Rediscovering Forgotten Radicals Angela J. C. Ingram, Daphne Patai, 1993 *Rediscovering Forgotten Radicals* British Women Writers 1889 1939 *Modernist Sexualities* Hugh Stevens, Caroline Howlett, 2000 Leading critics from Britain Canada and the US examine modernism's imaginative rethinkings of sex gender and sexuality Original essays show how modernism intersects with the suffragette movement technological change and its effects on women and labor the growth of pseudo scientific writings and the burgeoning lesbian and gay movement They show how modernism upsets the fixities of gender and sexuality through its fascination with ambiguities marginality and the crossing of borders Sex reformers and sex changers unsexed storytellers typewriters femme and butch experimenters suffragettes in wide brimmed hats musical and dramatic pageants adolescent delinquents sunbathers and dancing indigenes all play a role in the heterodox and varied modernism revealed in these essays *Hope Lies in the Proles* John Newsinger, 2018-03-20 George Orwell was one of the most significant literary figures on the left in the twentieth century While titles such as 1984 *Animal Farm* and *Homage to Catalonia* are still rightly regarded as modern classics his own politics are less well understood *Hope Lies in the Proles* offers a sympathetic yet critical account of Orwell's political thinking and its continued significance today John Newsinger explores various aspects of Orwell's politics detailing Orwell's attempts to change working class consciousness considering whether his attitude towards the working class was romantic realistic or patronising or all three at different times He also asks whether Orwell's anti fascism was eclipsed by his criticism of the Soviet Union and explores his ambivalent relationship with the Labour Party Newsinger also breaks important new ground regarding Orwell's shifting views on the USA and his relationship with the progressive Left and feminism Focusing on the enduring interest in Orwell and his influence on current political causes the book is ultimately a unique nuanced attempt to demonstrate that Orwell remained a committed socialist up until his death **Working-Class Women Poets in Victorian Britain** Florence S. Boos, 2008-06-12 Though working class women in the nineteenth century included many accomplished and prolific poets their work has often been neglected by critics and readers in favour of comparable work by men Questioning the assumption that few poems by working class women had survived Florence Boos set out to discover supposedly lost works in libraries private collections and archives Her years of research resulted in this anthology *Working Class Women Poets in Victorian Britain* features poetry from a variety of women including an itinerant weaver a rural midwife a factory worker protesting industrialization and a blind Scottish poet who wrote in both the Scots dialect and English In addition to biographical information and contemporary reviews of the poets work the anthology also includes several photographs of the poets their environment and the journals in which their poems appeared **Old Wine** Phyllis Bottome, 1998 Dramatizing the international sweep of Phyllis Bottome's political ethics feminism and activism *Old Wine* is as meaningful today as it was prescient at its time of publication in 1924 *Old Wine* traces the demise of the Austro Hungarian Empire and the impact of modernity through an intricate network of political and sexual

Animal Rights Hilda Kean, 1998-08-01 In the late twentieth century animals are news Parliamentary debates protests against fox hunting and television programs like Animal Hospital all focus on the way in which we treat animals and on what that says about our own humanity As vegetarianism becomes ever more popular and animal experimentation more controversial it is time to trace the background to contemporary debates and to situate them in a broader historical context Hilda Kean looks at the cultural and social role of animals from 1800 to the present at the way in which visual images and myths captured the popular imagination and encouraged sympathy for animals and outrage at their exploitation From early campaigns against the beating of cattle and ill treatment of horses to concern for dogs in war and cats in laboratories she explores the relationship between popular images and public debate and action She also illustrates how interest in animal rights and welfare was closely aligned with campaigns for political and social reform by feminists radicals and socialists A thoughtful effective and well written book The Scotsman It could hardly be more timely and its wonderful material is bound to provoke reflection The Independent A work of great interest Sunday Telegraph Lively impressively researched and well written a book that is timely and valuable Times Literary Supplement A pleasing balance of anecdote and analysis Times Higher Educational Supplement

The Politics of Love Carla Christina Hustak, 2024-01-23 The Politics of Love explores the entanglement of emotions social movements and science in reconfiguring human and nonhuman relations As Darwin's evolutionary theory informed the development of sexual science and the sex reform movement between the 1890s and the 1920s sex reformers emerged as a group of diverse and culturally influential professionals doctors psychologists artists political activists novelists and academics who shared a profound commitment to changing the world by changing the practice of sex Sex reformers reinvented love as a scientific practice of sex that brought humans and nonhumans into the fold of early twentieth century racial gender and sexual politics Carla Christina Hustak illuminates how sex reformers insistence that love can shift human and nonhuman relations is more than just a historical narrative it is a moment in time interconnected with urgent contemporary concerns over the global implications of our emotional relationships to other humans animals the earth and atmospheric and technological forces

Fitting Sentences Jason William Haslam, Jason Haslam, 2005-01-01 Fitting Sentences is an analysis of writings by prisoners from the nineteenth and twentieth centuries in North America South Africa and Europe Jason Haslam examines the ways in which these writers reconfigure subjectivity and its relation to social power structures especially the prison structure itself while also detailing the relationship between prison and slave narratives Specifically Haslam reads texts by Henry David Thoreau Harriet Jacobs Oscar Wilde Martin Luther King Jr Constance Lytton and Breyten Breytenbach to find the commonalities and divergences in their stories While the relationship between prison and subjectivity has been mapped by Michel Foucault and defined as a strategic distribution of elements that act to exercise a power of normalization Haslam demonstrates some of the complex connections and dissonances between these elements and the resistances to them Each work shows how carceral practices can be used to attack a variety of identifications be they sexual racial economic or any of a variety of social categories By analysing the works of specific prison writers but not being limited to a single locale or narrow time span Fitting Sentences offers a significant historical and global overview of a unique genre in literature
