Reflective Faith Essays In Philosophical Theology:

Reflective Faith Austin Farrer, 2012-06-13 In the foreword to this collection of essays the noted British philosopher of religion John Hick aptly describes the style and tone to be found in *Reflective Faith* Farrer asks the right questions and thereby puts philosophical theology on the right road This collection constitutes an introduction to Farrer's thought such as many have wished for and it will be important also for those who are concerned to study Farrer's work as a whole And that work Hick adds is so far removed from the realm of unanalyzed slogans vague metaphors and all form of sloppiness and imprecision that to read someone of Farrer's stature is to lose any taste for the lower levels of theological writing *Reflective Faith* spans Farrer's long career at Oxford and includes essays taken from lectures papers and broadcast talks presented during those years Originally written for select and usually small audiences they display a warmth and spontaneity that enables readers to draw close to Farrer and in so doing to appreciate his breadth of scholarship and wit Here is traced the evolution of Farrer's thought from its early origins in scholastic theology to his eventual movement towards the philosophy of action Also included are study notes provided by the editor and a bibliography of Farrer's published works *Reflective Faith* Austin Marsden Farrer, 1972 ***Reflective Faith*** Austin Marsden Farrer, 1972 *Reflective Faith; Essays in Philosophical Theology. Edited by Charles C. Conti* Austin Farrer, 1974 *A Light in a Burning-Glass* Robert Boak Slocum, 2019-09-27 *A Light in a Burning Glass* introduces readers to the distinctive synthesis of theological reflection and everyday faith that characterizes the life and theology of Austin Farrer 1904-1968 a man widely considered to be the most important Anglican theologian of the twentieth century Often quoted for isolated insights but rarely appreciated for his depth and coherency Farrer is a theologian who according to Robert Boak Slocum is fascinating to consider but difficult to master In this survey and explanation of the Anglican leader's prodigious output and complexity of thought Slocum sorts through Farrer's many writings to articulate his theological vision Slocum delves into Farrer's treatises essays lectures correspondence and reviews in an exploration of his three primary areas of theological concern pastoral biblical and philosophical Noting that few theologians have published so many significant works in such varied areas of theological study Slocum maps the connectedness of thought that unites Farrer's works Slocum moves from a basic study of Farrer's background and methodology to a consideration of his major themes Christian hope the problem of evil the role of image and imagination in Christian faith the use of literary methods in the interpretation of theology and the interplay of divine action and human freedom in the Christian life ***Philosophical Theology and Christian Doctrine*** Brian Hebblethwaite, 2008-04-15 *Philosophical Theology and Christian Doctrine* surveys and comments on recent work by philosophers of religion in the analytic tradition on the doctrines of the Christian creed Topics covered include creation Incarnation Trinity salvation and eschatology and the ultimate future of creation Comprehensive survey of core Christian doctrines ***A Philosophical Theology of the Old Testament*** Jaco Gericke, 2020-01-08 Are we able to identify and

compare the philosophical perspectives and questions that must be postulated as having been somehow present in the language ideas and worldviews of the Biblical authors This book sets out an approach to something that has been generally considered impossible a philosophical theology of the Old Testament It demonstrates and addresses the neglect of a descriptive and comparative philosophical clarification of concepts in Old Testament theology and in so doing treads new ground in Biblical studies and philosophical theology Recognizing the obvious problems with and objections to any form of interdisciplinary research combining philosophical and Biblical theology this study presents itself as introductory and experimental in nature The methodology opted for is limited to a philosophical clarification of concepts already found in Old Testament theology while the findings are presented via the popular thematic approach found in analytic philosophical theologies with no attempted justification or critique of the textual contents under investigation These approaches are combined by primarily looking at the nature of Yahweh in the Old Testament This book offers a new vision of Biblical and philosophical theology that brings them closer together in order that we might understand both more broadly and deeply As such it will be vital reading for scholars of Theology Biblical Studies and Philosophy *Theology and Philosophy* Ingolf U. A Theology for the Earth Anne Marie Dalton, 1999 While many feel that something must be done few perceive the state of the ecological crisis as a profound religious problem While Thomas Berry sought to fire the imagination and motivate his listener to action Bernard Lonergan was absorbed by the growing gulf between traditional Christian theology and its relevance to modern problems This book brings together the work of these dynamic thinkers and examines their mutual contribution to theology for our time and for our planet Published in English

