

The background of the entire cover is a stylized American flag. The top half features a blue field with white stars, and the bottom half features red and white stripes. The Statue of Liberty is positioned in the center, holding a torch aloft. The statue is dark and stands on its pedestal, which is visible at the bottom of the frame.

Scott S. Powell

Rediscovering
AMERICA

*How the national holidays tell
an amazing story about who we are*

Introduction by
David Horowitz

Rediscovering America

Tamar Meisels

Rediscovering America:

Rediscovering America Scott S. Powell, 2022-03-08 Ever wonder why everyone wants to immigrate to America Rediscovering America answers that question and it's like no other history you have ever read More than an account of people dates and events this story is about the hidden hand of a purposeful historical development where the main actors are colorful characters participating in an American drama of little known but remarkable events where overcoming incredible odds of failure is more unbelievable and engaging than fiction And while each chapter is a stand alone tale some quite wild about what is behind each of the American holidays the page and chapter turning appeal of Rediscovering America is in the narratives that link the holiday stories together revealing an account of progress and redemption in America covering over four hundred years never before told in a concise and readable book [Rediscovering America's Sacred Ground](#) Barbara A. McGraw, 2012-02-01 Returning to the ideas of John Locke and the Founders themselves Barbara A McGraw examines the debate about the role of religion in American public life and unravels the confounded rhetoric on all sides She reveals that no group has been standing on proper ground and that all sides have misused terminology religion secular dichotomies public private and concepts separation of church and state in ways that have little relevance to the original intentions of the Founders She rediscovers a theology underlying the founding documents of the nation that is neither anyone's particular religion nor one requiring religion Instead it justifies freedom of conscience for all and provides a two tiered public forum a civic public forum and a conscientious public forum for the debate itself and the actions that debate inspires America's Sacred Ground this theology and its public forum determines the meaning of freedom and the ways in which Americans can pursue the good good government good communities good families good relations between individuals and good individuals from a plurality of perspectives By exploring our past McGraw answers the critical question Who are we as a people and what do we stand for [Rediscovering America's Hidden Wilderness](#) Pasquale De Marco, 2025-08-08 Embark on an extraordinary journey through America's hidden wilderness with Rediscovering America's Hidden Wilderness the ultimate guide to the breathtaking public lands that lie beyond our national parks Discover a world of towering mountains serene lakes ancient forests and vibrant deserts each offering a unique tapestry of natural wonders and cultural heritage From the rugged peaks of the Sierra Nevada to the tranquil shores of Lake Superior from the sun kissed canyons of the Colorado Plateau to the verdant islands of the Pacific Northwest this comprehensive guide showcases the diverse ecosystems and breathtaking vistas that define America's public lands Whether you are an experienced hiker an aspiring photographer or simply a nature enthusiast seeking solace Rediscovering America's Hidden Wilderness offers something for every outdoor enthusiast Uncover hidden trails that lead to secluded waterfalls ascend majestic mountains that offer panoramic views and immerse yourself in tranquil forests that rejuvenate the soul Beyond its aesthetic appeal Rediscovering America's Hidden Wilderness also serves as a call to action reminding us of the importance of protecting and preserving our public lands for

future generations Through responsible recreation and advocacy we can ensure that these natural treasures remain unspoiled providing a legacy of adventure inspiration and ecological balance for years to come Join Pasquale De Marco on an extraordinary journey through America s hidden wilderness where every chapter promises a new discovery every trail leads to a breathtaking vista and every encounter with nature leaves an enduring mark on your soul If you like this book write a review

Rediscovering America Scott S. Powell,2022-02-01 The only book ever written in the history genre that succinctly tells the progressive and redemptive course of America as revealed in the stories behind the American holidays Ever wonder why everyone wants to immigrate to America Rediscovering America answers that question and it s like no other history you have ever read More than an account of people dates and events this story is about the hidden hand of a purposeful historical development where the main actors are colorful characters participating in an American drama of little known but remarkable events where overcoming incredible odds of failure is more unbelievable and engaging than fiction And while each chapter is a stand alone tale some quite wild about what is behind each of the American holidays the page and chapter turning appeal of Rediscovering America is in the narratives that link the holiday stories together revealing an account of progress and redemption in America covering over four hundred years never before told in a concise and readable book

Rediscovering America Wolfgang Holtkamp,2017-02-18 American Studies unterliegen sowohl in den USA wie auch in Deutschland st ndigen Ver nderungen Gegenw rtig erfolgt eine Reorientierung der Inhalte und Methoden dieser Disziplin In Rediscovering America stellen Studierende und amerikanische Wissenschaftler gemeinsam Ergebnisse von Seminaren und Exkursionen in die USA vor und kommentieren aktuelle Entwicklungen in Amerika auf unterschiedliche Weise Dabei verbinden sie Methoden der traditionellen Analyse mit aktuellen kulturwissenschaftlichen Fragestellungen Behandelt werden die Themen American Cultural Regions The Situation of the American City Malls and Museums Theme Parks und America and Sports Die Aufs tze bieten vielf ltige Einblicke in die amerikanische Kultur und ffnen vor allem ein Bewusstsein f r Komplexit t und Querverbindungen

