Mona Lisa Haneef Jackson, After witnessing the gruesome murder of her entire family then having to undergo years of pain and suffering while living with the foster family from hell Mona Lisa reluctantly accepted her awful fate in life as being the unluckiest human being alive She thought that she finally caught a major break after falling into the arms of Gator only to find out that he was a no good smooth talking pimp who would be sure to keep his foot deep in her ass for as long as time allowed him to It wasn't until she mustered up enough courage to break free from the mental shackles Gator placed upon her then linked up with a blood thirsty money hungry team of bandits that she finally realizes her true purpose in life Suck the world dry of all its riches and slaughter anyone who tried standing in her way That was until she met Shakeem her knight and shining armor Shakeem was just released from state Prison and he has only one thing on his mind Revenge After serving 3 years in one of Pennsylvania's most dangerous penitentiaries he realizes that the only way he'll ever obtain true success in life is if he takes his mentor Sonny Black's advice and contacts his Son Redz who just happens to be the biggest dope boy down in Memphis Everything seems to be finally looking up for Shakeem that is until he meets Mona Lisa If there was a such thing as soulmates Shakeem was convinced that Mona Lisa was most definitely made exclusively for him It's as if destiny grew a pair of hands and somehow pulled these two strangers together Come embark upon this twisted roller coaster filled with love lies betrayal trauma heartache death and survival Mona Lisa is an action packed fast paced urban thriller with tons of twists and turns that'll keep you guessing and holding onto your breath until the very last page

The Grampian Quartet Nan Shepherd, 2009-05-01 The Quarry Wood although published well before Sunset Song inhabits a similar world the progress of its heroine could almost be the alternative story of a Chris Guthrie who did go to university Compassionate and humorous the grace and style of Shepherd's prose is heightened by a superb ear for the vigorous language of the north east The Weatherhouse Shepherd's masterpiece is an even more substantial achievement which belongs to the great line of Scottish fiction dealing with the complex interactions of small communities and especially the community of women a touching and hilarious network of mothers daughters spinsters and widows It is also a striking meditation on the nature of truth the power of human longing and the mystery of being The third and final novel A Pass in the Grampians describes Jenny Kilgour's coming of age as she has to choose between the kindly harshness of her grandfather's life on a remote hill farm and the vulgar and glorious energy of Bella Cassie a local girl who left the community to pursue success as a singer and has now returned to scandalise them all The Living Mountain is a lyrical testament in praise of the Cairngorms It is a work deeply rooted in Shepherd's knowledge of the natural world and a poetic and philosophical meditation on our longing for high and holy places This is the first omnibus edition of Shepherd's prose works her sensitivity and powers of observation raise her

work far above the status of regional literature and into the front rank of Scottish writing **As Peking Sees Us: "People's War" in the United States & Communist China's America Policy** H. C. Ling, Yuan-li Wu, 1969 *School Library Journal*, 2003 The Quarry Wood Nan Shepherd, 2009-08-01 When Martha accepts a place at university her decision is met with a mixture of hostility and pride by her uncomprehending family This is the story of a young woman's journey to maturity and independence struggling to cope with the intellectual and emotional challenges that surround her at a time when such space was rarely given freely to women In *The Quarry Wood* Nan Shepherd's subtle prose is matched with intense and memorable descriptions of the natural world and a dry sense of humour Ninety years after the first publication it remains as fresh and original today **The Middle Ages in Computer Games** Robert Houghton, 2024-11-05 Offers the most comprehensive analysis and discussion of medievalist computer games to date Games with a medieval setting are commercially lucrative and reach a truly massive audience Moreover they can engage their players in a manner that is not only different but in certain aspects more profound than traditional literary or cinematic forms of medievalism However although it is important to understand the versions of the Middle Ages presented by these games how players engage with these medievalist worlds and why particular representational trends emerge in this most modern medium there has hitherto been little scholarship devoted to them This book explores the distinct nature of medievalism in digital games across a range of themes from the portrayal of grotesque yet romantic conflict to conflicting depictions of the Church and religion It likewise considers the distinctions between medievalist games and those of other periods underlining their emphasis on fantasy roleplay and hardcore elements and their consequences for depictions of morality race gender and sexuality Ultimately the book argues that while medievalist games are thoroughly influenced by medievalist and ludic tropes they are nonetheless representative of a distinct new form of medievalism It engages with the vast literature surrounding historical game studies game design and medievalism and considers hundreds of games from across genres from *Assassin's Creed* and *Baldur's Gate* to *Crusader Kings* and *The Witcher* series In doing so it provides a vital illustration of the state of the field and a cornerstone for future research and teaching *The Grand Biocentric Design* Robert Lanza, Matej Pavsic, Bob Berman, 2020-11-17 What if life isn't just a part of the universe what if it determines the very structure of the universe itself The theory that blew your mind in *Biocentrism* and *Beyond Biocentrism* is back with brand new research revealing the startling truth about our existence What is consciousness Why are we here Where did it all come from the laws of nature the stars the universe Humans have been asking these questions forever but science hasn't succeeded in providing many answers until now In *The Grand Biocentric Design* Robert Lanza one of *Time Magazine's* 100 Most Influential People is joined by theoretical physicist Matej Pavsic and astronomer Bob Berman to shed light on the big picture that has long eluded philosophers and scientists alike This engaging mind stretching exposition of how the history of physics has led us to *Biocentrism* the idea that life creates reality takes readers on a step by step adventure into the great science breakthroughs of the past centuries from Newton to the weirdness

of quantum theory culminating in recent revelations that will challenge everything you think you know about our role in the universe This book offers the most complete explanation of the science behind Biocentrism to date delving into the origins of the memorable principles introduced in previous books in this series as well as introducing new principles that complete the theory The authors dive deep into topics including consciousness time and the evidence that our observations or even knowledge in our minds can affect how physical objects behave The Grand Biocentric Design is a one of a kind groundbreaking explanation of how the universe works and an exploration of the science behind the astounding fact that time space and reality itself all ultimately depend upon us