A Grammar of Christian Faith Joe R. Jones, 2002-06-03 A Grammar of Christian Faith is a two volume set that aims to confront the widespread disarray in the

language and practices of Christian faith today As a grammar it explains how Christian faith provides special ways of speaking and acting that make sense of human life by giving it meaning practicality and hope It advances the thesis that learning how to speak Christian language in worship and life is crucial to learning how to be a Christian Rather than supposing that Christian language and theology need continual updating in order to be relevant to the world Jones urges the church to recover anew how Christian concepts and understanding are intended to form Christian life in all its rich depths Construing theology as confessional theology in the context of the church Jones understands the church as that liberative and redemptive community called into being by the Gospel of Jesus Christ to witness in word and deed the triune God for the benefit of the world The full range of doctrinal themes that are deemed essential to the witness of the church are explored including clear explanations of why they are essential and how they are to be understood In pursuit of a truthful and beneficial witness of the church the work centers on a trinitarian understanding of God in which God freely and lovingly interacts with the world as Creator Reconciler and Redeemer The work throughout affirms the belief that the gracious triune God is the Ultimate Companion who will redeem all creation

God and Other Spirits Phillip H. Wiebe, 2004-04-15 Many people believe in angels and evil spirits and popular culture abounds in talk about encounters with such entities Yet the question of the existence of such spirits is ignored in the academy Even the Christian Church which one might expect to show keen interest in transcendent realities does not appear to be paying much attention In this book Phillip Wiebe defends the plausibility of the traditional Christian claim that spirits are real Wiebe examines descriptions of encounters with both good and evil transcendent beings in biblical times and in later Christian history along with recent accounts of similar experiences He argues that invisible beings can be postulated to explain events just as unobservable objects are postulated in many scientific theories Beyond supporting claims for the existence of lesser spirits such as demons and angels this empirical approach yields important results for assessing common arguments surrounding the existence of God a question that has become artificially separated from the question of spirits as such Grounding his argument in a wide range of phenomena from near death experiences to demonic possession Wiebe offers a sophisticated case for belief in God on philosophical and epistemological grounds

Art, Desire, and God Kevin G. Grove, Christopher C. Rios, Taylor J. Nutter, 2023-08-24 Bringing together thinkers from philosophy of religion religious studies music art and film while drawing on a wealth of phenomenological resources and methods a team of renowned scholars provide new vantages on the question of how art is an expression of the human desire for God In three interrelated parts chapters employ phenomenological tools to propose new ways for speaking of the desire for God Scholars first draw upon music sculpture film and painting to develop ways of expressing diverse philosophical and religious aspects characteristic of aesthetic experience The discussion then opens up to examine the mystical and wounded aspects of

embodied interface with God The final part investigates embodied aesthetic praxis in philosophy of religion and religious studies With several contributions engaging with the embodied aesthetic experience of underrepresented voices Art Desire and God offers constructive phenomenological bridges across divides of disciplines aesthetic experiences and embodied actions

Two Great Truths David Ray Griffin,2004-01-01 Furthering his contribution to the science and religion debate David Ray Griffin draws upon the cosmology of Alfred North Whitehead and proposes a radical synthesis between two worldviews sometimes thought wholly incompatible He argues that the traditions designated by the names scientific naturalism and Christian faith both embody a great truth a truth of universal validity and importance but that both of these truths have been distorted fueling the conflict between the visions of the scientific and Christian communities Griffin contends however that there is no inherent conflict between science or even the kind of naturalism that it properly presupposes and the Christian faith understood in terms of the primary doctrines of the Christian good news *Austin Farrer for Today* Richard Harries,Stephen Platten,2020-09-30 Austin Farrer is often called the one genius the Church of England produced in the 20th Century His innovative ideas crossed a host of theological disciplines Assessing his continuing importance and introducing him to a new generation of readers Austin Farrer for Today brings together a stellar collection of writers to reflect on Farrer's contribution to biblical theology philosophy language doctrine prayer and preaching Chapters include Rowan Williams on Farrer as a doctrinal theologian Morwenna Ludlow on Farrer's language and symbolism Jane Shaw on Farrer as preacher John Barton on typology in Farrer

Trinitarian Personhood Bill Ury,2002-02-01 The concept of the person is a crucial yet elusive component in the development of Western thought Few concepts are as replete with definitional difficulty Equally important is the application of a proper definition to all major Christian doctrinal commonplaces This work recognizing the insufficiency of modern theology to offer a cogent concept of person proposes a thorough historical and theological evaluation of Trinitarian personhood presented in three critical paradigm shifts by which one can measure the development of the idea of true personhood presented The three watershed eras of discernment of divine personhood presented are seen here as first the Cappadocian position of the mutual indwelling perichoresis of the divine persons is contrasted with Augustine's view of the place of relations in defining divine persons Second the ideas of Richard of St Victor whose *caritas consummata* and its relational implications met the nemesis of the Thomistic category of subsistent relations And last as an example of this important discussion in modernity the German Heribert Mühlen's dynamic phenomenological approach to Trinitarian personhood is offered as a means of countering the implicit modalisms of Barth and Rahner If the personhood of God is in essence Being in Another then Christianity must apply that ontology to all sectors of reality to be fully Christian