Cahiers Du Cinema Jim Hillier,1985-03-21 With admirable clarity Mrs Peters sums up what determines competence in spelling and the traditional and new approaches to its teaching Times Literary Supplement

Territorial Rights Tamar Meisels,2009-04-15 Liberal defences of nationalism have become prevalent since the mid 1980 s Curiously they have largely neglected the fact that nationalism is primarily about land Should liberals throw up their hands in despair when confronting conflicting claims stemming from incommensurable national narratives and holy texts Should they dismiss conflicting demands that stem solely from particular cultures religions and mythologies in favour of a supposedly neutral set of guidelines Does history matter Should ancient injustices interest us today Should we care who reached the territory first and who were its prior inhabitants Should principles of utility play a part in resolving territorial disputes Was John Locke right to argue that the utilisation of land counts in favour of its acquisition And should Western style settlement projects work in favour or against a nation s territorial demands When and

how should principles of equality and equal distribution come into play Territorial Rights examines the generic types of territorial claims customarily put forward by national groups as justification for their territorial demands within the framework of what has come to be known as liberal nationalism The final outcome is a multifarious theory on the ethics of territorial boundaries that supplies a workable set of guidelines for evaluating territorial disputes from a liberal national perspective and offers a common ground for discussion including disagreement and for the mediation of claims

Philosophical Theory and the Universal Declaration of Human Rights William Sweet, 2003 Philosophical Theory and the Universal Declaration of Human Rights examines the relations and interrelations among theoretical and practical analyses of human rights Edited by William Sweet this volume draws on the works of philosophers political theorists and those involved in the implementation of human rights The essays although diverse in method and approach collectively argue that the language of rights and corresponding legal and political instruments have an important place in contemporary social political philosophy Published in English

Taking Religious Pluralism Seriously Barbara A. McGraw, Jo Renee Formicola, 2005 The clash between the religious right and the secular left undermines any serious debate about the role of religion in American public life Such strident cultural rhetoric often ignores the positive contributions of America's many religions By contrast this volume celebrates America's religious diversity demonstrating that religious pluralism is actually one of democracy's basic building blocks Taking Religious Pluralism Seriously expands on Barbara A McGraw's framework for understanding religious participation in public life a two tiered public forum consisting of the civic public forum and the conscientious public forum The chapters explore how diverse religious communities and traditions including newer and marginalized religions can make a meaningful contribution to American society and politics

The Artisan, 1921

Church-State Issues in America Today Ann W. Duncan, Steven L. Jones, 2007-12-30 Church and state issues are in the news now more than ever before Political and religious leaders alike are negotiating shaky ground as they balance their religious moral and political perspectives with their roles as leaders New technologies push the boundaries of moral consensus by creating new controversies such as those involving stem cell research and medical measures to sustain or end the lives of the terminally ill The Supreme Court continues to work to clarify the fuzzy line between religion and politics as it addresses cases regarding abortion school prayer and the Pledge of Allegiance among other issues Further controversies only lead to further divisions among Americans Church and state issues are in the news now more than ever before Political and religious leaders alike are negotiating on shaky ground as they balance their religious moral and political perspectives with their roles as leaders New technologies push the boundaries of moral consensus by creating new controversies such as those involving stem cell research and medical measures to sustain or end the lives of the terminally ill The Supreme Court continues to work to clarify the fuzzy line between religion and politics as it addresses cases regarding abortion school prayer and the Pledge of Allegiance among other issues Further controversies only lead to further divisions among

Americans At the beginning of the 21st century there are as many interpretations of this separation as there are interpretations of particular issues such as abortion or school vouchers This three volume collection summarizes the history and current status of issues involving the separation of church and state through chapters examining the backgrounds relevant constitutional concerns and variety of perspectives on specific controversies Framed by a general discussion of the history of the separation between church and state and through careful attention to subjects such as capital punishment gay marriage and clergy support of political leaders there emerges an incredibly complex enlightening and provocative picture for anyone with an interest in the unique nature of religion in the United States of America *America Needs Human Rights* Anuradha Mittal, Peter Rosset, 1999 The time has come to stand up for what's right in America We may be in the middle of economic recovery but millions of Americans are not sharing the benefits The growing ranks of those without adequate food jobs shelter or health care challenge our fundamental notions of right and wrong *America Needs Human Rights* makes a powerful case that both the letter and spirit of universally recognized human rights are routinely violated in America by government policies that safeguard profits rather than people Topics includes understanding human rights basic needs and human rights the new American crisis poverty in America welfare reform and human rights policy options and movement building Locke's Philosophy Graham Alan John Rogers, 1996 This volume of essays by a distinguished international group of scholars looks both at core areas of John Locke's philosophy and political theory and at areas not usually discussed the links between his philosophy and his religious and political thought the effects and implications of Locke's works in the world at the time and the manifestations of those effects in the present day Drawing on material not available until recently the book is the first original collection of Locke scholarship in some years **First Pure, Then Peaceable** Margaret Aymer, 2008-03-06 In 2001 Continuum published the extensive collected papers from African Americans and the Bible an interdisciplinary conference held at Union Theological Seminary NYC In the collection's introduction Vincent L Wimbush issued a challenge to take seriously those who read darkness and to consider what it is they are doing when they read the Bible as scripture Wimbush's focus on darkness readers both within and outside of the African diaspora breaks open the discourse around the nature meaning and importance of the Bible By following the lead of darkness readers the Bible is revealed to be more than a collection of ancient documents from an inaccessible past it is the site upon which modern contemporary ideological battles have and continue to be waged In this book Margaret Aymer takes up his challenge It is an examination of the way in which Frederick Douglass the nineteenth century abolitionist used the epistle of James particularly Jas 3 17 in his abolitionist speeches to read the darkness of slavery and slaveholding Christianity Within the epistle of James is a rhetoric of the world as darkness Douglass uses this to read his contemporary darkness As part of her research Aymer has created an index of biblical references in all of Frederick Douglass abolitionist speeches as collected by J W Blassingame 1841 1860 **Rediscovering America** Brian Kahn, 2019-09-10 With *Rediscovering America* Brian Kahn takes us on an

