

# Redwing Blackbird

**Les D. Beletsky, Gordon H. Orians**

## **Redwing Blackbird:**

*The Red-winged Blackbird* Arthur Augustus Allen, 1914      *Red-winged Blackbirds* Les D. Beletsky, Gordon H. Orians, 1996 Drawing on detailed data from their sixteen year study of red winged blackbirds in the marshes of Washington's Columbia National Wildlife Refuge Beletsky and Orians analyze the information redwings use to make breeding season decisions and the consequences these decisions have for lifetime reproductive success Because male and female redwings make different and often independent decisions males focus on territory acquisition and maintenance while females must choose when and where to nest and how much energy to invest in reproduction the authors have taken the novel approach of studying the sexes separately Using analyses of observational data combined with field experiments and game theoretical models the authors provide new insights into the complex patterns of reproductive decision making and breeding behavior in redwings This book will be of interest to all who study social animals including behavioral ecologists evolutionary biologists and ornithologists      *The Red-winged Blackbird* Les Beletsky, 1996 The Red winged Blackbird is not only one of North America's commonest birds but also its best studied It exemplifies the contribution that in depth species studies can make to many of the central issues in behavioral ecology In this book Les Beletsky calls on 20 years experience of redwings to provide an up to date comprehensive summary of all the major work done with these birds These studies on the redwings polygynous breeding system strong territoriality complex vocal communications and broad distribution shed light on many themes of key interest to behaviorists and ecologists interested in the evolution of mate choice and species adaptations to habitats which vary in character in different parts of their range An extra dimension is added in the consideration of redwings as pests a widespread and often serious problem in crops of rice and corn This book is written in an easy style and will serve as an introduction to both student and layperson to redwings and what they can teach us of behavioral ecology The Red winged Blackbird provides the research worker with a balanced summary and comprehensive bibliography of one of ornithology's widest and deepest studies Key Features Covers perhaps the most studied bird in North America Presents model species for studies in mating systems habitat selection vocal communication and territorial behavior Includes a comprehensive bibliography Presented in an accessible style ideal for student use      **Animal Habitats** Herbert H. Wong, Matthew F. Vessel, 1970-01-01 A migratory flock of birds grows smaller and smaller as each species reaches a suitable habitat until even the red winged blackbird finds a place to make its home      **Life Histories of North American Blackbirds, Orioles, Tanagers, and Allies** Arthur Cleveland Bent, 2025-08-01 Reprint of the original first published in 1877 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage      **The Red-winged Blackbird** Arthur A. Allen, 1885-1964 Allen, 2023-07-18 This detailed study of the red winged blackbird offers insights into the behavior ecology and habitat of this iconic bird Drawing on years of observation and research author Arthur A. Allen offers a fascinating exploration

of the red winged blackbird and the complex ecosystem of the cat tail marsh This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

Red-winged Blackbirds Les D. Beletsky, Gordon H. Orians, 1996 Drawing on detailed data from their sixteen year study of red winged blackbirds in the marshes of Washington s Columbia National Wildlife Refuge Beletsky and Orians analyze the information redwings use to make breeding season decisions and the consequences these decisions have for lifetime reproductive success Because male and female redwings make different and often independent decisions males focus on territory acquisition and maintenance while females must choose when and where to nest and how much energy to invest in reproduction the authors have taken the novel approach of studying the sexes separately Using analyses of observational data combined with field experiments and game theoretical models the authors provide new insights into the complex patterns of reproductive decision making and breeding behavior in redwings This book will be of interest to all who study social animals including behavioral ecologists evolutionary biologists and ornithologists *The Red-Winged Blackbird: A Study in the Ecology of a Cat-Tail Marsh* Arthur A. Mitchell,1966 Life Histories of North American [birds].: Blackbirds, orioles, tanagers, and allies Arthur Cleveland Bent,1919 The Red-Winged Blackbird Arthur A. 1885-1964 Allen,2013-11 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book Polygyny and Sexual Selection in Red-Winged Blackbirds William A. Searcy,Ken Yasukawa,2014-07-14 The purpose of this book is to explain why red winged blackbirds are polygynous and to describe the effects of this mating system on other aspects of the biology of the species Polygyny is a mating system in which individual males form long term mating relationships with more than one female at a time The authors show that females choose to mate polygynously because there is little cost to sharing male parental care in this species and because females gain protection against nest predation by nesting near other females Polygyny has the effect of intensifying sexual selection on males by increasing the variance in mating success among males For females polygyny means that they will often share a male s territory with other females during the breeding season and will thus be forced to adapt to frequent female female interactions This work reviews the results of many studies by other researchers as well as presenting the authors own results Studies of red winged blackbirds have ranged from long term investigations of reproductive success and demography to research on genetic parentage based on modern molecular methods to a variety of experimental manipulations of ecological circumstances and behavior Since the red winged blackbird is one of the best studied species of any taxa in terms of its behavior and ecology the authors have a

particularly extensive body of results on which to base their conclusions Originally published in 1995 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905     *Bulletin of the British Ornithologists' Club* British Ornithologists' Club,1909     **A Year with the Birds; Or, The Birds and Seasons of New England** Wilson Flagg,1881     *Department of the Interior and related agencies appropriations for 1979* United States.
