Reeling In Russia:

Reeling In Russia Fen Montaigne, 2024-09-04 In the summer of 1996 award winning journalist Fen Montaigne embarked on a hundred day seven thousand mile journey across Russia Traveling with his fly rod he began his trek in northwestern Russia on the Solovetsky Islands a remote archipelago that was the birthplace of Stalin's gulag He ended half a world away as he fished for steelhead trout on the Kamchatka Peninsula on the shores of the Pacific His tales of visiting these far flung rivers are memorable and at heart Reeling in Russia is far more than a story of an angling journey It is a humorous and moving account of his adventures in the madhouse that is Russia today and a striking portrait that highlights the humanity and tribulations of its people In the end the reader is left with the memory of haunted northern landscapes of vivid sunsets over distant rivers of the crumbling remains of pre Revolutionary estates and a cast of dogged Russians struggling to build a life amid the rubble of the Communist regime

Russia's Iron General Jamie H. Cockfield, 2019-10-09 This study provides a comprehensive biography of Russian general Aleksei A Brusilov 1853 1926 commonly considered Russia's greatest general in World War I Following in the footsteps of his military family he entered the cavalry and quickly rose through ranks to the status of general by 1906 Brusilov's great fame largely rests on his successful offensive in the summer of 1916 when he inflicted a stinging defeat on Austro German forces As commander of the Southwest Front he initiated his broad front tactics and attacked on a 250 mile front inflicting a million and a half casualties His successes crippled Austria permanently making it totally dependent on Germany for the remainder of the war thus insuring no German victory in the east When the Revolution began in March 1917 Brusilov readily gave his allegiance to the republican Provisional Government and cooperated with the socialist Petrograd Soviet and their commissars and soldiers committees The government eventually made him commander in chief of all Russian forces He died a hero to the Russian people and remains so to this day In Russia's Iron General Jamie H Cockfield extensively examines all facets of Brusilov's life that led to his renowned reputation that

The year was the year 92 the year of leanness the scene a spot between Sukhum and Otchenchiri on the river Kodor a spot so near to the sea that amid the joyous babble of a sparkling rivulet the ocean's deep voiced thunder was plainly distinguishable Also the season being autumn leaves of wild laurel were glistening and gyrating on the white foam of the Kodor like a quantity of mercurial salmon fry And as I sat on some rocks overlooking the river there occurred to me the thought that as likely as not the cause of the gulls and cormorants fretful cries where the surf lay moaning behind a belt of trees to the right was that like myself they kept mistaking the leaves for fish and as often finding themselves disappointed Over my head hung chestnut trees decked with gold at my feet lay a mass of chestnut leaves which resembled the amputated palms of human hands on the opposite bank where there waved tanglewise the stripped branches of a hornbeam an orange tinted woodpecker was darting to and fro as though caught in the mesh of foliage and in company with a troupe of nimble titmice and blue tree creepers visitors from the far distant North tapping the bark of the stem with a black

beak and hunting for insects To the left the tops of the mountains hung fringed with dense fleecy clouds of the kind which presages rain and these clouds were sending their shadows gliding over slopes green and overgrown with boxwood and that peculiar species of hollow beech stump which once came near to effecting the downfall of Pompey's host through depriving his iron built legions of the use of their legs as they revelled in the intoxicating sweetness of the mead or honey which wild bees make from the blossoms of the laurel and the azalea and travellers still gather from those hollow stems to knead into lavashi or thin cakes of millet flour

Russia, BRICS, and the Disruption of Global Order Rachel S. Salzman, 2019-04-01 Russia's leadership in establishing the BRICS group Brazil Russia India China and South Africa is emblematic of its desire to end US hegemony and rewrite the rules of the international system Rachel S Salzman tells the story of why Russia broke with the West how BRICS came together why the group is emblematic of Russia's challenge to the existing global order and how BRICS has changed since its debut The BRICS group of non Western states with emerging economies is held together by a shared commitment to revising global economic governance and strict noninterference in the internal affairs of other countries BRICS is not exclusively a Russian story but understanding the role of BRICS in Russian

foreign policy is critical to understanding the group's mission. In a time of alienation from the Euro Atlantic world BRICS provides Russia with much needed political support and legitimacy. While the longterm cohesion of the group is uncertain BRICS stands as one of Vladimir Putin's signature international accomplishments. This book is essential reading for scholars and policymakers interested in Russian foreign policy, the BRICS group and global governance. *Commentaries on the Productive Forces of Russia* Ludwik Tęgoborski, 1855 *Picturesque Russia and Greece* Leo de Colange, 1886 **The Russia-Ukraine Conflict and Development in Africa** David Mhlana, Emmanuel Ndhlovu, 2024-09-02. This edited volume provides a comprehensive analysis of the intricate dynamics of the Russia-Ukraine conflict, particularly within the context of sustainable development in Africa. The book explores the multifaceted consequences of the war, drawing attention to its socioeconomic, environmental, and political implications. It also emphasizes the significance of sustainable development on a global scale, positioning itself at the intersection of conflict studies and sustainable development literature. Chapters discuss the international response to the conflict, including sanctions on Russia and disruptions in global supply chains, which has had significant implications for countries in Africa that rely on Russia and Ukraine for essential commodities. The history and root causes of the conflict are analyzed, highlighting the contrasting narratives: the pro-Russian perspective and the pro-Western viewpoint. Underscoring the impact of the Russia-Ukraine conflict on global peace, sustainable development, and the achievement of Sustainable Development Goals (SDGs) by the 2030 deadline, this volume will be of interest to researchers and students focusing on development, food systems, peace and conflict, security studies, international relations, and the SDGs.
