Reform Of The Ministry A Study In The Work Of Roland Allen:

Reform of the Ministry Roland Allen, 2003-06-26 No one was more radically critical of the ministry and the inherited Church policy that surrounds it than Roland Allen 1868 1949 whose prophetic writings constantly challenge the whole mission of the Christian Church and many of his most important essays are collected here along with contributions about him After studying at Oxford his clerical training was in Leeds He went as a missionary to China for the Society for the Propagation of the Gospel SPG where he stayed for twenty years His experience convinced him that missionary methods needed changing and that St Paul had more to offer than contemporary practice and in particular that ministry should be centred in the laity These ideas unpopular at the time have grown in importance and Roland Allen's influence is now greater than at any time In this volume Paton with the co operation of Grubb and King has written on the central concerns of Allen's life and how his witness gave rise to many fruitful enterprises in different parts of the world Many new writings of Allen's are included in the volume and Grubb tells the story of the Survey Application Trust which for over half a century played a formative and pioneering part in the mission of the church This title adds a lot of new information and throws fresh light on the modern history of many Christian enterprises and extends current debate over the role of the laity [Roland Allen's the Ministry of Expansion](#) Roland Allen, 2017-09-01 The Priesthood of the Laity Roland Allen was one of the most influential mission thinkers of the twentieth century As a High Church Anglican he had great respect and value for Church tradition but was quick to confront cultural preferences when they appeared to contradict biblical prescriptions The Ministry of Expansion The Priesthood of the Laity reflects his thoughts that dealt with Communion related activities in the Majority World where the Anglican Church did not have well developed church structures and priests In this work Allen argues that there are times and circumstances when non clergy must take the lead in the administration of Holy Communion Written around 1938 The Ministry of Expansion The Priesthood of the Laity has remained unpublished until now The work you hold represents one of the last book length manuscripts written by Allen and includes a collection of articles by contemporary Allen scholars Though nearly eighty years since he first put pen to paper Allen's principles and convictions still speak to the Church with great gravitas What should be the response when the Church's cultural preferences are unable to keep up with the work of the Spirit on the mission field This was a not only a question in Allen's day but one for every generation of believers *Roland Allen* Steven Richard Rutt, 2018-04-25 Roland Allen 1868 1947 is remembered as one of the foremost missionaries of the last century Throughout his life Allen travelled the world following his vocation and building his missionary methods centred on a theology of indigenisation From his early days as a Chaplain in China during which Allen was forced to flee to the British Legation in Beijing through to his continued mission to India Canada and South Africa he developed as man missionary and theologian The first of two volumes Roland Allen A Missionary Life is an intellectual biography which explores the people and ideas that influenced Allen while tracing the ways in which his missionary ecclesiology evolved during his life Through

extensive examination of unpublished archival papers including lesser known letters and sermons Steven Richard Rutt has uncovered the growth of a forthright morally indefatigable churchman who was also a loving family man with close and long running friendships Rutt unpacks Allen's Church centred missionary ecclesiology and missiology of indigenisation which were based on Allen's knowledge gained from experience Roland Allen *A Missionary Life* and Roland Allen *A Theology of Mission* explore the thought of a Christian whose writings provided farsighted clarity on global Christian missionary work that is still relevant today

Roland Allen II Steven Richard Rutt, 2018-04-25 In *Roland Allen A Theology of Mission* a companion work with *Roland Allen A Missionary Life* Steven Richard Rutt completes a portrait of Roland Allen 1868 1947 in this intellectual biography Extensive archival evidence discloses how apostolic principles formed the basis for Allen's missionary theology Although it is well known that Allen's hermeneutical ideas were born of Pauline principles Steven Richard Rutt expounds the ways in which Allen's missionary experiences had profoundly impacted Allen's theological beliefs Allen wrote about his findings in letters sermons articles and books some of which were never published Allen's writings tenaciously challenged the methodology of colonial missionary societies and exposed the causes hindering Church expansion failures occurred in missions due to the imposition of Western missionary paternalism and institutional devolution Allen advocated the empowerment of indigenous churches to apply the principles of self government and self support He asserted the importance of the Pauline concept of Spirit and order which encompasses both the doctrine of the Holy Spirit as well as that of the Church Allen's diagnosis of the missionary situation and the proposed ways to restore apostolic order presented contemporary controversy but since his death we have seen the importance of Allen's ideas in Mission studies grow steadily With an expert evaluation of Allen's theological insight *Roland Allen A Theology of Mission* also offers a superb contribution to the discipline of historical theology and historical missiology as Rutt delves into a contextual assay into the missionary landscape of the nineteenth and the twentieth centuries

In the Shadow of the Mahatma Susan Billington Harper, 2019-06-04 This is a biography of Vedanayagam Samuel Azariah 1874 1945 bishop of the Anglican Church in India from 1912 until his death in 1945 His life sheds new light on the challenges and opportunities faced by religious minorities throughout the world today As a Christian leader in a non Christian culture he negotiated complex cultural social political and economic pressure with exceptional skill and diplomacy As the first Indian bishop of an Anglican diocese and as modern India's most successful leader of depressed class and non Brahmin conversion movements to Christianity Azariah was equally at home with the untouchables of rural India and the unreachables of the British Empire From this platform Azariah inevitably came into contact and ironically also into conflict with the dominating presence of Mahatma Gandhi Susan Billington Harper here reconstructs major events and issues of Azariah's public life including a previously unstudied controversy with Gandhi over the issue of conversion and religious freedom in the 1930s Based on hitherto untapped primary sources including diocesan records and vernacular oral histories expressed in both stories and songs this fascinating volume

