and necessary in Etruscan studies The book is profusely illustrated with over 300 photos and maps Notes and bibliographic references lead to standard texts on the Etruscans and to the more specialized literature in the field The result is a reliable and lively volume which brings readers into the mainstream of the latest Etruscan scholarship     **Etruscan Tomb-groups** Richard Daniel De Puma,1986     **The President's Report to the Board of Regents for the Academic Year ...