extraordinary journey Joining a crew of Russian journalists on their search for the soul of America he learns much about his native land As with his previous book Real Common Sense Kahn reminds us of the the rich diversity honor and heart of our people and he seeks to connect us to our most profound values the values of this nation s founders Kahn s bracing travelogue full of surprises and portents offers a clear eyed look at the conflicted reality in America s 21st century but manages what might seem impossible in these dark times to offer hope for an American life more real more deeply meaningful

Department of the Interior and Related Agencies Appropriations for 2002 United States. Congress. House. Committee on Appropriations. Subcommittee on Department of the Interior and Related Agencies,2001 **Americanism, Media and the Politics of Culture in 1930s France** David A. Pettersen,2016-05-20 First book to focus on Americanism and its consideration of French film and literature The book is organized around individual figures texts and films making it easy to adopt for individual units in courses The book is written in clear accessible and jargon free language The book brings a new and innovative transatlantic perspective to 1930s French culture The books offers new perspectives on important figures that we thought we knew well The book mixes cultural history with the analysis of individual films and novels in a way that is engaging to read **Vegetarian Times** ,1989-06 To do what no other magazine does Deliver simple delicious food plus expert health and lifestyle information that s exclusively vegetarian but wrapped in a fresh stylish mainstream package that s inviting to all Because while vegetarians are a great vital passionate niche their healthy way of eating and the earth friendly values it inspires appeals to an increasingly large group of Americans VT s goal To embrace both God in the Corridors of Power Michael Ryan,Les Switzer,2009-08-25 God in the Corridors of Power Christian Conservatives the Media and Politics in America is a comprehensive study of Christian conservative power in America s political culture how it was achieved how it is maintained and where it is going It came about in part because of an enduring influence in the school room the seminary and in the pulpit and in part because conservatives are so skilled at using commercial and non commercial media including religious media to disseminate their views to broader audiences Though their power has waxed and waned they continue to be a potent force in public policy today The authors argue that the astonishing electoral successes of Christian conservatives at all levels of national state and local government was made possible by linking political social media and religious interests with an emerging consensus about what constitutes a conservative mindset in American politics Christian conservatives unquestionably have been the most significant component in a coalition of religious conservatives traditionalist conservatives and neoconservatives that has driven the Republican Party now for almost two generations This multifaceted understanding of Christian conservative activists in religion and politics traces the impact Christian conservatives have had on American Christianity as a whole while also examining the limitations imposed on the Christian conservative agenda by American civil religion the Constitution and case law The authors explore women s reproductive rights in the debate over contraception and abortion and gay civil rights in the debate over gay marriage and

family rights The debate over intelligent design and evolution is examined in the context of the campaign to transform public school education The run up to the wars in Afghanistan and Iraq is scrutinized against the background of the declared war on terrorism While the conservative religious and secular coalition within the Republican Party began to fragment even before the end of George W Bush s first term in office it remained a powerful force in the 2004 and 2008 elections The book concludes with some thoughts about the impact of Christian conservatives in politics media and religion in the future **A**

Word for Nature Robert L. Dorman, 2000-11-09 The careers and ideas of four figures of monumental importance in the history of American conservation George Perkins Marsh Henry David Thoreau John Muir and John Wesley Powell are explored in *A Word for Nature* Robert Dorman offers lively portraits of each of these early environmental advocates who witnessed firsthand the impact of economic expansion and industrial revolution on fragile landscapes from the forests of New England to the mountains of the West By examining the nineteenth century world in which the four men lived its society economy politics and culture Dorman sheds light on the roots of American environmentalism He provides an overview of the early decades of both resource conservation and wilderness preservation discussing how Marsh Thoreau Muir and Powell helped define the issues that began changing the nation s attitudes toward its environment by the early twentieth century Dorman s readings of works including Marsh s *Man and Nature* Thoreau s *The Maine Woods* Muir s *The Mountains of California* and Powell s *Report on the Lands of the Arid Region* reveal their authors influence on environmental thought and politics even up to the present day