not only provides the first critical study of Bishop Azariah's life but also offers important at times challenging insights for those interested in modern India and the place of Christianity within it *The Ministry of the Spirit* Roland Allen, 2006-08-24 Roland Allen is internationally renowned for his controversial solutions to dilemmas within churches and missions His works were first written in the first decade of the twentieth century yet their ideas are so radical that they are still relevant today Indeed Allen predicted that his principles would not be broadly accepted until around fifty years after their creation This selection of works by this mission pioneer and creative thinker takes extracts from Allen's other writings which although having potential to be just as influential as those better known have long been out of print It is now the present day reader's chance to investigate the theories within texts such as *Pentecost and the World* *Non Professional Missionaries* *Mission Activities Considered in Relation to the Manifestation of the Spirit* *St Paul and the Judaizers* *A Dialogue* *An Illustration from V S Azariah* *The Case for Voluntary Clergy* and *To the Parishioners of Chalfont St Peter* Throughout all of these writings is Allen's central belief that the Holy Spirit is in the Church everywhere This selection of texts makes an ideal accompaniment to Allen's significant works on missionary methods and principles including *Missionary Methods* *St Paul's or Ours* *Missionary Principles* *The Spontaneous Expansion of the Church* all of which have been reprinted by The Lutterworth Press

Missionary Methods Roland Allen, 2006-08-24 Within a decade St Paul established the Church in the four provinces of Galatia Macedonia Achaia and Asia This informative study focuses on the social background to the Apostle's missionary journeys with comparisons between his methods and those of the modern day The book divides into five parts the first examines the social and religious world which the Apostle inhabited in AD 50 the second addresses how St Paul presented the Christian Gospel and his financial policy of self support for the new churches Here contrasts are made between St Paul's financial and missionary principles which differ alarmingly from those of the nineteenth and twentieth centuries The rapidity of the Apostle's appointment of responsible church leaders is sharply contrasted with the slowness of the present in the third part Part four deals with St Paul's procedures for authority in churches where those of the present day fail to address the conscience of the local church Conclusions are provided in part five and the clarity and vigour of Allen's style ensures the reader's interest is maintained to the end Many missionaries in later days have received a larger number of converts than St Paul but none have so established churches We have long forgotten that such things could be Extract from Chapter One

Multi-Congregational Ministry Malcolm Grundy, 2015-06-30 Local church life is changing radically and patterns of clergy training and deployment with it Multi congregational groupings are increasingly the norm with fewer stipendiary clergy and greater reliance on self supporting and lay ministry Meanwhile some aspects of priestly ministry are being carried out by specialist practitioners such as missionaries working across a number of parishes All of this raises questions about how we understand prepare for and practice ministry and leadership in the church today As ministry increasingly becomes the responsibility of the local congregation and priesthood more about supervision this key book explores the theology of such a model and how it is beginning to work in practice drawing insights gained from rural ministry which has pioneered advances in multi congregation ministry settings

The Spontaneous Expansion of the Church Roland Allen, 2006-08-24 If it were once believed that the freedom of churches should be restricted to bring greater control to missions Roland Allen sets out to overturn this conception Warning against the danger of imposing greater limits on churches the Author advocates that all members of the church natives and foreigners alike must take an active role in its establishment and daily life The study divides itself into nine chapters the first introducing Allen's standpoint the second as an opening into the nature and character of Spontaneous Expression The third chapter deals with modern attempts by natives towards the liberty of their churches The fear of the doctrine becoming weakened by natives taking it into their own hands is addressed by chapter four and this fear is widened into the realm of the Christian standard of morals in chapter five Civilisation and enlightenment form the central themes of the sixth chapter Chapters seven and eight tackle the distinction between the Church and missionary societies It is in the final chapter that the future of Spontaneous Expansion is investigated and Allen puts forward his ideas

which as he rightly predicted were broadly accepted fifty years and longer still after their original publication Missionary Principles Roland Allen, 2006-08-24 First published in 1913 Missionary Principles is a classic textbook by genre but in its controversial evaluation of the Church's missionary theories it is by no means wholly traditional At the centre of this discursive study Allen asserts the distinction which needs to be made in missionary aims between the extension of the Church and the preaching of Jesus Christ The book is divided into four major chapters entitled The Impulse The Hope The Means and The Reaction The impulse hope and means of missionary work can all be embodied by Jesus Christ who is viewed as the source the end and the worker It is always with this objective in mind that Allen guides the reader through Christ's wishes as to how the Word should be spread In the final chapter Allen examines the results of believing in the Holy Spirit's inspiration and the effects this has on the missionary's understanding of moral purpose and motive of missions both at home and overseas It is not the same thing to seek the manifestation of Christ in the growth of the Church and the effect of that upon all missionary work is most profound Extract from Chapter Two **Priest of the Church or Priest of a Church?** Noel Cox, 2021-03-25 The development of new forms of ministry lay and ordained has included worker priests now found in the Anglican Communion in a related form variously called Self Supporting Ministry SSM or Non Stipendiary Ministry NSM This book focuses on one of the most recent developments the creation of Ordained Local Ministry After chapters that consider preliminary questions of the nature of ministry such as authority in the church and Holy Orders Noel Cox argues that the crucial distinction between these and other forms of ministry is that the Ordained Local Minister OLM is overtly ordained specifically for a given locality variously defined they are a deacon or priest for a specific church parish benefice or deanery rather than of the universal church Their introduction inevitably raises difficult ecclesiological questions which Cox examines
