Rediscovery Of Irelands Past The Celtic Revival 1830 193:

The Rediscovery Of Ireland's Past Jenne Sheehy,1979 The Yeats Circle, Verbal and Visual Relations in Ireland, 1880-1939 Karen E. Brown,2011 Focusing on W B Yeats s ideal of mutual support between the arts and on the cultural production of the Yeats circle members Karen Brown explores the artistic relationships and outcome of Yeats s vision in five case studies In so doing the author makes use of primary materials and fresh archival evidence and delves into a variety of media including embroidery print illustration theatre costume design poetry and painting *A History of Archaeological Thought* Bruce G. Trigger,1989 Bruce Trigger s new book is the first ever to examine the history of archaeology from medieval times to the present in world wide perspective At once stimulating and even handed it places the development of archaeological thought and theory throughout within a broad social and intellectual framework The successive but interacting trends apparent in archaeological thought are defined and the author seeks to determine the extent to which these trends were a reflection of the personal and collective interests of archaeologists as these relate in the West at least to the fluctuating fortunes of the middle classes While subjective influences have been powerful Professor Trigger argues that the gradual accumulation of archaeological data has exercised a growing constraint on interpretation In turn this has increased the objectivity of archaeological research and enhanced its value for understanding the entire span of human history and the human condition in general **"The Yeats Circle, Verbal and Visual Relations in Ireland, 1880?939 "** KarenE. Brown,2017-07-05 Focusing on W B Yeats s ideal of mutual support between the arts Karen Brown sheds new light on how collaborations and differences between members of the Yeats family circle contributed to the metamorphosis of the Irish Cultural Revival into Irish Modernism Making use of primary materials and fresh archival evidence Brown delves into a variety of media including embroidery print illustration theatre costume design poetry and painting Tracing the artistic relationships and outcome of W B Yeats s vision through five case studies Brown explores the poet s early engagement with artistic tradition contributions to the Dun Emer and Cuala Industries collaboration between W B Yeats and Norah McGuinness analysis of Thomas MacGreevy s pictorial poetry and a study of literary influence and debt between Jack Yeats and Samuel Beckett Having undertaken extensive archival research relating to word and image studies Brown considers her findings in historical context with particular emphasis on questions of art and gender and art and national identity Interdisciplinary this volume is one of the first full length studies of the fraternit es arts surrounding W B Yeats It represents an important contribution to word and image studies and to debates surrounding Irish Cultural Revival and the formation of Irish Modernism **The Politics of Irish Memory** E. Pine,2010-11-17 Irish culture is obsessed with the past and this book asks why and how In an innovative reading of Irish culture since 1980 Emilie Pine provides a new analysis of theatre film television memoir and art and interrogates the anti nostalgia that characterizes so much of contemporary Irish culture Icons of Irishness from the Middle Ages to the Modern World M. Williams,2012-12-10 From majestic Celtic crosses to

elaborate knotwork designs visual symbols of Irish identity at its most medieval abound in contemporary culture Considering both scholarly and popular perspectives this book offers a commentary on the blending of pasts and presents that finds permanent visualization in these contemporary signs **Ulster Folklife**, 2002 **John Bull's Other Homes** Murray Fraser, 1996-01-01 State housing became an integral part of the relationship between Ireland and Great Britain from the 1880s until the early 1990s Using research from both Irish and Westminster sources this book shows that there was recurrent pressure for the state to intervene in housing in Ireland in a period when the Irish Question was the major domestic political issue The result was that the model of subsidized state housing subsequently introduced in Britain was first developed in Ireland as a product of the tensions of British rule An important corollary of innovative Irish housing policy was its influence even in a negative sense on developments in mainland Britain This book also examines the cultural impact of imperialism and in particular the way in which British ideas of garden suburb housing and town planning design came significantly to reshape the Irish urban environment Fraser not only presents hitherto unknown material but does so in a unique interdisciplinary blend of architectural planning urban and socio economic history **Charles Villiers Stanford** Paul Rodmell, 2017-07-05 The first book devoted to the composer Charles Villiers Stanford 1852 1924 since 1935 this survey provides the fullest account of his life and the most detailed appraisal of his music to date Renowned in his own lifetime for the rapid rate at which he produced new works Stanford was also an important conductor and teacher Paul Rodmell assesses these different roles and considers what Stanford's legacy to British music has been Born and brought up in Dublin Stanford studied at Cambridge and was later appointed Professor of Music there His Irish lineage remained significant to him throughout his life and this little studied aspect of his character is examined here in detail for the first time A man about whom no one who met him could feel indifferent Stanford made friends and enemies in equal numbers Rodmell charts these relationships with people and institutions such as Richter Parry and the Royal College of Music and discusses how they influenced Stanford's career Perhaps not the most popular of teachers Stanford nevertheless coached a generation of composers who were to revitalize British music amongst them Coleridge Taylor Ireland Vaughan Williams Holst Bridge and Howells While their musical styles may not be obviously indebted to Stanford's it is clear that without him British music of the first half of the twentieth century might have taken a very different course **The Diocese of Killaloe, 1850-1904** Ignatius Murphy, 1995 Continues the history of Killaloe Diocese begun in the first and second volumes The Diocese of Killaloe in the eighteenth century and The Diocese of Killaloe 1800 1850 **Revolution, Counter-Revolution and Union** Jim Smyth, 2000 The essays in this collection focus on United Irish propaganda and organisation before and during the 1798 rebellion **The Archaeology of Medieval Rural Settlement in Ireland** Kieran Denis O'Connor, 1998 A wide range of archaeological and historical source material forms the basis of this well presented study which considers topics such as the role of castles as country house and manorial centres the nature of English peasant settlement on Anglo Norman manors and

the nature of Gaelic settlement in other areas It also sets out directions for future research 20th-century Architecture, Ireland Deutsches Architekturmuseum,1997 Examines the influence of literature and politics on architectural developments
