mugglestone and Joan Swann contains a range of source material and commissioned readings to supplement chapters Changing English makes an essential contribution to the field of English language studies **Learning English** Neil Mercer,Joan Swann,Barbara Mayor,2020-10-28 Learning English focuses on young children s acquisition of spoken and written English in monolingual and bilingual contexts and explores the debates surrounding English in schools and colleges and the often controversial nature of the English curriculum in different parts of the world English is learned in most parts of the world both through use in the home and community and as a major language of education Learning English represents just some of this diversity

Using English Janet Maybin,Neil Mercer,Ann Hewings,2020-11-25 Using English provides an invaluable introduction to the study of English for students of language and linguistics It examines the way in which the English language is used today in different contexts and in many parts of the world by both native and non native speakers Issues of language use in speech and writing in work and play and in persuading and informing are explored and illustrated with data and readings from around the English using world The reader is introduced to the adaptations and variations in English language use and to debates relating to how these are perceived and evaluated by different groups of users For this second edition key material from the earlier bestselling book Using English From Conversation to Canon has been reorganized and updated and entirely

new material has been introduced This new content is based on recent research in the field as well as on contemporary thinking about how speakers and writers use the English language to accomplish a huge range of purposes in a variety of linguistic and cultural settings Drawing on The Open University's wide experience of writing accessible and innovative texts this book explains basic concepts easily located through a comprehensive index includes contributions by experts in the field such as Mike Baynham Adrian Beard Guy Cook Sharon Goodman Almut Koester Janet Maybin and Neil Mercer contains a range of source material and commissioned readings to supplement chapters

The Idea of English in Japan Philip Seargeant, 2009-08-04 This book examines the ways in which English is conceptualised as a global language in Japan and considers how the resultant language ideologies drawn in part from universal discourses in part from context specific trends in social history inform the relationships that people in Japan have towards the language The book analyses the specific nature of the language's symbolic meaning in Japan and how this meaning is expressed and negotiated in society It also discusses how the ideologies of English that exist in Japan might have implications for the more general concept of English as a global language To this end it considers the question of what constitutes a global language and how if at all a balance can be struck between the universal and the historically contingent when it comes to formulating a theory of English within the world

Aspects of Cohesion and Coherence in Translation Krisztina Károly, 2017-08-07 This book deals with the reproduction of cohesion and coherence in translation Building on the theories and methods of Translation Studies and Discourse Analysis it answers some basic still much debated questions related to translational discourse production Such a question is whether it is possible to analyse the reproduction of coherence and if yes how Can the models devised for the study of English original not translated and independent texts unlike translations and their sources be applied for the analysis of translation How do cohesive rhetorical and generic structure behave in translation How do particular components of coherence relate to translation universals The volume proposes a complex translational discourse analysis model and presents findings that bring new insights primarily for the study of news translation translation strategies and translation universals It is recommended for translation researchers discourse analysts practicing translators as well as professionals and students involved in translator training

The Teacher's Guide to Grammar Deborah Cameron, 2007 This guide focuses directly on the aspects of grammar that teachers need to know Assuming little or no formal linguistic training this text provides the necessary background knowledge required in the classroom context with chapters on words phrases verbs and clauses
